Withdrawal of a bid during this interval may result in the Bidder's forfeiture of its Earnest Money Deposit, pursuant to ITB Sub-Clause 14.7(a).

PART E - BID OPENING AND EVALUATION

21.0 BID OPENING

The bids will be opened at the time, date and location notified in the NIT/IFB/Tender Enquiry in the presence of the Bidder's authorized representatives (not exceeding two per Bidder) who choose to attend. All-important information's and any such other detail, as may be considered appropriate by the Employer will be read out during the bid opening.

22.0 CLARIFICATION OF BIDS

Bidder's attention is drawn that during the period, the bids are under consideration, the Bidder is advised to refrain from contacting by any means, the Employer and/or his employees/representatives on matters related to the bids under consideration and that if necessary, the Employer will obtain clarifications from the Bidder in writing. Any effort by a Bidder to influence the Employer's processing of bids or award decisions will result in the rejection of the Bidder's bid.

During the bid evaluation the Employer may, at its discretion, ask the Bidder for a clarification of its bid including documentary evidence pertaining to only the Work Orders/Purchase Orders/Letter of Awards/Contract Agreements declared in the bid for the purpose of meeting Qualifying Requirement specified in NIT/Bidding Documents. The request for clarification and the response shall be in writing and no change in the price or substance of the bid including substitution of reference Work Orders/Purchase Orders/Letter of Awards/Contract Agreements in the bid by new/additional Work Orders/Purchase Orders/Letter of Awards/Contract Agreements for conforming to

Qualifying Requirement shall be sought, offered or permitted.

23.0 EVALUATION AND COMPARISON OF BIDS

23.1 BID EVALUATION

23.1.1 The Employer will initially determine whether each bid is of acceptable quality, is generally complete and is substantially responsive to the Bidding Documents. For purposes of this determination, a substantially responsive bid is one that conforms to all the terms, conditions and specifications of the Bidding Documents without material deviations, objections, conditionalities or reservations. A material deviation, objection, conditionality or reservation is one (i) that affects in any substantial way the scope, quality or performance of the contract; or (ii) that limits in any substantial way, inconsistent with the Bidding Documents, the Employer's rights or the Bidder's obligations under the contract; or (iii) whose rectification would unfairly affect the competitive position of other Bidders who are presenting substantially responsive bids.

23.1.2 The Employer's determination of a bid's responsiveness is to be based on the contents of the bid itself without recourse to extrinsic evidence. If a bid is not substantially responsive, it will be rejected by the Employer, and may not subsequently be made responsive by the Bidder by correction of the non-conformity.

23.2 Arithmetical Correction

Arithmetical errors in the bid will be rectified on the following basis:

If on check there are found to be differences between the rates/prices given by the Bidder in words and figures or in the amount worked out by him in the Schedule of Quantities and General Summary, the same shall be adjusted in accordance with the following rules:

- (a) In the event of a discrepancy between description in words and figures in respect of item rates quoted by a Bidder, the description in words shall prevail.
- (b) In the event of an error occurring in the amount column of Schedule of Quantities as a result of wrong extension of the quantity and the unit rate, the units shall be regarded as firm and extension shall be amended on the basis of the unit rate.
- (c) All errors in totaling in the amount column and in carrying forward totals shall be corrected.
- (d) The totals of various sections of Schedule of Quantities amended shall be carried over to the General Summary and the bid sum amended accordingly. The bid sum so altered shall, for the purpose of bid, be substituted for the sum originally bid and considered for evaluation and comparison of the bids and also for acceptance of the bid, instead of the original sum quoted by the Bidder.

23.3 The evaluation shall be based on the evaluated cost of fulfilling the contract in compliance with all commercial, contractual and technical obligations under this Bidding Document.

23.4 Abnormally High or Low Rated Items

If the rates/prices quoted by the successful Bidder for certain items of the Schedule of quantities are found to be abnormally high or low in relation to the Employer's estimate of the cost of work to be performed under the Contract, then Employer may require the Bidder to produce detailed rate/price analysis for such items of the Schedule of Quantities, to demonstrate the internal consistency of these rates/prices with the construction methods and schedule proposed. After evaluation of the rate/price analysis, Employer may require that the amount of the Security Deposit be increased at the expense of the successful Bidder to a level sufficient to protect Employer against financial loss in the event of

default by the Contractor under the Contract, to carry out such low rated items of work, subject to the provisions of **GCC Sub-Clause 45.2** titled 'Permissible deviation limit for variation in Contract items'. Further, the Employer will require the Contractor to provide a suitable undertaking to execute the item(s) of Work to the extent of quantities up to the variation limits.

23.5 Post-Qualification

- 23.5.1 The Employer will determine to its satisfaction whether the Bidder is qualified to satisfactorily perform the contract, in terms of the Qualifying Requirements (QR) stipulated in NIT/IFB/Tender Enquiry and other criteria detailed elsewhere in the bidding documents.
- 23.5.2 The determination will take into account the Bidder's capabilities, based upon examination of the documentary evidence of the Bidder's qualifications submitted by the Bidder in the **Attachments – 3 and 4** as well as such other information as the Employer deems necessary and appropriate. The Employer reserves the right to assess the capabilities and capacity of the Bidder to perform the contract, should the circumstances warrant such assessment in the overall interest of the Employer.
- 23.5.3 An affirmative determination will be a prerequisite for award of the contract to the Bidder. A negative determination will result in rejection of the Bidder's bid.
- 23.5.4 The capabilities of the vendors and subcontractors, proposed in **Attachment - 4**, to be used by the lowest evaluated Bidder, will also be evaluated for acceptability. Their participation should be confirmed with a letter of intent between the parties, as needed. Should a vendor or subcontractor be determined to be unacceptable, the bid will not be rejected, but the Bidder will be required to substitute an acceptable vendor or subcontractor without any change in the bid price, prior to award.

PART F - AWARD OF CONTRACT

24.0 AWARD CRITERIA

Subject to **ITB Clause 26.0**, the Employer will award the Contract to the Bidder whose bid has been determined to be substantially responsive to the Bidding Documents and whose bid has been adjudged as the lowest evaluated bid, provided that such Bidder has been determined to be qualified to perform the contract satisfactorily.

25.0 EMPLOYER'S RIGHT TO ACCEPT OR REJECT ANY OR ALL BIDS

Notwithstanding **ITB Clause 24.0**, the Employer reserves the right to accept, (whole or in part) and the Bidder shall be bound to perform the same at his quoted rate, or reject any bid for any reasons including national defense and security consideration and to annul the bidding process and to reject all bids at any time prior to award of contract without thereby incurring any liability to the affected Bidder or Bidders or any obligation to inform the affected Bidder or Bidders of the grounds for the Employer's action. Decision of Employer shall be final and binding in this regard.

