Biden is last name on this list. Didn't he just say he knew nothing about the @GenFlynn investigation?

Reminder. Gowdy grilled Comey re: who can request unmasking. Many of the names released (see 2 tweets fm @CBS_Herridge above this one) do NOT have authority to request unmasking.

(S//NF) Below is a list of recipients who may have received Lt. Gen Flynn's identity in response to a request processed between 8 November 2016 and 31 January 2017 to unmask an identity that had been previously referred to in an NSA foreign intelligence report. Each individual was an authorized recipient of the original report and the unmasking was approved through NSA's standard process, which includes a review of the justification for the request. Only certain personnel are authorized to submit unmasking requests into the NSA system. In this case, 16 authorized individuals requested unmaskings for 16 different NSA intelligence reports for select identified principals. While the principals are identified below, we cannot confirm they saw the unmasked information. This response does not include any requests outside of the specified time frame.
