

TRIED AND TRUE

Jesus, your way was tried and true,
all my salvation must lay within you.

Your footsteps never missed the mark,
but mine are prone to slip in the dark.

Your eye was always fixed on God above,
while mine are filled with worldly love.

Your heart was true and full of perfect love,
but mine is full of sin needing cleansing from above.

Because of my condition, a physician I do need,
for on my own I cannot be freed.
