# Vroom® EVERY DAY VACUUM

## Hidden, But Always There

Vroom® easily installs in cabinets or closets and turns any central vacuum system into a powerful, quick-clean appliance. Once installed, the Vroom is always there when you need it, but out of sight when you don't.

## Convenient Quick Cleanups

Vroom is perfect for daily use with its 24' hose reach and instant accessibility. With Vroom around, there's no need to grab the bulky central vacuum hose or multiple cleaning supplies (broom, stick mop, hand vacuum, sponge or towels) to clean floors, countertops, appliances, drawers, walls, rugs and more.

## Retractable Hose Makes Usage Easy & Fast

Simple to use, Vroom turns on and off automatically. When you're done vacuuming, the hose retracts and stays hidden until your next cleanup.

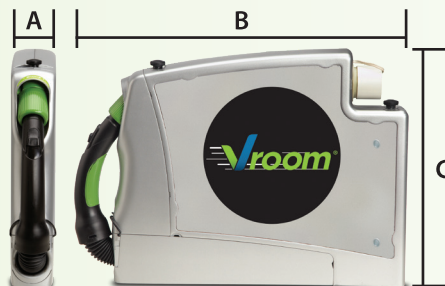

## Optional Tools/Tool Caddy Make Vroom Even More Convenient

Optional attached tool holder stores an adjustable wand and floor/rug tool for easy access and effortless cleaning.

## Two sizes to fit ALL Applications

Vroom is available in two sizes to accommodate all installations.