26.0 LETTER OF AWARD

- 26.1 Prior to the expiration of the bid validity prescribed by the Employer, the Employer will issue a Letter of Award (LOA) / Service / Purchase Order to the successful Bidder containing reference of the documents which form the Contract, Scope of Work, Contract Price, period of completion of the Works, terms of payment, price adjustment, and other important aspects in consideration of the execution and completion of the Works and the remedying of any defects therein by the Contractor as prescribed by the Contract.
- 26.2 This Letter of Award / Purchase Order will constitute the formation of the Contract.

26.3 Prior to the expiration of the bid validity prescribed by the Employer, the Employer can issue a Brief Letter of Award (LOA) to the successful Bidder containing reference of the tender, offer and Contract Price. This brief letter of award shall constitute the formation of the Contract.

27.0 SIGNING OF CONTRACT AGREEMENT

27.1 The Successful Bidder / Contractor shall enter into a Contract Agreement with the Employer within thirty (30) days from the date of Letter of Award or within such other time, as may be desired by the Employer. The Contract Agreement shall be executed on a non-judicial Stamp Paper of appropriate value.

27.2 Manner of Execution of Contract Agreement

- i) Unless and until a formal contract is prepared and executed, the Letter of Award / Purchase Order read in conjunction with the Bidding Documents will constitute a binding contract.
- ii) The Contract Agreement shall be prepared by the Employer and signed at the office of the Employer. The Contract Agreement will be signed in three originals and the Contractor shall be provided with one signed original and the other two originals will be retained by the Employer.
- iii) The Contractor shall provide free of cost to the Employer all the engineering data, drawings and descriptive materials submitted as a part of his bid, in at least three (3) copies to form an integral part of the Contract Agreement within twenty-eight (28) days after issuing of Letter of Award / Purchase Order. The Contractor shall further provide for signing of the Contract Agreement as per prescribed proforma enclosed in the Bidding Documents, appropriate Power of Attorney and the requisite stamp papers. All the other documents required for the preparation of the Contract Agreement shall be provided by the Employer.
- iv) Unless and until the Contract Agreement is signed as above, no payments under the Contract as per GCC Clauses entitled 'Payment On Account / Progressive Interim Payments' and 'Time Limit for Submission & Payment of Final Bill' shall be released to the Contractor by the Employer nor any materials shall be issued to the Contractor as stipulated in the Special Conditions of Contract or otherwise agreed to be issued by the Employer.
- v) **Subsequent to signing of the Contract Agreement, the Contractor at his own cost shall provide to the Employer with at least three (3) true copies of Contract Agreement within twenty-eight (28) days of its signing. The Contractor will also provide one (1) electronic version of the Contract Agreement to the Employer within thirty (30) days of its signing.**

28.0 INELIGIBILITY FOR FUTURE TENDERS

Notwithstanding the provisions regarding forfeiture of Bid Security specified in **ITB Sub-Clause 14.7**, if a Bidder after having been issued the Letter of Award/ Purchase Order, either does not accept the same or does not sign the Contract Agreement or does not submit an acceptable Initial Security Deposit/Entire Security in line with the provisions of the Contract and which results in tender being annulled then such bidder shall be treated ineligible for participation in re-tendering of this particular package.

29.0 ADHERENCE TO FRAUD PREVENTION POLICY

The Bidder/Contractor along with its associate / collaborators / sub-contractors / sub-vendors /

consultants / service

providers shall strictly adhere to the Fraud Prevention Policy of Employer displayed on website <http://www.ntpctender.ntpc.co.in> The Bidder/Contractor shall immediately apprise the Employer about any fraud or suspected fraud as soon as it comes to their notice.

A certificate to this effect shall be furnished by the bidder along with his bid by accepting the Attribute "Acceptance of Fraud Prevention Policy of NTPC".

If in terms of above policy, it is established that the bidder/his representatives have committed any fraud while competing for this contract then the Employer shall be entitled to disqualify the Bidder(s)/ Contractor(s) from the bidding process and forfeit the bid security. In addition to the above, if the Bidder has committed a fraud such as to put his reliability or credibility into question, the Employer shall be entitled to exclude including blacklist and put the Bidder on holiday for any future e-tenders /contracts award process. The exclusion will be imposed for a minimum of 3years.

- 11.4.5 The employees of the Contractor or his Sub-Contractor(s) shall in no case be treated as the employees of the Employer at any point of time.
- 11.4.6 The Contractor and his Sub-Contractors shall be liable to make all due payments to all their employees and ensure compliance with labour laws. If the Employer, is held liable as 'PRINCIPAL EMPLOYER' or otherwise to incur any expenditure or to make any contributions under any legislation of the Government or Court decision, in respect of the employees of the Contractor or his Sub-Contractors, then the Contractor would reimburse the amounts of such expenditure/contribution so made by the Employer.
- 11.4.7 The Contractor shall employ labour in sufficient numbers to maintain the required rate of progress and of quality to ensure workmanship of the degree specified in the contract and to the satisfaction of the Engineer-in-charge.
- 11.4.8 The contractor shall be liable to pay his contribution and the employees contribution to the State Insurance Scheme in respect of all labour employed by him for the execution of the contract, in accordance with the provision of "The Employees State Insurance Act, 1948" as amended from time to time. In case the contractor fails to submit full details of his account of labour employed and the contribution payable, the Engineer-in-charge shall recover from the running bills of Contractor an amount of contribution as assessed by him. The amount so recovered shall be adjusted against the actual contribution payable to Employees State Insurance.

However, in case the ESI act is not applicable to the area where the Work is executed, as evidenced by the Certificate/Letter submitted to this effect from the local authorities, the Contractor shall be liable to arrange and pay for the expenses towards the medical treatment in respect of all labour employed by him for the execution of the Contract.

- 11.4.9 Staff quarters & labour hutments at Site if available, may be provided to the Contractor on chargeable basis at the discretion of the Engineer-in-Charge on mutually agreed terms and conditions.

11.4.10 **Safety**

The Contractor, including his sub-contractors, while executing the Works, will strictly comply with the statutory requirements (including amendments thereof), as applicable, in respect of safety of his employees, equipment and materials as well as employees, equipment and materials of employer / other contractor / agencies. The contractor will also comply with the provisions of NTPC Safety Rules as issued from time to time and displayed on NTPC's tender website <http://www.ntpctender.com>.. The detailed requirements to be complied by the Contractor with regard to the safety of his personnel, equipment and materials are enumerated in the Technical Specifications.

