

WHAT'S UP -2

Hey Guys, As the lockdown is loosening, I was lucky to be able to go to the beautiful swiss mountains in Engadin with my Leo Girls. The cows took me by surprise, didn't have the right lens or my flash but got a couple of good pictures. Also I put up a few more encounters on my project list, so Nr. 34-39 are now up! Hope you enjoy them as much as I did.

Anyway, take care, stay healthy!

What's going on in South Africa: After Theo received the money he immediately filed the paperwork and got busy organising the products needed. It's not as easy to just go out and buy things and distribute... everything needed a permission slip. One week later Theo and the guys from Authentic African Experience were able to supply a part of Langa Township, to a lady who runs a children's home from her shack and is looking after 28 children. Also Siphosho who used to make the traditional beer on long street but has had no income.

Then a couple of days later they went to Kayelitsha township and made a lot of families happy, at least for another month.

I know the root problem is far from solved, but I'm glad I made some temporary changes and put a few smiles on people. More pictures on my website under **OpenEyes**

Stay healthy and thanks for subscribing!
