2. @AP pushed Nazi propaganda then & in 2012 began pushing NK propaganda.

Revealed: how Associated Press cooperated with the Nazis

German historian shows how news agency retained access in 1930s by promising

not to undermine strength of Hitler regime

Read how Hitler came to power. So many parallels w/today's events. Propaganda is KEY. Sound familiar?

Palmer Report = total scumbag.

The effects of propaganda

Nazi propaganda was controlled by Joseph Goebbels and had three main themes:

Joseph Goebbels

- **The Führer cult.** Hitler was always portrayed as Germany's saviour – the man who would rescue the country from the grip of depression.
- **Volksgemeinschaft** (people's community). This was the idea that the Nazis would create one German community that would make religion or social class less relevant to people.
- **Scapegoating the Jews (and others) for Germany's ills.** Jews were often portrayed as sub-human, or as a threat to both the racial purity and economic future of the country.

Hitler was a great speaker with an extraordinary power to win people over. Goebbels' propaganda campaign was very effective and brought huge support for the Nazis by targeting specific groups of society with different slogans and policies to win their support.

3. Assuming some of these Dem Governors & key Dems in Congress have active FISA warrants (coord COVID release w/China), I'm sure the answer to these questions is YES. Military intel likely has ample proof. My Q: When will the public learn about this?

Steve Scalise @SteveScalise

Just sent letters to the Democrat governors of NY, NJ, CA, PA, and MI demanding they explain why they ignored protocols and forced COVID-19 patients into nursing homes.

The outcome was devastating.

Families who lost loved ones deserve answers. This tragedy was avoidable.

Congress of the United States
House of Representatives
SELECT SUBCOMMITTEE ON THE CONGRESSIONAL CHIEF OF STAFF
WASHINGTON, DC 20515-4143
June 11, 2020

The Honorable Andrew M. Cuomo
Governor of New York
NYS State Capitol Building
Albany, NY 12224

Dear Governor Cuomo:

The ongoing COVID-19 pandemic has disproportionately affected the elderly, especially those living in nursing homes and other long-term care facilities. We were working information, at a granular level, about the science and information used to inform your decision to mandate nursing homes and long-term care facilities adhere to strict and stringent COVID-19 protocols.

According to the most recent available data, New York has suffered 4,560 nursing home deaths related to COVID-19. That is more than 25% of the state's total COVID-19 deaths and more than 4% of the state's entire nursing home population.

To help us better understand what science or guidance you used to make this lethal decision, we respectfully request the following documents and information:

1. All State issued guidance, directives, administrative, or executive orders regarding hospital discharges to nursing homes or any and all other types of assisted living facilities, including those previously suspended, as determined under.
2. The total number of COVID-19 related nursing home deaths, including deaths that occurred at the nursing home and deaths of a registered nursing home patient at a hospital, by day between January 1, 2020 and present.
3. The total number of COVID-19 related nursing home positive cases, including individuals who tested positive at a nursing home and individuals who tested positive at a hospital.

The Dems have tried every trick in the playbook-call me everything under the sun. But if I'm all of those terrible things, how come I beat them so badly, 306-223? Maybe they're just not very good! The fact is they are going CRAZY only because they know they can't beat me in 2020!