12. Shift Work

- 12.1 To achieve the required rate of progress in order to complete the Works within the Time for Completion, the Contractor may carry on the work, round the clock, in multiple shifts per day, as may be necessary. The Contractor shall however be responsible for complying with all applicable laws in this regard.
- 12.2 No additional payment will be made on account of round the clock working in multiple shifts.
- 12.3 Wherever the work is carried out at night adequate lighting of working areas and access routes for pedestrians or vehicles shall be provided by the Contractor at his cost. Sufficient notice should be given by the Contractor to the Engineer-in-Charge regarding the details of works in shifts so that necessary supervision could be provided.

13. Cooperation with other Contractors/ Agencies

- 13.1 The Contractor shall extend all reasonable cooperation to other Contractors, agencies etc. of the Employer engaged in connection with the Work or any other Work not in the scope of this Work as may be required by the Engineer-in-Charge.
- 13.2 The Contractor shall attend at his cost, all the meetings with the Engineer-in-Charge, other contractors and the Consultants of the Employer for the purposes of the Contract. The Contractor shall attend such meetings as and when required by the Engineer-in-Charge.

14. Security Watch and Lighting

The Contractor shall provide and maintain at his own expense all lights, guards, fencing and watching when and where necessary or required by the Engineer-in-Charge for the protection of the Works or for the safety and convenience of those employed on the Works or the public.

15. Prevention of Pollution

The Contractor shall make necessary arrangement to prevent pollution. of the water in any adjacent water bodies including stream, springs, nallah, river and lakes etc. The Contractor shall be solely responsible and liable for all damage caused by any pollution that may take place during the execution of the Work.

16. Training of Apprentices

The Contractor shall during the currency of the Contract when called upon by the Engineer-in-Charge engage and also ensure engagement by Sub-Contractors

employed by the Contractor in connection with the Works, such number of Apprentices in the categories and for such periods as may be reasonably required by the Engineer-in-Charge. The Contractor shall train them as required under the Apprentices Act, 1961 and shall be responsible for all obligations of the Employer under the Act including the liability to make payment to apprentices as required under the Act.

17. Handing over of Site

- 17.1 The Employer shall make available the Site to the Contractor as soon as possible after the award of the Contract free of encumbrance. The Contractor shall not be permitted to enter on (other than for inspection purposes) or take possession of the Site until instructed to do so by the Engineer-in-Charge in writing.
- 17.2 The Employer reserves the right to hand over the Site in parts progressively to the Contractor. The Contractor will be required to take possession of the Site without any undue delay and do Work on the released fronts in parts without any reservation whatsoever.
- 17.3 However, in case of any delay in handing over of the Site to the Contractor, which delays the performance of the Work, commensurate to the resources mobilised by the Contractor, then the Contractor will be eligible for suitable extension in time for completion of the Works or any other compensation as per the provisions of GCC Sub-Clause 25.6.
- 17.4 The portion of the Site to be occupied by the Contractor shall be indicated by the Engineer-in-Charge at Site and the Contractor shall on no account be allowed to extend his operations beyond these areas. Further, the Contractor shall not hinder in any way the working of other contractors on the Site.
- 17.5 The Contractor shall plan his work as per space available. The Contractor shall make his own arrangement for movement of men, machinery, other equipment etc. required for carrying out the Works included under this Contract
- 17.6 The Contractor shall provide, if necessary, all temporary access to the Work Site and shall alter, adapt and maintain the same as required from time to time and shall take up and clear them away as and when no longer required and, as and when ordered by the Engineer-in-Charge and make good all damage done to the Site.
- 17.7 The Contractor shall be permitted the usage of facilities like stair case, lifts etc. of the Employer for the purposes of the Contract. If any damage is done to the facilities by the Contractor, the same shall be made good by the Contractor at his own cost, but as may be directed by the Engineer-in-Charge.

18. Duties and Powers of Engineer-in-Charge and his representatives

- 18.1 The Engineer-in-Charge shall have the full powers in respect of all the matters in connection with or arising out of this Contract, excepting those specifically reserved for the Employer. However, the Engineer-in-Charge shall not have any power to relieve the Contractor of any of his obligations and responsibilities under the Contract.
- 18.2 The duties of the representative of the Engineer-in-Charge are to watch and supervise the Works and to test and examine any materials to be used or workmanship employed in connection with the Works. He shall have no authority to order any work involving any extra payment by the Employer nor to make any variation in the Works, creating a financial liability to the Employer.

- 18.3 The Engineer-in-Charge may from time to time in writing delegate to his representative any of the powers and authorities vested in the Engineer-in-Charge and shall furnish to the Contractor a copy of all such written delegation of powers and authorities. Any written instruction or written approval given by the representative of the Engineer-in-Charge to the Contractor within the terms of such delegation shall bind the Contractor and the Engineer-in-Charge as though it has been given by the Engineer-in-Charge.
- 18.4 Failure of the Representative of the Engineer-in Charge to disapprove any work or materials shall not prejudice the power of the Engineer-in-Charge thereafter to disapprove such Work or materials and to order the pulling down, removal or breaking up thereof.
- 18.5 If the Contractor shall be dissatisfied with any decision of the representative of the Engineer-in-Charge he shall be entitled to refer the matter to the Engineer-in-Charge who shall there-upon confirm, reverse or vary such decision.

C. Payment

19. Security Deposit

- 19.1.1 The Contractor shall provide a Security Deposit in the amount equivalent to 10% (ten percent) of the contract value. The Security Deposit shall be held by the Employer as security for the due performance of the Contractor's obligations under the Contract.
- 19.1.2 The Bid security/Earnest money deposit furnished by the Contractor will be treated as part of the security deposit. However, if the earnest money deposit is in the form of a bank guarantee, the Contractor will be required to replace it with initial security deposit of equivalent value in one of the forms given here-in-after, within 30 days of issue of Letter of Award/Service Purchase Order. This shall be subject to adjustment while deducting security deposit from the first on account payment.

Further, the Employer at the time of making payment deduct security deposit at the rate of 10 per cent of gross amount of each on account payment until the security deposit so deducted reaches the values mentioned above.. The deductions for the retention of money(ies) will be stopped after the security deposit limit of 10% (ten percent) of the Total Contract Value is reached, unless otherwise required in terms of clause 19.1.3.

The earnest money furnished by the Contractor shall be returned / refunded to him after receipt of the aforesaid bank guarantee and after verification of aforesaid bank guarantee from the issuing bank.

- 19.1.3 The Contractor may, at any time and from time to time, during the course of or after completion of the work, with the permission of the Employer, substitute his cash security deposit, including retention money(ies) deducted from his bills and lying with the Employer, by Bank Guarantee(s) in the prescribed proforma from a Bank acceptable to the Employer and withdraw the equivalent cash amount(s), provided the amount covered by any such Bank Guarantee is not less than Rs.1 lakh (Rupees One lakh only).

