New drops (19 Dec 19): Pelosi just said her own name when replying to reporter re: holding Articles of Impeachment: "We don't know the arena that we're in". Rush: She's signaling until she KNOWS she can get enough Rs to flip, she won't forward to Senate.

2. So cool to see POTUS RTing anon accounts that have Q or WWG1WGA in bios! Not sure what "directly after a +?" means unless referring to Q+ drop early this morning. Wonder which SMART reporter (fm Fox News?) wants to make history by asking POTUS why he keeps RTing Q researchers.

 Trump has not been impeached.  
 The house can't impeach. They can only vote for impeachment.  
 Then the senate trial.  
 Or  
 Supreme Court trial.  
 BOTH have to vote to impeach Trump before he is actually removed from office.  
 Which. Will. Not. Happen.

4. White Squall trailer loaded w/Q-isms. In White Squall "Goofs", there's a scene w/JFK's 1962 speech re: Cuban Missile Crisis but movie plot is 1960-1961.

According to the timelines shown on screen, the story starts in 1960 and ends in 1961. However, in one of the scenes on the ship, in the background you can hear JFK's speech about the Cuban Missile Crisis from October 1962.

In the scene where the Albatross comes across the Cuban Military Patrol Ship, electronics on the Cuban ship, most notably the Radar System, weren't available in the configuration seen in the early 1960s.

5. Grassley mention of Chief Justice has me wondering if he's signaling Roberts may not rule favorably for POTUS. Dems believe Roberts is their last best hope.

Grassley will take back [@senjudiciary](#) Chair if (WHEN) GOP keeps Senate.

Watch Speaker Pelosi announce The House has voted to impeach President Trump

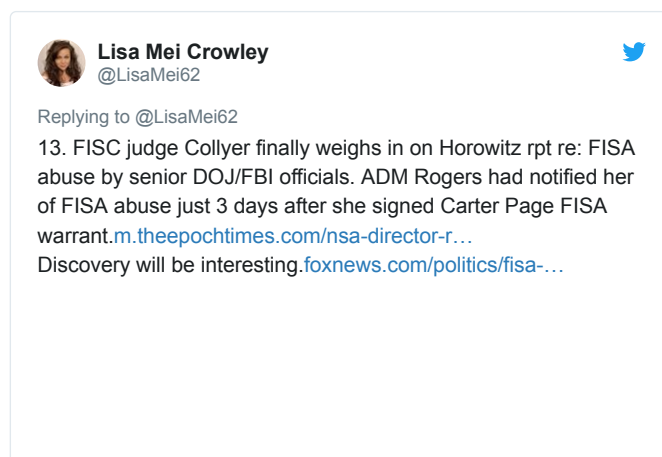

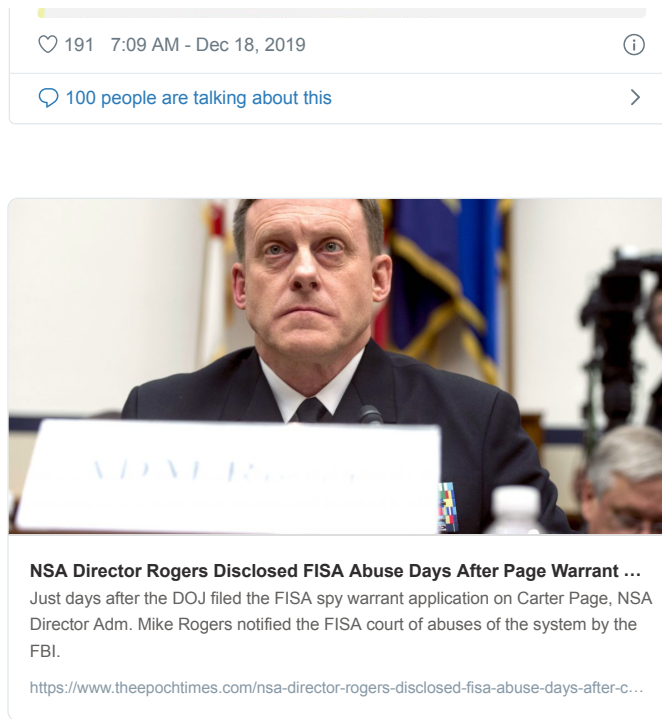

The House of Representatives approved two articles of impeachment against President Donald Trump on Dec. 18, 2019. This makes him the third president in U.S. history to be impeached. BY C-SPAN

WASHINGTON

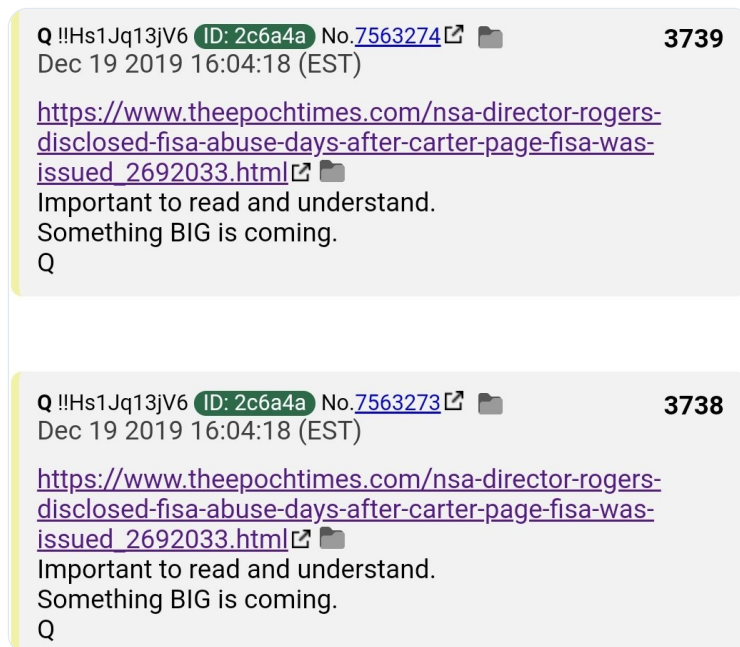

Democrats have won a historic victory with the impeachment of President Donald Trump. But the moment they send charges of high crimes and misdemeanors to the Senate is the moment they will lose control over his fate.

6. I posted this link in my thread yesterday re: ADM Rogers notifying Collyers about the FISA abuse 3 days after she signed CP warrant. Discovery should be interesting!

Clapper & SecDef Carter tried to fire Rogers. Imagine that.

7. Since Q posted screenshots of two Q researchers' accounts that were RTed by POTUS today, this article, last updated on 27 Nov, should be updated again. How odd that not one reporter will ask POTUS why he's RTing them.

[@threadreaderapp](#) please unroll. Thanks!
