This bird creature is on a bank note from the far east. What country is it from?

Game of the Week

2 to 3 person scramble from **BLUE** tees

* Please create 2 or 3 person teams *

Scramble: In a 3-person scramble, all three players tee off on a hole. Let's say on a par three hole, the best shot ends up 30 yards from the green. You place a ball-marker tee within a foot from the best ball and all three players hit towards the green. Let's now say the best shot ends up five feet away from the hole, place the ball-marker down and everyone putts from there. The team basically has three chances to sink the putt and get a par. We need just one score per team on the scorecard. There is one additional rule. Everyone must use their tee shot two times no matter how they hit it. **Tip** → Try to use all your tee shots as soon as you can. In other words, use 'em up early.

Extra note for 2-person teams → You can designate one of your golfers to hit an extra shot almost as if you had a team of three. This gives you more or less the same advantage as a 3-person team.

GAME NEWS!

We always offer low gross prizes to the low shooters. Starting this week and going forward, we will now offer "low net" prizes to the ladies who shoot higher scores. It will be based on a "hidden hole." We will draw from the list of higher score names if there are multiple ties.

Café News

Ladies, Li Ling in the cafe brought in non-alcoholic beer if you want it. Limited supply for now.

Please note there are no Appy substitutions with the exception of French fries or a veggie dish. Thanks!
