

Planning

02.09.20 – 25.09.20

Returning to Pre School after the prolonged period of absence our focus is to help all children to settle back into the setting. We intend to reassess all children to take into consideration the development they may have had whilst they have been away.

Whilst we will be paying attention to the 3 key areas of learning Person, Social and Emotional Development (PSED), Communication and Language (CL) and Physical Development (PD) we will be putting particular focus on children's PSED with all children having a next step from this area for the first half term. Our activities over this first month will support all of this by looking at Ourselves, Our Home and Our Family.