If at any time during the course of the work, the gross value of the work, as reflected by the Running Bills submitted by the Contractor has in the opinion of the Employer (which shall be final and binding on the Contractor), exceeded or is likely to exceed the Total Contract Value indicated in the acceptance of Tender, the Contractor shall be bound to pay further Security Deposit as will make up the total Security Deposit to 10%(ten percent) of the then anticipated Contract Value in any of the forms mentioned above failing which the Employer shall be at liberty to make

such deductions towards Security Deposit from the Contractor's Running Bills, and will, at all times, ensure that the Security Deposit does not fall below 10% (ten percent) of the gross value of the work, as reflected by the gross payments made to the Contractor, without taking into account any deductions. If the shortfall in Security Deposit is discovered after completion of the work, the shortfall shall be made good by the Contractor on demand from the Employer, failing which, it will be recovered from any money(ies) due to the Contractor from the Employer under this contract or any other contract with the Corporation.

19.1.4 The Contractor, if he so desires, can also furnish a full Security Deposit of 10% (ten percent) of the Total Contract Value towards faithful performance of the Contract, in one or more of the following modes:

- a) by Demand draft/Pay Order/Bankers Cheque drawn in favour of "NTPC Ltd." payable at place mentioned in SCC (Cheques shall not be accepted) or any other mode specified in SCC.
- b) If the Earnest Money Deposit has been made by Demand Draft, the Contractor may be permitted to adjust the same towards part of the Initial Security Deposit and pay the balance in the manner stipulated at (a) above.
- c) By Bank Guarantee(s) in the prescribed form as included in the Tender Documents, from a Bank in India acceptable to the Employer, provided the amount covered by such Bank Guarantee is not less than Rs.1,00,000/- (Rupees One Lakh only). The format of the said bank guarantee shall be in accordance with the format included in the Section VII (Forms and Procedures). This bank guarantee shall have an initial validity upto ninety (90) days beyond the completion of Defect Liability Period of the Contract. However, in case the date of completion of defects liability period gets extended, the validity of the Security Deposit shall be extended by the period of extension of completion of defects liability.
- d) Any other mode specified in the SCC/ITB.

19.1.5 If after completion of the work, the Total Contract Value falls below the Total Contract Value as indicated in the Letter of Award/Service Purchase Order/Acceptance of tender, such that the total Security Deposit in the hands of the Employer is in excess of the Total Security Deposit calculated at 10% (ten percent) of the reduced contract value, such excess amount, as is in the form of cash in the hands of the Employer, shall be refunded to the Contractor along with the Final Bill.

If the Security Deposit furnished by the Contractor to the Employer in the form of Bank Guarantees, the Contractor shall be permitted to replace the Bank Guarantee(s) already submitted, by Bank Guarantee(s) to cover the reduced value of Security Deposit, at the time of final bill.

19.1.6 The Contractor shall from time to time at the request of the Employer suitably extend the validity of any Bank Guarantee (whether furnished by way of Initial Security Deposit or Security Deposit) for such period(s) as may from time to time be required by the Employer failing which, without prejudice to any other right or remedy available to the Employer, the Employer shall be entitled to encash the Bank Guarantee.

19.2 The Engineer-in-Charge shall release/refund one half (50%) of the Security deposit refundable to the Contractor on completion of work. The Contractor shall alongwith his request submit the following:

- (i) Work completion certificate in terms of GCC clause 43
- (ii) Reconciliation of free issue material, if any.
- (iii) Reconciliation of Statutory requirements of PF, ESI etc. as applicable,

- (iv) Submission of "Certificate Regarding Labour Payments and Statutory Requirements"

The Contractor shall have to provide any other declaration forms required to be submitted.

The Engineer-in-Charge shall on demand from the Contractor release the balance security deposit on expiry of the Defects Liability Period or on payment of the amount of the Final Bill payable, whichever is later, provided the Engineer-in-Charge is satisfied that there is no demand outstanding against the Contractor, arising out of the Contract. The Contractor shall have to provide necessary declaration forms.

- 19.3 No interest shall be payable to the Contractor against the Security Deposit furnished/recovered by way of deductions from running account payments from the Contractor, by the Employer.

20. Payment on Account/Progressive Interim Payments

Unless otherwise specified in the SCC, payment to the Contractor shall be released as per the provisions made herein below.

- 20.1 Bills for progressive payments shall be submitted by the Contractor on monthly basis on or before the date fixed by the Engineer-in-Charge for the Work executed during the preceding period. The Engineer-in-Charge shall then arrange to have the bill verified for payment. The Contractor is to submit all related documents with the bill to EIC as applicable like PF deposit receipt, ESI deposit receipt, Labour payment receipts, Insurance Cover (as per provisions given else where in the GCC). However, for the first RA bill PF and ESI deposit receipt copy shall not be insisted upon.
- 20.2 The progressive payment shall be released after certification by Employer's Field Quality Assurance Department (as applicable), that the Works have been performed in accordance with the Technical Specifications and also upon authorisation for the payment by the Engineer-in-Charge. However, the release of first progressive interim payment shall also be subject to submission of documentary evidence by the Contractor towards having taken the insurance policy(ies) in terms of relevant provisions of GCC Clause entitled 'Contractor's Liability and Insurance' and acceptance of the same by Engineer-in-Charge.
- 20.3 (i) In case of part acceptance of the Work, the Engineer-in-Charge shall have the right to release payment for that part of the Work.
- (ii) Acceptance of the Work without fulfilling all the obligations mentioned under rates and measurement in Technical Specifications shall be considered as part acceptance of Work.
- 20.4 The Contractor shall submit his bill, by the date stipulated by the Engineer-in-Charge, in the prescribed proforma, supported with measurements, jointly acknowledged and accepted in the measurement books. Payments of the Contractor's bill shall be paid by the Employer within twenty-one (21) days from the date of submission of complete bill subject to the authorisation of the Engineer-in-Charge.

Alternatively, if so desired by the Contractor, after preliminary scrutiny and certification by the Engineer-in-Charge, 75% of the certified net payable amount shall be made by the Employer within seven (7) days. The amount certified shall account for all deductions, including statutory deductions as for GST, income tax, etc., recoveries for advances and any other amounts due from the Contractor. The balance 25% shall be paid within twenty-one (21) days, from the date of submission

of the said bill. Such payments made by the Employer shall not constitute any acceptance of the measurements of items of the Works by the Employer and the Engineer-in-Charge shall have the right to alter, modify, reduce or diminish the quantities or classification entered in the Measurement Books or Bills. The Employer shall have right to recover any amount paid in an earlier bill from any subsequent bill and should the amount to be recovered be more than the amount of the subsequent bill, the Contractor shall on demand from the Engineer-in-Charge or Employer immediately refund the extra amount to the Employer within seven(7) days. Wherever technically feasible, the payments shall be released electronically only as per details of bank account indicated in the Contract.

