

Prayer to Receive Deliverance and Victory

After spending time meditating on God's promises concerning what you need, and after allowing those promises to cause faith to rise up in your heart, pray this from your heart...

"Father, I have found in your word that You are offering me freedom, deliverance and victory.. I see now that freedom is not something that You will do in the future, but it is something that You have already done for me through Jesus' death, burial and resurrection. Deliverance from _____ is a part of my inheritance that is mine now because of Jesus. I have meditated in your word, and faith has arisen in my heart! I believe that You want me free, delivered and victorious right now!"

"So right now, I reach out with the arms of my heart and I lay hold of the freedom and victory that is mine, the victory that you are offering me. I take it! I seize it with my heart, and I now have it. Right now, the power is working in my body and in my mind, driving out bondage, torment and any addiction! Freedom is mine and I am free now in Jesus name! I have received it and it is working in my body and my mind! Thank you Father!!!"

Now that you have it, put some actions to your faith. Act, think, talk and praise God like you have it!
