Brief introductions :

1. Production capacity: 40 -45tons of sorghum/24H.
2. Power supply: About 76kW.
3. Workshop style and dimension: Triangle-framed workshop, with 27m long and 6.0m wide, and 4.5m under the beam.
4. Quality guarantee period: one year.
5. Container:40'×1 FEET
6. 出厂 Price: 380000 元 (人民币 RMB) =55,000 USD (Factory price including tax)
7. Installation expenses: This complete equipment requires two technicians for guiding installation. The buyer should provide for technicians return tickets, local food and boarding, transportation, medical insurance, and the salary of 2400 USD per man per month. The buyer should directly pay technicians the salary.
