New Q (27 May '20). Yes, we know. It's never been about the virus. Would be nice if those behind the unleashing of the virus were rounded up and held accountable and the general public made aware of their disgusting mass murder scheme to regain power.

Voting at home shouldn't be a question of politics. It's a health issue. No American should have to choose between their protecting their health and exercising their right to vote. #inners

NEW YORK
Department of Health

ANDREW M. CUOMO Governor HOWARD A. ZUCKER, M.D., J.D. Commissioner SALLY DRESLIN, M.S., R.N. Executive Deputy Commissioner

DATE: March 25, 2020
TO: Nursing Home Administrators, Directors of Nursing, and Hospital Discharge Planners
FROM: New York State Department of Health

Advisory: Hospital Discharges and Admissions to Nursing Homes

Please distribute immediately to:
Nursing Home Administrators, Directors of Nursing, Directors of Social Work, Hospital Discharge Planners

COVID-19 has been detected in multiple communities throughout New York State. There is an urgent need to expand hospital capacity in New York State to be able to meet the demand for patients with COVID-19 requiring acute care. As a result, this directive is being issued to clarify expectations for nursing homes (NHs) receiving residents returning from hospitalization and for NHs accepting new admissions.

Hospital discharge planning staff and NHs should carefully review this guidance with all staff directly involved in resident admission, transfer, and discharge.

During this global health emergency, all NHs must comply with the expedited receipt of residents returning from hospitals to NHs. Residents are deemed appropriate for return to a NH upon a determination by the hospital physician or designee that the resident is medically stable for return.

Hospital discharge planners must confirm to the NH, by telephone, that the resident is medically stable for discharge. Comprehensive discharge instructions must be provided by the hospital prior to the transport of a resident to the NH.

No resident shall be denied readmission or admission to the NH solely based on a confirmed or suspected diagnosis of COVID-19. NHs are prohibited from requiring a hospitalized resident who is determined medically stable to be tested for COVID-19 prior to admission or readmission.

Information for healthcare providers on COVID-19 is readily available on the New York State Department of Health public website at <https://coronavirus.health.ny.gov/information-healthcare-providers>. As always, standard precautions must be maintained, and environmental cleaning made a priority, during this public health emergency.

Critical personal protective equipment (PPE) needs should be immediately communicated to your local Office of Emergency Management, with the appropriate information provided at the time of request. Requests **MUST** include:

- o Type and quantity of PPE by size;
- o Point of contact at the requesting facility or system;
- o Delivery location;
- o Date request is needed to be filled by; AND
- o Record of pending orders.

Thank you for your ongoing support and cooperation in responding to COVID-19. General questions or comments about this advisory can be sent to asknursingcoronavirus@health.ny.gov.

Rep. Schiff: Trump Supporters Are 'An Older and Dying...Demographic'

(CNSNews.com) - People who would vote against President Donald Trump in November are "decent" and "cherish the values of this country," Rep. Adam Schiff (D-Calif.) told "Jimmy Kimmel Live" Monday night.

3. Not sure what else we can do other than continue to counter their lies; red-pill family members, friends, co-workers, & neighbors; contact our reps; vote; PRAY; & trust POTUS has a plan to ensure their plans don't succeed & guilty parties are held accountable for their crimes.
