From the President's Desk

Happy New Year.

We are starting another year with interesting weather. It has been so warm in December that I took the car out for a “quick” spin. It felt good!!! Let’s hope for warmer weather to make our “Snow Bird” members feel a little jealous (just joking).

The first couple months seem to be “slow” in club activities. However, in the background, we have already started planning for Valentine’s Day flower delivery (February 13-14), the Car Show (June 8th), the Autocross (July 27-28) and the Food Drive (August 17th).

CRCC Valentine’s Day Flowers

We have been asked to help with flower delivery for Hy-Vee Wilson Avenue this year. This was a fun time delivering flowers to folks and seeing smiles on their faces. This is also a fund raising activity for the club charitable donations. Keep the February 13th-14th dates on your calendar if you would like to help. More to follow as the plans develop.

CRCC Copyright Certificate

We received some good news in December. There was a story of a corvette club having a problem with ownership of a long used name for their event. This got us to thinking that we have “Cruisin the Ave” as a name for our car show and we are known for this event in the community. In July, we submitted the paperwork for copyright of the name. In December, we received our certificate recognizing the Cedar Rapids Corvette Club authorship of the name “Cruisin the Ave”. We will start using the copyright on club event publications.

CRCC Officers for 2019

The election results were provided at the Christmas Party in December. The CRCC website has been updated with the 2019 Officers and contact information.

CRCC 2019 Cruise Activities

If any club member has an idea for a club cruise event, please contact John Stutzman and share your thoughts. John will be coordinating the activities this year as Social Director. (Thanks John).

CRCC 2019 Car Show

Bernie and I have met to begin planning the car show for this year. We will need some help with planning and coordinating different show activities. We are planning a meeting in January to start organizing our thoughts, ideas and plans. We have some big shoes to fill with Dick and Wayne transitioning off as our coordinators. (thank you Dick and Wayne for the past efforts to coordinate the show).

CRCC Website and Facebook

Please take a look at the Cedar Rapids Corvette Club website and Facebook page for updated pictures and planned activities. Larry continues to receive and post updates to the website. The recent updates keep us up to date on member activities. Thanks to Larry for keeping the club website current with pictures and notations. We have also added the club activities to the FB page under “events”.

See you at the January 17th meeting.

Be safe out there.

 - Elections. We have a proposal to change the balloting for elections. There is a separate outline of the time, effort and cost to conduct elections. We will use the 2018 election as a basis of comparison. The proposed election process is to use a hosted election system (ElectionBuddy) to conduct the elections for 2019. More details are in the handout and in the newsletter.
 - Car show update. Sponsors (Bernie), raffle (Randy), registration (Chris), silent auction (Marie), etc. The first planning meeting is scheduled for January 24th to start the car show planning for 2019.
 - Valentine Day flower delivery with Hy-Vee Wilson Avenue store on February 13-14.
19. 50/50 Drawing this month.....
20. The next meeting is scheduled for February 21, 2019 at Pat McGrath Chevyland.
21. Is there a Motion for Adjournment? ...Second? ...All in favor

Proposed changes to the Cedar Rapids Corvette Club Elections

During the elections of 2018, there are noticeable improvements which we can take advantage of in conducting our elections. The current process requires hours of member's time to format the ballot, print the ballots, fold and stuff the envelopes, affix preprinted address labels to the envelopes, stuff a return envelope and mail the ballots to members.

In 2018, we printed over 200+ ballots to mail to the members. We received 113 ballots in the mail.

The estimated time for ballot processing is as follows:

- Format the ballot (1-2 hours)
- Print the ballots on color paper stock (2 hours) (Paper and ink costs)
- Fold and stuff the mailing with the ballot(2) and return envelope and affix the mailing address label and postage (6-8 hours) (Envelope costs, postage costs of \$75.00)
- Receive the mail and ballot counting (4-6 hours)

The hard and soft costs for the current balloting process involves paper cost (\$25.00), mailing envelope costs (2 envelopes per mailing \$25.00), member postage costs (\$35.00), club mailing costs (\$75.00) for a estimated total of ~\$160.00. Manpower of 13-18 hours (maybe more).

The proposal is to move to a hosted election system that handles the election process. I set up a demo on the ElectionBuddy site (<http://electionbuddy.com>) in 20-30 minutes, sent 5 ballots (via email) to members and had the results back in 2 hours. It was easy to set up the elected positions and load the email addresses for voting.

The system is secure and only allows one vote (per email address). The results are posted on a dashboard and computed electronically. If a person cannot vote, there is a "proxy" feature that allows the member to forward the ballot to another email for assistance in voting. Write in candidates are an option for the ballot.

Overall, this would save time and money to the club in handling the election process in this new manner. The cost for the election is \$19.00.

There are other options on the hosted site but I only looked at the election process for the club.

ElectionBuddy's Online Voting Methods and Process

ElectionBuddy setup is straightforward and fast, and voting and sharing results is just as easy. But don't let the simplicity fool you, ElectionBuddy can handle complex ballots and voting needs too!

ElectionBuddy System Advantages

Improve voter turnout

Notify voters through email, mail, text message or with your own systems. Receive undeliverable notice alerts and schedule reminders. Voters vote by phone, computer, mail or in person.

Voting integrity

Voter can only vote once and voting choices remain anonymous. Each ballot has one, secure voting key and the vote is auditable, verifiable and can be independently observed.

Every type of vote

Ballots are configurable to manage [candidate elections](#), [board positions](#), [contract ratifications](#), [bylaw amendments](#), [budget approvals](#), [acclamations](#), [motions](#) and [member polls](#).

Simply automated

Complete [setup in 3 steps](#) with extensive online help and email support - spend your time monitoring, not counting. Or engage our experts for dedicated assistance or independent election oversight.

Fast results

Winners are immediately calculated using [first past the post](#), [cumulative voting](#), [preferential ballot](#), [STV](#) [Single transferable vote](#) or [approval voting](#). You can tabulate results yourself too!

Election security

256-bit encryption used to safeguard your vote — the same security as major banks. And we don't share or use voter data — your elections stay private for both you and your voters.

Frequently Asked Questions

When and how do I pay?

Create your free account, test as much as you'd like, and then build your full election — you only pay when you're ready to start it. Payments are made by credit card (Visa, Mastercard, or American Express) via our secure payment-processing software, Stripe. This keeps our costs down, so we can pass the savings onto you!

I have 500 members in my organization, but only about 200 of them vote. How many voters do I pay for?

ElectionBuddy pricing is based on the number of voters who are eligible to vote (i.e. your total membership list) because notices are sent and bounce-backs are tracked for your full list. So, you would pay for the 500 who can vote.

Does anything other than voter list size impact pricing?

The features that you use in your election setup, along with your voter list size, determine your election cost. For example, if you have 200 voters, but want to use Advanced Notice Customization, your election would cost \$89.00. The number of questions you have on your ballot does not impact your pricing — ask your voters as many questions as you'd like!

What level of support is included?

Email support is included for all elections. Email and phone support is included with our Dedicated Assistance and Fully Managed services. Please see our [Services](#) page for more details!