20.5 Any interim certificate given relating to Work done or materials delivered, may be modified or corrected by any subsequent interim certificate or by the final certificate. No certificate of the Engineer-in-Charge supporting an interim payment shall itself be conclusive evidence that any Work or materials to which it relates is/are in accordance with the Contract.

20.6 In case of the delayed Work beyond the scheduled completion period, pending consideration of extension of time of completion if it had been requested by the Contractor, interim payments shall continue to be made as herein above provided.

21. Contract Price

The Contract price shall remain **FIRM** through out the contract period and will be NOT be subject to adjustment for price escalation during the performance of the Contract until unless specified otherwise in the SCC.

However, the Contract Price shall be inclusive of any Seigniorage Fee or Royalties or cess or other charges payable on the quarried or mined metal, minerals or minor minerals, as the case may be, at the rate(s) prevailing within seven (7) days prior to the date of bid opening.

The rate of GST and all other taxes & duties applicable shall be quoted under relevant heading in the MS Excel Bill of Quantity and in case RCM is applicable on any supplies same shall be specified in Attachment 9 of Forms & Procedures (Section VII).

- 22.4 Where Employer as a service receiver is liable to pay GST under Reverse Charge Mechanism (RCM), GST applicable shall be paid by Employer.
- In case of services covered under Reverse Charge Mechanism, for evaluation the bid of contractor shall be cost compensated as per the GST rate applicable as per GST Law.
- Bidder must indicate the value of supplies covered under RCM in his bid in Attachment 9 of Forms & Procedures (Section VII).
- In case RCM is applicable on any Supply and the Supply with value has not been specified by the Bidder in Attachment 9 of Forms & Procedures (Section VII), RCM paid by Employer shall be to Bidders account.
- In case GST is applicable on free issue material, the Bidder must indicate the same in Attachment 9 of Forms & Procedures (Section VII). In case the same has not been specified by the Bidder in Attachment 9 of Forms & Procedures (Section VII), GST paid by Employer shall be to Bidder's account.
- GST component will be deposited with the concerned authorities by the Employer.
- 22.5 In case of bids received from unregistered dealers, for evaluation their bid shall be cost compensated as per the GST rate applicable in view of Reverse Charge Mechanism (RCM) as per GST Law.
- Bidder who does not indicate their GST number in the bid in Attachment 8 shall be considered as unregistered dealer.
- GST component will be deposited with the concerned authorities by the Employer.
- 22.6 Contractor shall obtain a registration certificate as a dealer under the GST Law, if applicable, and other law(s) relating to levy of tax, duty, cess etc. and necessary evidence to this effect shall be furnished by the Contractor to the Employer prior to raising of invoice/bill of supply under GST.
- The Contractor shall be required to submit the GSTIN, if applicable and PAN details to the Engineer-in-Charge before the submission of the first bill/ invoice under the Contract.
- 22.7 Notwithstanding anything to contrary contained in the Contract, the Contractor's right to payment under the Contract is subject to issuance of valid tax invoice/bill of supply as the case may be, payment of applicable GST to the credit of appropriate Government and submission of valid particulars of tax invoice under GST returns in accordance with GST Law.
- 22.8 Employer shall deduct GST at source at the applicable rates in case transactions under the Contract are liable to GST deduction at source.
- 22.9 Unless expressly stated otherwise, a common mechanism for reconciliation of input credit mismatch, to be followed by both NTPC and Supplier, shall be mutually agreed so that both parties follow the same procedure for disclosing the transactions in their respective returns. Notwithstanding anything in the Contract, penalty / damages shall be recovered in case the Contractor makes a default in following the agreed procedure.
- 22.10 The Contractor shall issue tax invoices/bill of supply as applicable, file appropriate returns, and deposit the applicable GST to the account of appropriate government within the time limit prescribed under the GST Law. In the event of any default, Supplier shall be liable to pay the amount which may be imposed on NTPC due to such default.
- 22.11 Provisions of GST law in respect of Related Persons/Parties may appropriately be taken into

consideration by Bidders while submitting the bid.

- 22.12 If a new tax, duty or levy is imposed under statute or law in India after the date seven (7) days prior to date of bid opening and the Contractor becomes liable there under to pay and actually pays the said new tax, duty or levy for bonafide use on the Works contracted, the same shall be reimbursed to the Contractor against documentary evidence of proof of payment, provided that the amount thus claimed is not paid/payable under price variation provision of the Contract.

In case of any variation in the rate of existing taxes & duties, an equitable amount shall be payable to/recoverable from the Contractor to fully take into account any such change on production of satisfactory documentary evidence.

In case of variation in the rate of Seigniorage Fee or royalties during the period of contract, an equitable amount shall be payable to/recoverable from the Contractor, upon the submission of satisfactory documentary evidence.

- 22.13 The payment/reimbursement of statutory variations in the rates of tax and/or of new tax, duty or levy imposed under statute or law in India as above, would be restricted only to direct transactions between the Employer and the Contractor.

- 22.14 The Employer shall make necessary tax deductions under Income Tax Act or any other laws, if applicable.

- 22.15 The Contractor shall himself be informed of all the applicable laws, notifications, rules, circulars and other communications of the State or Central or other authorities with regard to levy of any tax, duty, cess, levy or fee etc, which in any manner may impinge upon him in performance of any obligations/responsibilities under or arising out of the Contract.

- 22.16 Contractor should comply with the provisions of e-way bill notified by appropriate authorities from time to time. The existing provisions regarding road permit will continue till such time if applicable.

23. **Overpayments and Underpayments**

- 23.1 Wherever any claim for the payment of a sum of money to the Employer arises out of or under this Contract against the Contractor, the Contractor upon demand by the Employer or by the Engineer-in-Charge on behalf of the Employer, with explanation of the reasons for such a sum/ claim becoming due, shall forthwith pay the same to the Employer. If the Contractor fails to do so within twenty-one(21) days of such a claim, then the same may be deducted by the Employer from any sum then due or which at any time thereafter may become due to the Contractor under this Contract or from any other sum due to the Contractor from the Employer which may be available with the Employer or from his security deposit.

- 23.2 The Employer reserves the right to carry out post payment audit and technical examination of the final bill including all supporting vouchers, abstracts, etc. The Employer further reserves the right to enforce and recover any overpayment when detected, notwithstanding the fact that the amount of the final bill may include any item which is under dispute between the parties and referred to for settlement under GCC Clause entitled 'Settlement of Disputes' and notwithstanding the fact that the amount of the final bill figures in the arbitration decision/award.

