United States Foreign  
Intelligence Surveillance Court

JAN 07 2020

UNITED STATES  
FOREIGN INTELLIGENCE SURVEILLANCE COURT  
Leahann Flynn Hall, Clerk of Court  
WASHINGTON, D.C.

IN RE CARTER W. PAGE,  
A U.S. PERSON

Docket Nos: 16-1182, 17-52, 17-375,  
17-679

ORDER REGARDING HANDLING AND DISPOSITION OF INFORMATION

Thanks in large part to the work of the Office of the Inspector General, U.S. Department of Justice, the Court has received notice of material misstatements and omissions in the applications filed by the government in the above-captioned dockets. See Docket No. Misc. 19-02, Order (Dec. 17, 2019; DOJ OIG, *Review of Four FISA Applications and Other Aspects of the FBI's Crossfire Hurricane Investigation* (Dec. 2019 (revised)). DOJ assesses that with respect to the applications in Docket Numbers 17-375 and 17-679, "if not earlier, there was insufficient predication to establish probable cause to believe that [Carter] Page was acting as an agent of a foreign power." *Additional Rule 13(a) letter regarding applications submitted to the Court targeting Carter W. Page in Docket Numbers 2016-1182, 2017-0052, 2017-0375, and 2017-0679* (Dec. 9, 2019), at 19 ("December 9, 2019 Letter").

The government further reports that the FBI has agreed "to sequester all collection the FBI acquired pursuant to the Court's authorizations in the above-listed four docket numbers targeting [Carter] Page pending further review of the OIG Report and the outcome of related investigations and any litigation." *Id.* at 19-20. The government has not described what steps are involved in such sequestration or when it will be completed. It has, however, undertaken to "provide an update to the Court when the FBI completes the sequestration" and to "update the Court on the disposition of the sequestered collection at the conclusion of related investigations and any litigation." *Id.* at 20. To date, no such update has been received.

The Court understands the government to have concluded, in view of the material misstatements and omissions, that the Court's authorizations in Docket Numbers 17-375 and 17-679 were not valid. The government apparently does not take a position on the validity of the authorizations in Docket Numbers 16-1182 and 17-52, but intends to sequester information acquired pursuant to those dockets in the same manner as information acquired pursuant to the subsequent dockets.

Title I of the Foreign Intelligence Surveillance Act, codified as amended at 50 U.S.C. §§ 1801-1813, governs electronic surveillance conducted for foreign intelligence purposes. It requires minimization procedures "that are reasonably designed . . . to minimize the acquisition and retention, and prohibit the dissemination, of nonpublicly available information concerning

unconsenting United States persons consistent with the need of the United States to obtain, produce, and disseminate foreign intelligence information." 50 U.S.C. § 1801(h)(1). It also makes it a crime to "intentionally . . . disclose[] or use[] information obtained under color of law by electronic surveillance, knowing or having reason to know that the information was obtained through electronic surveillance not authorized" by FISA or another "express statutory authorization." § 1809(a)(2).

In order for the Court to assess whether the handling and disposition of the information acquired pursuant to the above-captioned dockets comport with these provisions of FISA, IT IS HEREBY ORDERED as follows:

