🍂❤️ **WSHMMA President's Thanksgiving Message** 🍂❤️

As we head into the season of gratitude, we want to extend our sincere appreciation to all our members, partners, and supporters across WSHMMA's healthcare supply chain community.

This has been another successful year for WSHMMA. Our annual conference was a tremendous success, with outstanding turnout from both providers and suppliers, engaging networking, and timely, relevant topics that resonated across our industry. Throughout the year, WSHMMA continued to provide educational events with CEUs and engaged our community through our online and spring in-person events, ensuring opportunities for learning and collaboration remain accessible to all from the five WSHMMA states. We are proud to share that WSHMMA has maintained its AHRMM Diamond Chapter status for the 13th consecutive year, a reflection of our collective commitment to professional excellence and ongoing education.

We also celebrate the achievements within our community, including several supply chain leaders from the WSHMMA region being selected to serve on AHRMM's 2026 Advisory Board. Their leadership and representation help shape the future of healthcare supply chain nationally.

Looking ahead to 2026, we are excited to continue building partnerships, fostering collaboration, and delivering educational sessions that support the growth and effectiveness of healthcare supply chain professionals across our region. We are also looking forward to expanding our student outreach program, an effort aimed at engaging and inspiring the next generation of healthcare supply chain leaders and building a strong future workforce for our field.

As we close out this remarkable year, we want to thank every member for your contributions to improving supply chain operations across our community. We look forward to building on this momentum in 2026, working together to advance, innovate, and improve the healthcare supply chain.

Wishing you and your loved ones a warm, safe, and joyful Thanksgiving!