- 23.3 If as a result of such audit and technical examination, any overpayment is discovered in respect of any Work done by the Contractor or alleged to have been done by him under the Contract, it shall be recovered by the Employer from the Contractor by any or all of the methods prescribed above. Similarly if any underpayment is discovered by the Employer, the amount shall be duly paid to the Contractor by the Employer forthwith.

- 23.4 Provided that the aforesaid right of the Employer to adjust overpayments against

amounts due to the Contractor under any other Contract with the Employer shall not extend beyond the period of two years from the date of payment of the final bill or in case the final bill is a minus bill, from the date the amount payable by the Contractor under the minus final bill is communicated to the Contractor.

23.5 Any amount due to the Contractor under this Contract for underpayment may also be adjusted against any amount then due or which may at any time thereafter become due from the Employer to the Contractor under any other Contract or account whatsoever.

24. Time Limit for submission & payment of Final Bill and waiver of rights of all claims

24.1 The final bill shall be submitted by the Contractor within one (1) month of physical completion of the Works unless otherwise a longer period is agreed to between the Engineer-in-Charge and the Contractor. No further claims shall be made by the Contractor after submission of the final bill and these shall be deemed to have been waived and extinguished. Payment of the final bill will be made within two (2) months of receipt of the same.

24.2 MODE OF PAYMENT

24.2.1 Wherever technically feasible, the payments shall be released electronically only as per details of bank account indicated in the EFT Form by the Contractor duly certified by the Bank alongwith cancelled cheque. The Contractor shall hold the Employer harmless and Employer shall not be liable for direct, indirect or consequential loss or damage sustained by the Contractor on account of any error in the information or change in bank details provided to the Employer in the prescribed form without intimation to Employer duly acknowledged.

24.2.2 If the payment due to the Contractor is made by the Employer by crossed account payee cheque, the same shall be forwarded to the address given in the Service Purchase Order/Contract Agreement.

D. Execution of Facilities

25. Work Commencement, Execution & Delays, Time extension, Liquidated Damage(LD)

25.1 Commencement of Works

The execution of the Works shall commence from the date of award unless specified otherwise in the Contract.

25.2 Time for Completion

The entire scope of Work covered under this Contract shall be completed within the time stated in SCC or within such extended time granted to the Contractor by the Employer under the provisions of GCC Sub-Clause 25.4. The time allowed for execution of the Works as specified in the SCC or the extended time in accordance with these Conditions shall be the essence of the Contract.

25.3 Work Progress

25.3.1 Unless already incorporated in the Letter of Award/Service Purchase Order, as soon as possible after the Contract is awarded, the Engineer-in-Charge and the Contractor shall agree upon a Work Schedule which will become the Contract Work Schedule. The Work Schedule shall be prepared in direct relation to the time stated in the Contract documents for the completion of the Works. The Work Schedule shall

indicate the forecast of the dates of commencement and completion of various trades or sections of work.

25.3.2 All the Contractor's activities shall be performed and completed strictly in accordance with the agreed Work Schedule and to achieve the targets, the Contractor shall have to plan adequate mobilisation of all resources. The Engineer-in-Charge, shall however, have the right to review the progress and modify the sequence of carrying out the Work suiting the Site conditions and the Contractor shall be required to comply with such modifications and complete his activities in accordance thereof without any extra cost to the Employer.

25.3.3 **Progress Review Meetings**

The Contractor shall attend all periodic progress review meetings organized by the Engineer-in-Charge or his authorized representative. The deliberations in the meetings shall interalia include the scheduled program, progress of work achieved (including details of manpower, tools and plants deployed by the Contractor vis-a-vis agreed Work Schedule), inputs to be provided by Employer, delays, if any and recovery programme, specific hindrances to the Work and work instructions by Engineer-in-Charge. The minutes of such meetings shall be recorded in a register. These recordings shall be jointly signed by the Engineer-in-Charge or his authorized representatives and the Contractor and a copy of the signed records shall be handed over to the Contractor.

25.4 **Extension of Time for Completion**

25.4.1 The Time for Completion specified shall be extended if the Contractor is delayed or impeded in the performance of any of the obligations under the Contract by reason of any of the following:

- a) any occurrence of Force majeure as provided in GCC Clause entitled 'Force Majeure', or
- b) Work Schedules for beyond deviation limits & Extra Items as provided in GCC Sub-Clause 45.5, or
- c) any default or breach of the Contract by the Employer, or delay on the part of other contractors engaged by the Employer in executing work not forming part of this Contract, or
- d) any suspension order given by the Employer under GCC Sub-Clauses 46.1 (ii) and 46.1 (iii), or
- e) Any other sufficient cause which, in the opinion of the Engineer-in-Charge, is beyond the Contractor's reasonable control;

by such period as shall be fair and reasonable in all the circumstances and as shall fairly reflect the delay or impediment sustained by the Contractor.

25.4.2 Except where otherwise specifically provided in the Contract, the Contractor shall submit to the Employer a notice in writing of a claim for an extension of the Time for Completion, together with particulars of the event(s) or circumstance(s) justifying such extension as soon as reasonably practicable, but no later than fourteen (14) days after the commencement of such event or circumstance. As soon as reasonably practicable, after the receipt of such notice and supporting particulars of the claim, the Employer shall give a fair and reasonable extension of time for completion of Work. Such extension shall be communicated to the Contractor by the Engineer-in-Charge in writing, within thirty (30) days of the date of receipt of such request by the Engineer-in-Charge.

25.4.3 The Contractor shall at all times use his reasonable efforts to minimise any delay in

the performance of his obligations under the Contract.

- 25.4.4 The compensations, if any, payable to the Contractor on account of any one or more of the above reasons of delay have been separately dealt with under relevant provisions of the Contract.

25.5 **Liquidated Damages for Delay**

- 25.5.1 If the Contractor fails to complete the Work on or before the scheduled or extended date of completion as per GCC Sub-Clauses 25.2 and 25.4, he shall, without prejudice to any other right or remedy of the Employer, arising out of the Contract on account of such delay, be liable for payment of liquidated damages @ ½ percent per week, not as penalty, on the Contract Value of the Work for every week that the progress remains below the required progress or that the Work remains incomplete subject to a maximum of 5% of the Contract Value.

In case of amendment in the contract value, the limiting value of the Liquidated damages shall be 5% of the amended Contract Value.

The amount of Compensation may be adjusted or set-off against any sum payable to the Contractor under this or any other contract with the Corporation.

- 25.5.2 The following documents shall form the principal basis for consideration of Extension of Time for Completion pursuant to GCC Sub-Clause 25.4 with or without Liquidated Damages and determining the compensation amount pursuant to GCC Sub-Clause 25.5.

1. The joint recordings in the periodic meeting register,
2. Written notices issued by the Employer and/or the Engineer-in-Charge or his authorized representative to the Contractor in the relevant period.
3. Written requests/ notices by the Contractor to Employer/ Engineer-in-Charge in the relevant period.

