It is hard to find the words to express my debt to the NHS for saving my life.

The efforts of millions of people across this country to stay home are worth it. Together we will overcome this challenge, as we have overcome so many challenges in the past.

## Tor (anonymity network)

This article is about the software and anonymity network. For the software's organization, see [The Tor Project](#).

**Tor** is **free and open-source software** for enabling **anonymous communication**. The name is derived from an acronym for the original software project name "The Onion Router".<sup>[7][8]</sup> Tor directs Internet traffic through a free, worldwide, volunteer **overlay network** consisting of more than seven thousand relays<sup>[9]</sup> to conceal a user's location and usage from anyone conducting **network surveillance** or **traffic analysis**. Using Tor makes it more difficult to trace Internet activity to the user: this includes "visits to Web sites, online posts, instant messages, and other communication forms".<sup>[10]</sup> Tor's intended use is to protect the personal privacy of its users, as well as their freedom and ability to conduct confidential communication by keeping their Internet activities unmonitored.

John Solomon told Hannity he believes that Durham's charges will start with Kevin Cline-Smith, the lawyer who fraudulently changed a document to deceive the FISA court.

"There is no allegation in this indictment that any American was a knowing participant in this illegal activity," Rosenstein said. "There is no allegation in the indictment that the charged conduct altered the outcome of the 2016 election."

Future proves past:

In an effort to preserve the integrity of all U.S. elections, as ordered by the President of the United States, after an extensive investigation in select counties (the 'sampling'), the DHS has concluded that while Russian entities (as outlined within SC Mueller's investigation were complicit in attempting to undermine the presidential election of 2016) had no direct impact or bearing on the outcome of the presidential election, nor were any U.S. person(s) knowingly part of such an attempt to sabotage as it relates to the Russian investigation, U.S. and other foreign entities (as further described within DHS[XXXX]), acting outside of Russian agents, did attempt on numerous occasions, and were successful, in interfering w/ the presidential election of 2016, senate elections of [x, y, z], [x] elections, whereby several million of illegal, non-resident ballots (the "irregularities") were counted, while legal ballots were improperly tabulated and/or intentionally mishandled. We believe these actions were a coordinated attack against the democracy of our country.

The DHS will be submitting a final report to the WH/DOJ/other state and local agencies outlining our findings as early as March [ ], 2018. While this report only encompasses a sampling of twenty-two (22) counties across the U.S., it is strongly suggested, based on the evidence provided, that a mandated countrywide investigation begin under the recommended US50-EIC guidelines as set forth in Section VII of the final report.
