

The Original Drain Alert

Drain Alert Products Inc
Tampa Florida

- The Original Drain Alert started by Rudy Hernandez In the early 2000's when he got the idea of a better way to keep A/C drain water overflow damage to a minimum. For the last 20 or so years he has dedicated
- His entire life to the development of Drain Alert Products which are dully tested and certified by Underwriters Laboratories , Our SKU Or Bar and related Codes are GS1 generated and Our products are all Patented in U.S.A. unlike some other products which are not .
- Drain Alert follows a strict code of ethics in the manufacturing process, each product is individually tested and checked to be sure they are up to building codes. The electrical components are also tested for continuity.