25.6 **Delays by Employer or his Authorised Representative**

- 25.6.1 In case the Contractor's performance is delayed due to any act of omission on the part of the Employer or his authorised representative, then the Contractor shall be given appropriate extension of time for the completion of the Works, to the extent such omission on the part of the Employer has caused delay in the Contractor's performance of his work. Regarding reasonableness or otherwise of the extension of time, the decision of the Engineer-in-Charge shall be final.

- 25.6.2 If such delays by the Employer have resulted in any increase in the cost to the Contractor, the Contractor shall be eligible to claim demonstrable and reasonable costs supported by full details of such increased costs incurred by him with all documentary evidence. The Employer shall examine the justification for such a request for claim and if satisfied, the extent of compensation shall be mutually agreed depending upon the circumstances at the time of such an occurrence.

26. **Sub Contracts**

- 26.1 After the award of the Contract, the Contractor shall not subcontract the Works/ any part of the Works without the prior written consent of the Engineer-in-Charge. Any such consent shall not relieve the Contractor from any liability or obligation under the Contract and he shall be responsible for the acts, defaults and neglects of any Sub-

Contractor, his agents, servants or workmen as fully as if they were the acts, defaults or neglects of the Contractor.

Provided that the Contractor shall not be required to obtain such consent for:

- a) the provision of labour,
- b) the purchase of materials which are in accordance with the standards specified in the Contract, or
- c) the subcontracting of any part of the Works for which the sub-contractor is named in the Contract.

In the event of the Contractor proposing a sub-contractor for any part of the Works after the award of the Contract, he shall be required to take approval from the Engineer-in-Charge. The Contractor will then submit the requisite credentials of the agency(ies) he proposes to engage. The details so furnished by the Contractor shall be reviewed by the Employer. In case the agency(ies) proposed by the Contractor for the subcontracting are not considered acceptable, the Contractor will be required to furnish credentials of alternate agency(ies) for approval of Engineer-in-Charge. Based on the review and assessment, the agency(ies) shall be approved by the Engineer-in-Charge within fifteen (15) days of furnishing of credentials by the Contractor.

- 26.2 Where a list of approved agencies for a sub-contracting work is provided in the Contract, the Contractor shall inform the name of the sub-contractor selected by him within a period as agreed with the Engineer-in-Charge, however not later than fourteen (14) days of the date of such selection.

27. Setting out the Works

The Engineer-in-Charge shall supply Scope of work, technical requirements, dimensional drawings, levels and other information necessary to enable the Contractor to set out the Works and the Contractor shall set out the Works and be responsible for the accuracy of the same. He shall amend at his own cost and to the satisfaction of the Engineer-in-Charge any error found at any stage which may arise through inaccurate setting out. The Contractor shall protect and preserve all bench marks used in setting out the Works till date of submission of final bill under the Contract, unless the Engineer-in-Charge directs otherwise.

28. Methodology of Execution & Equipment Mobilisation

- 28.1 Methodology of execution and the work plan adopted by Contractor shall match the methodology/requirements specified in Technical Specifications.
- 28.2 The suggested minimum plant & equipment and machinery to be deployed by the Contractor for the execution of Work shall be as given in Technical Specifications.
- 28.3 The Contractor shall arrange at his own expense all tools, plant and equipment (hereinafter referred to as T & P) and crane required for execution of the Work, except as otherwise specified in SCC at rates and on terms specified therein.
- 28.4. The Contractor shall arrange at his own expense all tools, plant and equipment including Crane(s) (hereinafter referred to as T&P) required for execution of the work.
- 28.4.1 If the Contractor requires any item of T&P on hire from the Corporation, the corporation will, if such item is available, hire it to the Contractor at an hourly rate to be fixed by the Engineer-in-Charge.

- 28.4.2 The T&P shall be given to the Contractor on hire by the Corporation for a period of one hour or its multiple thereof. In case the T&P is hired by the Contractor for a period of four hours or less, the hire charges applicable for a minimum period of four hours shall be recovered from the Contractor's bills. In case the T&P is hired by the Contractor for a period exceeding four hours, the hire charges shall be calculated based on the charges applicable as per hourly rate. The hire charges in respect of T&P given on hire to the Contractor by the Corporation shall be recovered from the Contractor's bills.
- 28.4.3 For accounting purpose, total working hours shall be considered to be the period between time of placement of T&P to the Contractor at the requested location and time of release of the same. This shall be logged in Record Book on daily basis and shall be signed between Contractor/ Subcontractor and the Engineer-in-charge or his authorised representative. In case the T&P issued to the Contractor is not owned by the Corporation but hired from another agency, the authorised representative of the agency providing the T&P will also sign the said Record Book. In case the Contractor contests correctness of any entry and/or fails to sign the Record Book the decision of the Engineer-in-Charge shall be final and binding on him. Hire charges shall be calculated in accordance with the entries in the Record Book.
- 28.4.4 The Contractor will be exempted from levy of any charges for the number of days he is called upon in writing by the Engineer-in-Charge to suspend execution of the work, provided Corporation's T&P/T&P hired by the Corporation in question has, in fact, remained idle with the Contractor because of the suspension, provided the Contractor, in case the period of suspension exceeds 11 days, returns Corporation's T&P/T&P hired by the Corporation to the place from where it was issued.
- 28.5.1 **T&P owned by Corporation**
- The hire charges shall be as per NTPC guidelines and are to be borne by the Contractor. The Contractor shall permit the Engineer-in-Charge to carry out periodical maintenance of Corporation's T&P in accordance with the provision there for in the aforesaid Schedule, and there will be no deduction in hire charges for the period spent on such maintenance.
- However, the Contractor shall be allowed to return the tools and plants (issued by the Corporation) for purposes of repairs and for the duration of such repairs no hire charges shall, be levied.
- The Contractor shall be responsible for care and custody of Corporation's T&P (including employment of chowkidars) during the period Corporation's T&P remain with him and any damage (fair wear and tear excepted) to any of the equipment (except for Excepted Risks provided always the Contractor has taken precautions necessary to protect it from such risks) shall be made good at the Contractor's expense to the satisfaction of the Engineer-in-Charge unless such damage is caused because of negligence of crew provided by the Corporation.
- 28.5.2 **T&P hired by the Corporation**
- The hourly hiring rate for T&P hired by the Corporation from another agency and issued to Contractor shall be all inclusive rate including the cost of hiring, operation & maintenance charges, fuel charges and other charges.
- 28.6 The Corporation gives no guarantee in respect of output of T&P hired to the Contractor and no reduction in rates or any compensation shall be allowed on the ground that out turn or performance of Corporation's T&P/T&P hired by the Corporation was not to the Contractor's expectation.
- 28.7 The T&P hired to the Contractor shall be returned at the place of issue by the Contractor to the Engineer-in-Charge (unless otherwise directed) on execution of the work or section of the work at the end of the day. In case the T&P is used by the Contractor in continuation of previous requisition and the crane has not moved out of

his work area, then the movement of crane for fresh requisition(s) by the Contractor within his work area shall be to the Contractor's account.