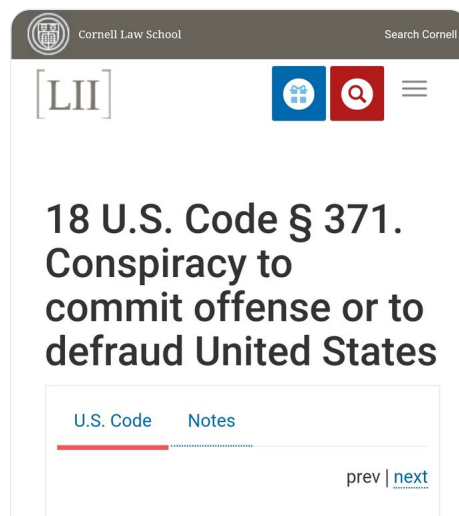

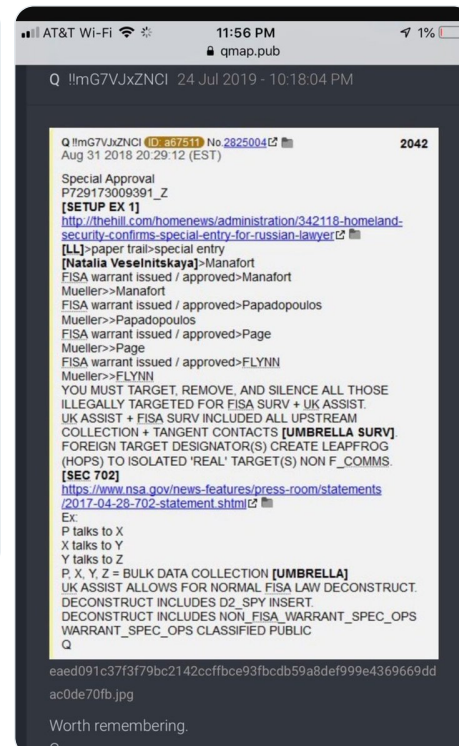

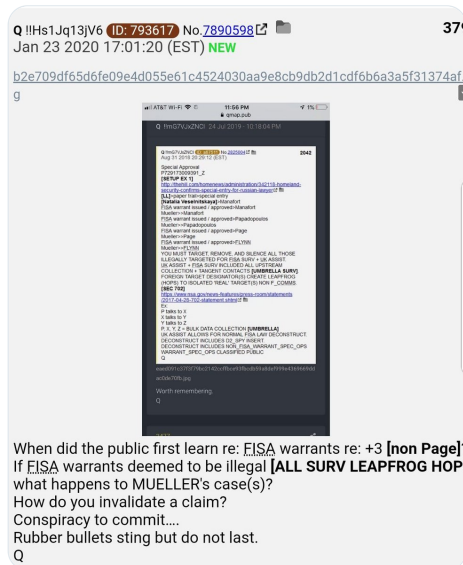

1. By January 28, 2020, the government shall make a written submission regarding the FBI's handling of information obtained pursuant to the above-captioned dockets. That submission shall include:

- a detailed description of the steps taken or to be taken to restrict access to such information in unminimized form, including how many personnel have access and for what purposes they may examine or retrieve it;
- a detailed description of the steps taken or to be taken to restrict access to such information in any other form, including any information that may have been disclosed or disseminated to DOJ prosecutors or other persons outside of the FBI;
- to the extent applicable, a timetable for completing any such steps that have not yet been completed;
- explanations of the "further review of the OIG Report" and "related investigations and any litigation" that are referenced in the December 9, 2019, Letter as requiring the retention of such information, including copies of any orders of other courts relating to the preservation of, or access to, such information; and
- an explanation of why the retention of such information in the manner intended by the government, and any contemplated use or disclosure of it, comport with the above-referenced provisions of FISA; and

2. In order to facilitate consideration of whether the Court should publish this Order

11. We learned fm 31 Aug 2018 drop about FISA warrants vs Manafort, Papadopoulos, Page, & @GenFlynn. It was made public in DOJ IG rpt on 9 Dec 2019. ALL these FISAs were not legal which nullifies Mueller's cases. Conspiracy to commit offense or defraud US?

If two or more persons conspire either to commit any offense against the United States, or to defraud the United States, or any agency thereof in any manner or for any purpose, and one or more of such persons do any act to effect the object of the conspiracy, each shall be fined under this title or imprisoned not more than five years, or both.

Would you know if not posted by individuals on social media?

FAKE NEWS attempting to 'CONTROL' the narrative by not providing coverage?

Do the protests in EU go against the narrative that majority of people are for globalism, open borders, and mass immigration?

Controlled media > prevent mass awareness

If the news doesn't report the facts (ie, truth) - how do people get informed in order to be heard?

Silence the people.

Localize disruption.

Target leaders of disruption (quietly take action).

Deploy scare tactics & political cross-talk

Control volume.

The media no longer represents the will of the people.

# Jimmy Carter tells church service he is 'absolutely and completely at ease' with death

POSTED 12:41 PM, NOVEMBER 3, 2019, BY [CNN WIRE](#)

(CNN) — Former President Jimmy Carter said Sunday that he found he “was absolutely and completely at ease with death” after doctors told him in 2015 that his cancer had spread to his brain.

“I assumed, naturally, that I was going to die very quickly,” Carter said while delivering a church sermon in Plains, Georgia. “I obviously prayed about it. I didn’t ask God to let me live, but I asked God to give me a proper attitude toward death. And I found that I absolutely and completely at ease with death.”

The [Military District of Washington](#) (MDW) has primary responsibility in overseeing state funerals and in all cases, must strictly follow the outline of a 138-page planning document. Detailed funeral arrangements have emerged for Jimmy Carter: a 411-page document outlining a state funeral for Carter has been filed with the Military District of Washington, including a national funeral service at National Cathedral in Washington D.C. and a public viewing of the former president's remains at the Carter Center in Atlanta, Georgia. Carter has stated that his final interment and burial will be in the front yard of his family's residence, which is now a component of the Jimmy Carter National Historic Site in Plains, Georgia.<sup>[98]</sup>
