Operation Mockingbird exposed on C-Span

A caller to Washington Journal, May 27, 2018, raised the repeal of the Smith Mundt Act, legalizing domestic propaganda and the complicity of the media with the Deep State. The Daily Beast's Eleanor Clift dismissed this fact as a conspiracy theory, but the Washington Times' Cheryl Chumley reminded her of Operation Mockingbird in which intelligence assets were placed in the media. Eleanor looked very unconfortable....

My fellow Americans, over the course of the next several days you will undoubtedly realize that we are taking back our great country (the land of the free) from the evil tyrants that wish to do us harm and destroy the last remaining refuge of shining light. On POTUS' order, we have initiated certain fail-safes that shall safeguard the public from the primary fallout which is slated to occur 11.3 upon the arrest announcement of Mr. Podesta (actionable 11.4). Confirmation (to the public) of what is occurring will then be revealed and will not be openly accepted. Public riots are being organized in serious numbers in an effort to prevent the arrest and capture of more senior public officials. On POTUS' order, a state of temporary military control will be actioned and special ops carried out. False leaks have been made to retain several within the confines of the United States to prevent extradition and special operator necessity. Rest assured, the safety and well-being of every man, woman, and child of this country is being exhausted in full. However, the atmosphere within the

What happens when 90% of the media is controlled/owned by (6) corporations?
What happens when those same corporations are operated and controlled by a political ideology?
What happens when the news is no longer free from bias?
What happens when the news is no longer reliable and independent?
What happens when the news is no longer trustworthy?
What happens when the news simply becomes an extension/arm of a political party?
Fact becomes fiction?
Fiction becomes fact?
When does news become propaganda?
Identity creation?
How does the average person, who is under constant financial stress (by design), find time to research and discern fact v fiction?
Majority of people more prone to believe someone in power sitting behind a big brand 'news' name?
Do people [human psyche] tend to follow the 'majority/mainstream viewpoint' in fear of being isolated and/or shunned?
'Mainstream' is used for a reason [dominate trend in opinion].
[If majority of people believe 'x' then 'x' must be validated / true]

Why do 'mainstream' media heads, within different orgs, always use the same keywords and/or catch phrases?
Coordinated? By who? Outside entity providing instructions?
Do they count on the fact that people [human psyche] are more prone to believe something if heard over-and-over again by different 'trusted' sources?
Do 'echo chamber' tactics provide validation / credibility to the topic/point being discussed?
Threat to intellectual freedom?
Would control over[of] these institutions/organizations allow for the mass control of a populations viewpoint re: a desired topic?
Read again – digest.
Would control over[of] these institutions/organizations allow for the mass control of a populations viewpoint re: a desired topic?
Logical thinking.
Why, after the election of 2016, did [D]'s and media corps jumpstart a [coordinated & planned] divisive blitz intended to create falsehoods re: illegitimacy of election, character assassination of POTUS through sexism, racism, every other 'ism'?
Pre/post 2016 election?
Why were violent [masked] terror orgs such as Antifa immediately created/funded?
Why were these orgs tasked w/ immediate intimidation/shut down of any pro-POTUS rally[s] and/or events?
Why were marches immediately organized to counter and silence pro-POTUS rally[s] and/or events?
Why were marches immediately organized which divided people into sex/gender, race, [ism]?

Media Consolidation:
THE ILLUSION OF CHOICE
Media has never been more consolidated. 6 media giants now

When you control the levers of news dissemination, you control the narrative.

Control of the narrative = power

When you are blind, what do you see?

They want you divided.

Divided by religion.

Divided by sex.

Divided by political affiliation.

Divided by class.

When you are divided, and angry, and controlled, you target those 'different' from you, not those responsible [controllers].

Divided you are weak.

Divided you pose no threat to their control.

When 'non-dogmatic' information becomes FREE & TRANSPARENT it becomes a threat to those who attempt to control the narrative and/or stable [livestock kept – sheep].

