

Understanding our ASG Competitive Fee Structure

ASG Competitive fees are broken down into two categories:

Training Fees: training fees cover your players technical training, team training and Wednesday evening (Specialty /Game training). All ASG training is conducted by licensed staff coaches.

Team Fees: cover your team's tournament entry fees, league fees, friendly game fees, as well as your coaches travel expenses and team field rental fees.

ASG Team Sponsorship Program:

ASG is the only club in the area that offers teams the opportunity to have team sponsors. All team sponsorship funds go directly to your team account. Sponsorship dollars are collected during the Fall season, and applied to your Spring team budget, then player fees are calculated.

For example (using a team with 18 rostered players):

Team Fees: (including field rentals, tournament fees, etc.)

\$7200 for the season

\$3000 collected Sponsorship funds

Final team fees \$5700 (divided by the number of kids on the team)

Each player: \$234

The more sponsors you have, the more money you will save. If a team has more sponsors and pays the entire team fees, the leftover funds will be applied toward the training fees.
