32903 N. Mildred Lane
San Tan Valley, AZ 85142

Dear Jeff,

I'm writing this letter to recommend your services and to thank you for all of the help you've given Cochise College Santa Cruz Center. Over the last two years, I have relied on you to furnish our entire school, including tables, chairs, desks, office furnishings, science labs, student union and custom reception area. I have never been disappointed with your attention and service.

Without a purchasing or maintenance department, I could never have gotten the school ready in time. With your guidance and expertise, I was able to choose quality furnishings at an excellent price.

With you tracking manufacturing, shipping and delivery, meeting our shipments and overseeing delivery and returns, I was able to concentrate on other things. This was a huge benefit of doing business with you.

I really appreciate your availability and timely responses to calls and questions. You can count on continued business from us.

Sincerely,

H. Sue Neilsen
Director
