3. Was Peek the last of the spies inside the WH? Isn't Vindman still on the NSC staff?

4. Another possibility: [@WWG1WGA41020](#) reminded me of [@FLOTUS](#)' 9 Jan tweet re: renovations at WH East Room. I remember wondering at the time if there was more to it. Perhaps spies (Peek? Vindman?) planted monitoring devices & now the WH (Castle) is clean.

We were honored to complete the East Room floor restoration along with the wall upholstery in the Red & Blue Rooms in 2019. The work continues in 2020 to display the People's House as a reflection of the excellence of the nation's craftsmen and a source of pride for its citizens.

5. One of the earliest drops & refs "clean house" & no chance of impeachment. If I'm not mistaken, I believe Dems have 24 hours for their opening arguments divided into three 8-hour sessions which means POTUS' legal team won't start til Sat afternoon.

Clean - POTUS's legal team present their arguments Friday and Saturday.

Tue Oct 31 2017 20:31:00 GMT-0700

Get the popcorn, Friday & Saturday will deliver on the MAGA promise. POTUS knows he must clean house (gov't) in order to 'free up' and demonstrate who has authority in order to pass important legislation. This was always the priority. Remember, AG Sessions cannot look like an impartial player that is out to get all former Obama team members as we need him for other important work. All will come into focus and for anyone to think POTUS is not in control is kidding themselves. Also, he's 100% insulated with zero risk of impeachment (fact).

6. Another interesting angle since the drop with "WH clean SIG" was embedded in drop re: "Follow Bolton". Today's "Castle clean" makes me wonder if Bolton has been POTUS' backchannel.