When you are awake, you stand on the outside of the stable ('group-think' collective), and have 'free thought'.

"Free thought" is a philosophical viewpoint which holds that positions regarding truth should be formed on the basis of logic, reason, and empiricism, rather than authority, tradition, revelation, or dogma.

Why do D's want to control the black pop?
Why do they intentionally keep poor and in need?
Why do D's project racism on a daily basis against R's?
Why do black elected officials do the crazy talk on behalf of D's?
How do D's cover the historical facts of forming the confederacy, KKK, and oppose all things pro black re: legislation?
What happens if D's lose the slave grip on the black pop?
Why do D's, through the funding of the CIA, prop up and install Hollywood/media assets?
Does this fall within Operation Mockingbird?
What were the historical advantages D's gained by having MSM and famous people peddling narrative?
Who exposed the pedo network within H wood?
You can't answer the above but will laugh once disclose details.
The network which controls this false narrative which in turns keeps the black pop under control is being dismantled.

Some of us come here to drop crumbs, just crumbs.
POTUS is 100% insulated - any discussion suggesting he's even a target is false.
POTUS will not be addressing nation on any of these issues as people begin to be indicted and must remain neutral for pure optical reasons. To suggest this is the plan is false and should be common sense.
Focus on Military Intellingence/ State Secrets and why might that be used vs any three letter agency
What SC decision opened the door for a sitting President to activate - what must be showed?
Why is POTUS surrounded by generals ^^
Again, there are a lot more good people than bad so have faith. This was a hostile takeover from an evil corrupt network of players (not just Democrats).
Don't fool yourself into thinking Obama, Soros, Roth's, Clinton's etc have more power present day than POTUS.

An FBI official is under investigations for altering a FISA document and CNN is concerned that it might give President Trump "and his allies" proof about their corruption and not about the freaking crime itself. Are you serious right now @CNN? Delete your network you are garbage.

Washington (CNN) — An FBI official is under criminal investigation after allegedly altering a document related to 2016 surveillance of a Trump campaign adviser, several people briefed on the matter told CNN.

The possibility of a substantive change to an investigative document is likely to fuel accusations from President Donald Trump and his allies that the FBI committed wrongdoing in its investigation of connections between Russian election meddling and the Trump campaign.

In cryptography, a **salt** is random data that is used as an additional input to a one-way function that "hashes" data, a password or passphrase. Salts are used to safeguard passwords in storage. Historically a password was stored in plaintext on a system, but over time additional safeguards developed to protect a user's password against being read from the system. A salt is one of those methods.

In cryptography, a **public key certificate,** also known
as a **digital certificate** or **identity certificate,** is an
electronic document used to prove the ownership of
a public key.[1] The certificate includes information
about the key, information about the identity of its
owner (called the subject), and the digital signature
of an entity that has verified the certificate's contents
(called the issuer). If the signature is valid, and the
software examining the certificate trusts the issuer,
then it can use that key to communicate securely
with the certificate's subject. In email encryption,
code signing, and e-signature systems, a certificate's
subject is typically a person or organization. However,
in Transport Layer Security (TLS) a certificate's
subject is typically a computer or other device,
though TLS certificates may identify organizations or
individuals in addition to their core role in identifying
devices. TLS, sometimes called by its older name
Secure Sockets Layer (SSL), is notable for being a
part of HTTPS, a protocol for securely browsing the
web.

In a typical public-key infrastructure (PKI) scheme,
the certificate issuer is a certificate authority (CA),
usually a company that charges customers to issue
certificates for them. By contrast, in a web of trust
scheme, individuals sign each other's keys directly, in
a format that performs a similar function to a public
key certificate.

was edited by Strzok). CNN updated the story; it was a former FBI lawyer who is
under criminal investigation for altering a doc in the FISA application to monitor C.

13. Don't recall hearing about this vulnerability (fm May 2018). Assuming "non_public" = mil intel/Q team knew about it. "Access granted" = black hats exploited this vulnerability to access emails fm 8ch board owners requesting board migration??
