

VIRTUOUS WOMAN

She is a virtuous Woman,
a gift from God above.
She is a virtuous woman,
She showers me with her love.
She truly is a gift from the Father,
no man is more blessed than me.
She's always taking care of the family,
And meeting our every need.

She puts the cares of others first,
and her own cares she puts last.
And all the wrongs I've done to her,
she's placed them in the past.
When I come home from a hard day's work,
her smiling face I see.
The house is kept, the beds are made,
and there's a hot meal waiting for me.

The children are well cared for,
She meets there every need.
She's taught them about Jesus,
how he hears their every plead.
She's taken care to prepare their hearts,
and planted in them many good seeds.

And when I pray God tells me,
take care of her my son.
She is a diamond in my hand,
together you are one.
Care for her as I do the church,
do your best to meet her needs.
She is a virtuous woman,
in her I am well pleased.
