

NYFAB Hall of Fame Nomination

Nominations for possible induction into the NYFAB Hall of Fame must be submitted by December 31, 2022. Please consider getting a resume in for NYFAB members who have demonstrated exceptional dedication to administrative efforts or have been top competitor/champions over their archery career.

Any NYFAB Club or Area may submit a nomination a NYFAB member in either the administrative or competitive category and send of list of all their accomplishments with as many career specifics to the attention of the Hall of Fame Chairman. A picture of the nominee must be included with the submission. If any help compiling or submitting your nomination is needed, please reach out to the Chairman.

In order to be eligible, the nominee must have a list of accomplishments in archery at the state level or above, whether that be by virtue of their having been a constant worker in administrative duties like NYFAB Board of Directors, workers at state (or above) tournaments and/or events or those who have won style championships at state level or above. Only one person can be inducted in each of these categories in any given year.

NYFAB Hall of Fame Committee also approved a "Second Honors" category for individuals who were previously inducted in one category (Admin or Comp) and have qualified for Hall of Fame Second Honors in the other. Second Honors are not limited to one person, but will also be voted on by the Hall of Fame Committee by virtue of a Yes or No vote. Voting for this year's inductee in the Administrative and/or Competition category will be done by the Hall of Fame Committee and winners will be announced at the 2023 Indoor Championship. The Chairman of the committee does not vote unless there is a tie.

Please send nominations to the attention of the Hall of Fame Chairman or reach out for any help submitting your nomination.
