

## **Prayer to Receive Provision and Abundance**

After spending time meditating on God's promises concerning what you need, and after allowing those promises to cause faith to rise up in your heart, pray this from your heart...

*"Father, I have found in your word that You are offering me abundance and prosperity. I see now that financial provision is not something that You will do in the future, but it is something that You have already done for me through Jesus' death, burial and resurrection. Provision and abundance is a part of my inheritance that is mine now because of Jesus. I have meditated in your word, and faith has arisen in my heart! I believe that You want me blessed right now, with more than enough so I can be a blessing to others and to your kingdom"*

*"So right now, I reach out with the arms of my heart and I lay hold of the provision that is mine, the abundance that you are offering me. I take it! I seize it with my heart, and I now have it. Right now, I specifically claim (whatever your need is, or whatever you are believing for) I bind the powers of hell that are hindering my prosperity, and I say to them 'take your hands off my money and God's money!' I loose the ministering spirits to go bring this in. I receive the wisdom I need to prosper, and I believe that divine opportunities to prosper are coming my way. Thank you Father!!!"*

Now that you have it, put some actions to your faith. Act, think, talk and praise God like you have it!
