## Core Values

- *Educational Enlightenment*
- *Leadership Development*
- *Integrity Building*
- *Quality of Service to Others*

## Our Motto

EDUCATION IN  
MOTION

## Eagle Empowerment's Senior Event

Eagle Empowerment had an amazing event for Seniors, 70 years and older, held at the DoubleTree Hotel – Carson, California. This event was amazing! The turnout was remarkable! It was the first indoor in-person event since COVID-19. It was great because attendees were required to be COVID-19 tested on-site prior to entering the meeting room. Everyone received a negative test result and no one was turned away. It was electrifying interaction.

The purpose of the Senior Event was to connect Eagle Empowerment Students to Seniors 70 years and older for the purpose of igniting goals for living. Students and seniors introduced themselves with small icebreakers and the interaction began. A delicious buffet luncheon followed with table conversations gaining momentum. An infusion of joy excited attendees.

Following lunch, students were called to the podium to share what they learned from seniors. It was enlightening, amusing, and heartfelt. Overall, a senior event with EE students is worth repeating. The purpose of igniting goals for living was accomplished. Seniors realized their voice still matter in the lives of children. Students recognized the motivation to excel academically from the advice they received from seniors.

## SoFi Stadium Tour

Saturday June 18, 2022, Eagle Empowerment, Inc. students, parents and chaperones were thrilled to tour SoFi Stadium in Inglewood, CA. We were transported by luxury bus from Watts to the stadium – a special treat coordinated by board member William Walter Marshall.

Prior to our assigned Tour Guide leading us through the massive and magnificent edifice, we visited The Kinsey African American Art and History Collection which was on display inside the stadium. As a bonus,

while admiring the exquisite art on display, we were personally welcomed by Bernard and Shirley Kinsey, owners of the collection. They graciously educated the students on the history of the collection. The hard work and many contributions to the building of America by African-Americans were on display. They were excited and personally engaged EE students giving words of encouragement.

During our tour of the stadium, students were excited to learn valuable information on its construction and impact on the surrounding community. Families are within walking distance to an amazing venue offering an array of entertainment. The grand finale allowed students onto the field to participate in many interactive activities such as kicking a field goal, sprinting for a first down, and tossing football passes. We were honored to have Dr. Sonja Dawson, pastor of New Mount Calvary Church and children from her congregation join the tour. It was a great day of adventure and education.

## Eagles Evolving

Eagle Empowerment (EE) is staying connected with students who remain anchored to their EE mentors following high school graduation. Here's an update: Ayante received the \$6,000 Bernice Thompson Harris Memorial Scholarship in June from Bethel Unspeakable Joy Church and began college at California State University Northridge; Christian starts his college journey at Holy Name University, Oakland, CA on a full Soccer Scholarship; Maleah is balancing working for FedEx while attending Long Beach City College.

Amari completed courses at Santa Monica College and is headed to California State University Northridge; Geovanny completed his first year at Drexel University in Pennsylvania and is headed back for year two of a five-year full scholarship; Jalen returns to the University of Iowa for his senior year. Tony concluded his second training in the United States Air Force and is now at Minot Air Force Base in North Dakota. We continue to serve as enthusiastic advocates to these motivated students.

## Eagle Empowerment Financial Literacy Academy

Eagle Empowerment Financial Literacy Academy in partnership with Goalsetter, Inc launched Saturday August 13, 2022. Students are ecstatic! They have an investment account, savings account and bank card. Through online and mobile learning, advancing in financial knowledge is attainable and gratifying. We have a team of dedicated adults working with students and parents.
