New fm MI team. Foreign assets activated. With impending IG report release, watch for spin/disinfo fm MSM & Alt Media > all foreign controlled [intel] = Mossad. They have enjoyed cover via State Dept as did Epstein (who ran a honeypot blackmail op for Mossad). Must deconstruct.

What happens when people don't conform to their rule?
What happens when people cannot defend themselves?
Why do [D]'s want to abolish the 2nd amendment?
"A well regulated Militia, being necessary to the security of a free State, the right of the people to keep and bear Arms, shall not be infringed."
What did the Framers of the Constitution fear the most?

"—That whenever any Form of Government becomes destructive of these ends, it is the Right of the People to alter or to abolish it, and to institute new Government, laying its foundation on such principles and organizing its powers in such form, as to them shall seem most likely to effect their Safety and Happiness.
But when a long train of abuses and usurpations, pursuing invariably the same Object evinces a design to reduce them under absolute Despotism, it is their right, it is their duty, to throw off such Government, and to provide new Guards for their future security.—"

It was flattering to have George Soros and Viktor Pinchuk personally waiting for us at the airport last night in Kiev — with their entourage of human Dobermans in little black Mercedes.
