5. Old Business:

- a. Outdoor State options 1 day, 2 days but only shoot one, or keep the 2 day formats open to choose from discussed.
 - i. Discussions led to the determination that it would be best to keep the two day format for a number of reasons which included; keeping the prestige of the event, allowing the host club to make more money on breakfasts and lunches, making the travel time more worth it for anyone who has a long distance drive.
 - 1. Overall it was decided that going to a one day event would not increase participation.
 - 2. Location - West preference
- b. Motion made that the 2025 Outdoor Championship will be a 2 day event, International Round format on August 16 & 17, with a 50/50 split of registration fees with the host.

- Board Approved

6. New Business

- a. New idea for a Outdoor Triple Crown incentivizer to create a board of prizes that all triple crown archers would be eligible to shoot at, it would be a game of “luck” as to who wins what. The idea is to give back to the archers and create more camaraderie at the state championship event.
- b. No substantive discussion was had, just a reference to the idea, it was requested that everyone use this to start thinking of ideas to help the Outdoor events grow.
