PATRIOTS FIGHT.
Q

4. Drop 470 is the same as the 1st drop in the /patriotsfight/ read-only bread starting with drop 440 with all the placeholders. Will we see OIG report drop soon?

5. Late addition to thread. Found this post re: 4 May 2018 drop (#1314), which is same as 9 Nov 2018 (#2465) & 27 Jun 2019 (#3351). ADM Rogers' retirement speech:

A Quiet Hero – NSA Director Admiral Mike Rogers Retires

NSA Director Admiral Mike Rogers formally retired on May 4, 2018. A quiet hero, most will never understand what Rogers did for our country. From the NSA Press Release: On May 4, 2018, General Paul M....

A list of the previous stages that got us here. Or a list of things that needed to happen previous to the stage being considered "set".

ele = election of a CIC who can implement the plan (DJT)

sec = establishing security around this CIC (private security to prevent JFK pt2)

dir = establishing direct control over intelligence (can't rely on c_a, etc.)

cap = establish capacity of intel ops needed for WW cleanup

The "cap" was the final piece to drop into place for me.

I just watched Mike Rogers farewell speech, and aside from him saying how much he loves movies (interdasting), what struck me is how he described the new mission that Gen Nakasone has in front of him: deliver capacity of services required for global operations. Q post was May 4. Nakasone took over May 4."
