

# **A Prayer**

**Father; Though I try to do your will,  
I stumble, and I fall.  
All the ones I thought were friends,  
They never come to call.**

**Father; Please give me strength to stand,  
When everything goes wrong.  
I lean on you for extra faith,  
To keep me going strong.**

**Father; When I'm all confused,  
And everything is a mess.  
Please pick me up and set me straight,  
That I may never guess.**

**Father; Please let your light shine through,  
The darkest of my days.  
And keep that love light shining,  
To guide me on my way.**

**Father; Please take me by the hand,  
Your lost and lonely sheep.  
And keep the fire burning in me.  
That I may never sleep. Amen.**
