

*From the desk of Carol Stillwell*

March 4, 2026

It is my pleasure to highly recommend Soul Machine to perform at your wedding, party, or stage show event. I have had the great pleasure of booking and working with Soul Machine on multiple occasions over the past several years, having repeatedly used them at many of my personal and philanthropic events.

Soul Machine brings unmatched energy to the stage. Their live performances are consistently professional, and captivating, entertaining crowds and leaving lasting impressions. Notably, their performances at the Bayshore Oktoberfest non-profit celebrations, held annually at Stillwell Stables, have been exceptional, resulting in legendary parties and fabulous reviews!

Beyond their musical talent, Gerald Romano and the band are a pleasure to work with—reasonably priced, reliable, punctual, and professional in all communications and logistics. They are dedicated, hard-working artists who clearly bring their talent, enthusiasm, and passion for music to each performance. *True to their name they will put their hearts and “souls” into your event.*

I believe Soul Machine, with their incredibly wide variety of musical selections, would be a fantastic addition to your event and I confidently recommend them without reservation.

Sincerely,

*Carol Stillwell*
