New Q (15 Nov): On 1 Oct I wondered if POTUS' use of "PERFECT" re: his call w/Zelensky was a hint this was a set-up. [@parscale](#) later tweeted: POTUS playing [@SpeakerPelosi](#). This drop appears to confirm!

"a position or situation from which it is difficult or impossible to escape".

I can't help but wonder if POTUS' repeated use of the word "PERFECT" (which seems odd to me) when referring to the phone call to the Ukrainian President that has Dems demanding impeachment has some other meaning. Perfectly executed according to plan?

2. Here's the definition that best fits this PERFECT whistleblower TRAP.

Nobody escapes this.

Nobody.

This block contains two side-by-side screenshots. The left screenshot is from the Merriam-Webster website, showing the dictionary entry for the word "trap". It includes the word "trap" in a large font, the part of speech "noun (1)", and a "Save Word" button. Below this, the definition is given: "1 : a device for taking game or other animals" and "especially : one that holds by springing shut suddenly". A second definition is provided: "2 a : something by which one is caught or stopped unawares" and "also : a position or situation from which it is difficult or impossible to escape". A third definition is given: "b : a football play in which a defensive player is allowed to cross the line of scrimmage and then is blocked from the side while the ballcarrier advances through the spot vacated by the defensive player". A fourth definition is given: "c : the act or an instance of trapping the ball in soccer". The right screenshot is a QAnon chat log. It shows a message from a user with the handle "Q IUYye1fxo" (ID: b086d2, No. 739690) dated "Mar 20 2018 23:52:37 (EST)". The message contains a list of items: "M.Z.", "R.T.", "Big meeting.", "Cell phones left at door.", "+8", "5 political", "1 former intel dir", "Mask &amp; Spin", "IDEN friendly 'insiders'", "MSM support +talking points", "Shift narrative", "FAIL", "We hear you.", "We have the algorithm.", "Thank you @ Snowden.", "Learn chess.", "Down she goes.", "Nobody escapes this.", "NOBODY.", and "Q". The text "Nobody escapes this." is highlighted in blue.

3. Nice work, @elenochle for this future proves past graphic adding @TomFitton tweet re: list of those who Yovanovitch targeted for monitoring. We learned surveillance of @SaraCarterDC & @jsolomonReports ended on 8 Jul 2019. Kudos also to @pryerlee!

Do you believe in coincidences?  
Mathematically impossible?  
Date 'public' became aware?  
Date 'anons' became aware?  
Reconcile.  
Do you think we are targeted and attacked by the largest media co's in the world because we're a LARP?  
Logical thinking.

4. Nice catch, [@stormypatriot21](#)!

Not clear on what "Whole or (parts) - break/break" means, but "BREAK, BREAK" is used in military radio comms when there is active comms/radio traffic and you need to break in with an emergency or urgent message.
