

POST *Spray*

- STAY DRY UNTIL YOUR RINSE TIME! NO SWEATING, DISHES OR PUPPY KISSES AS THIS WILL DISRUPT COLOR DEVELOPMENT . IF IT IS RAINING, BE SURE TO WEAR LONG SLEEVES AND PANTS. IF YOU DO GET A WET SPOT, DON'T PANIC! TRY TO BLOT IT DRY AND BLEND THE AREA WITH A DRY TOWEL AND BLENDING BRUSH.

- TRY NOT TO TOUCH YOUR TAN. IF YOU DO CATCH YOURSELF, DO A LIGHT RINSE ON JUST YOUR FINGERTIPS AND PALMS.

- IF YOU ARE SLEEPING IN YOUR TAN, WEAR LONG SLEEVES AND PANTS SO THE BRONZER DOESN'T TRANSFER TO YOUR SHEETS. THIS WILL ALSO MINIMIZE TOUCHING YOUR TAN IN YOUR SLEEP.

- DON'T OVER-MARINATE! SHOWER 10-12 HOURS AFTER A CLASSIC SPRAY AND BETWEEN 2-5 HOURS FOR A RAPID SPRAY. SITTING IN IT LONGER THAN RECOMMENDED WILL CAUSE BRASINESS

- RINSE WITH LUKEWARM WATER - NO SOAPS OR SHAMPOOS! USE YOUR HANDS TO GENTLY RUB THE COSMETIC BRONZER OFF UNTIL THE WATER TURNS CLEAR. BE SURE TO PAT DRY! FOR THE DURATION OF YOUR TAN, USE A GENTLE SCENT FREE SOAP FREE OF MINERAL OILS.
- IF YOUR TAN DOES START LOOKING BRASSY, RINSE WITH A PH TONER SUCH AS SUMMER'S EVE. THIS SHOULD RESTORE YOUR NATURAL BROWN COLOR.

- AVOID BODY WASHES, LOTIONS, SUNSCREENS WITH ALCOHOL, PARABENS, MINERAL OR PETROLEUM OIL, OR SULFATES. DO NOT APPLY PERFUME DIRECTLY ON THE AREAS THAT HAVE BEEN SPRAYED. THE ALCOHOL PRESENT IN PERFUMES CAN AFFECT THE SPRAY TAN.

- USE SOFT FACIAL CLEANSERS. AVOID OILY OR EXFOLIATING ONES AS WELL AS BRUSHES. BEWARE OF STRONG ANTI-ACNE PRODUCTS AND RETINOLS THAT DEHYDRATE THE SKIN!

- DO NOT WAX AREAS WHERE SOLUTION HAS BEEN APPLIED. A DELICATE SHAVING MAY BE DONE OCCASIONALLY.

- HYDRATE! HYDRATE! HYDRATE! DRINK LOTS OF WATER AND MOISTURIZE TWICE A DAY WITH A GENTLE MOISTURIZER FREE OF MINERAL OILS. WE LOVE BEEF TALLOW AS IT IS VERY HYDRATING AND PACKED WITH SKIN-NOURISHING MINERALS!

- EXCESSIVE SWEATING, HOT TUBS, HOT SHOWERS, SAUNAS, LONG BATHS AND POOLS CAN CAUSE A FASTER FADING.

SCHEDULE YOUR NEXT GLOW-UP AND REFER A FRIEND WHO NEEDS A LITTLE CONFIDENCE BOOST!
