

**Now available at the  
Reston & District Library.**

We have the (CELA) Center for Equitable Library Access one-disk audio stories and the Victor Reader player that these disks are played on.

Do you or a family member struggle to read printed word?

Did you or a family member used to love reading, and now you or your family member can no longer see well enough to read?

Then these one-disk audio stories and the player to play them on may be a way for you to enjoy books again.

We can set up an appointment to meet with you one-on-one to explain how to use the Victor Reader player so you can listen to audio stories. It would be great if a family member or caregiver could also attend this meeting.

For more information or to request a visit from Reston library staff, please call 204-877-3673, or email: [restonlb@gmail.com](mailto:restonlb@gmail.com).