- 28.8 The Corporation shall be entitled to terminate the hire without assigning any reason whatsoever and the Contractor shall have no claim to any payment of compensation or otherwise whatsoever on account of termination of hire of T&P issued by the Corporation. On termination of the hire by the Corporation, the Contractor shall return the T&P at the place of issue unless otherwise directed by the Engineer-in-Charge

29. Patent Indemnity

- 29.1 The Contractor shall indemnify and hold harmless the Employer and its employees and officers from and against any and all suits, actions or administrative proceedings, claims, demands, losses, damages, costs, and expenses of whatsoever nature, including attorney's fees and expenses, which the Employer may suffer as a result of any infringement or alleged infringement of any patent, utility model, registered design, trademark, copyright or other intellectual property right registered or otherwise existing at the date of the Contract in the performance of the Contract.

- 29.2 In the event of any claim being made or action being brought against the Employer or its representatives or its employees, in respect of any such matters as aforesaid, the Contractor shall immediately be notified thereof. However, such indemnity shall not apply when such infringement has taken place in complying with the specific directions issued by the Employer; but the Contractor shall pay any royalties or other charges payable in respect of any such use, the amount so paid being reimbursed to the Contractor only if the use was as a result of any drawings and/or specifications issued after the award of Contract by the Employer, provided further that the Contractor has brought to the notice of the Engineer-in-Charge, of such infringement immediately upon the instructions of the Engineer-in-Charge or upon the Contractor becoming aware of such infringement.

30. Materials for the performance of the Contract

(a) Materials to be provided by the Contractor

1. The Contractor shall at his own expense, provide all materials required for the Works other than those which are to be issued by the Employer.
2. All materials to be provided by the Contractor shall be in conformity with the specifications laid down in the Contract and the Contractor shall, if requested by the Engineer-in-Charge, furnish proof to the satisfaction of Engineer-in-Charge that the materials so comply.
3. Wherever required by the Engineer-in-Charge, the Contractor shall, at his own expense and without delay, provide samples of materials proposed to be used in the Works. The Engineer-in-Charge shall within seven(7) days thereafter or within such further period as he may require, intimate to the Contractor in writing, whether samples are approved by him or not. If samples are not approved, the Contractor shall forthwith arrange for fresh samples complying with the Technical specifications laid down in the Contract, for approval.
4. The Engineer-in-Charge shall have full powers to require removal of any or all of the materials brought to site by the Contractor which are not in accordance with the Contract specifications or do not conform in character or quality to samples approved by him. In case of default on the part of the Contractor in removing rejected materials, the Engineer-in-Charge shall be at liberty to have them removed by other means. The Engineer-in-Charge shall have full powers to order the Contractor to provide other proper materials to be substituted for

rejected materials and in the event of the Contractor refusing to comply, he may cause the same to be supplied by other means. All costs, which may attend upon such removal and/or substitution, shall be borne by the Contractor.

5. The Engineer-in-Charge shall be entitled to have tests carried out as specified in the Contract for any materials supplied by the Contractor other than those for which, as stated above, satisfactory proof has already been furnished, at the cost of the Contractor and the Contractor shall provide at his expense all facilities which the Engineer-in-Charge may reasonably require for the purpose. If no tests are specified in the Contract, and such tests are required by the Engineer-in-Charge, the Contractor shall provide all facilities required for the purpose and the charges for these tests including the cost of materials consumed/used in such tests shall be to the account of Employer, except if the tests disclose that the said materials are not in accordance with the provision of the Contract, then the same shall be to the account of the Contractor.
6. All charges on account of GST, other taxes and levies on materials obtained for the Works from any source (excluding materials issued by the Employer) shall be borne by the Employer except Seigniorage Fee or Royalties or cess or other charges payable on the quarried or mined metal, minerals or minor minerals.

(b) *Materials to be issued by the Employer:*

(i) **Materials to be issued by the Employer free of cost**

The Employer, if so stipulated in SCC, may issue material to the Contractor free of cost for incorporation in the Works as per the terms and conditions specified in the SCC/Technical Specifications.

(ii) **Materials to be issued by the Employer on chargeable basis**

If after the award of the Contract, the Contractor desires the Employer to issue/supply any other materials, for the purposes of the Contract such materials may be issued by the Employer, if available, at rates and terms and conditions to be fixed by the Engineer-in-Charge. The Employer reserves the right not to issue any such materials. The non-issue of such materials will not entitle the Contractor for any compensation whatsoever either in time or in cost.

(c) *General:*

1. Materials required for the Works, whether brought by the Contractor or issued by the Employer, shall be stored by the Contractor only at places approved by the Engineer-in-Charge. Storage and safe custody of material shall be the responsibility of the Contractor.
2. Engineer-in-Charge shall be entitled at any time to inspect and examine any materials intended to be used in or on the Works, either on the Site or at factory or workshop or other place(s) where such materials are assembled, fabricated, manufactured or at any place(s) where these are lying or from which these are being obtained and the Contractor shall give such facilities as may be reasonably required for such inspection and examination.
3. All materials brought to the Site shall not be removed off the Site without the prior written approval of the Engineer-in-Charge. But whenever the Works are finally completed and advance, if any, in respect of any such material is fully recovered, the Contractor shall at his own expense forthwith remove from the Site all surplus material originally supplied by him.

4. The Employer may issue all the materials agreed to be issued to the Contractor under the Contract, at its site stores. All other costs such as loading, unloading, transportation to Contractor's godown, storage etc. till the materials are incorporated in the Works or returned to the Employer shall be to the account of the Contractor.
5. All materials issued to the Contractor, by the Employer for incorporation or fixing in the Works (including preparatory work) shall, on completion or on termination of the Contract, be returned by the Contractor at his expense, at the Employer's store, after making due allowance for actual consumption, reasonable wear and tear and/or waste. If the Contractor is required to deliver such materials at a place other than the Employer's store, he shall do so and the transportation charges from the Site to such place, less the transportation charges which would have been incurred by the Contractor, had such materials been delivered at the Employer's store, shall be borne by the Employer.

31. Quality Assurance Programme

- 31.1 Sampling, testing and quality assurance requirements shall be as given in Technical Specifications & Scope of Work.
- 31.2 All costs associated with testing of materials required as per Technical Specifications & Scope of Work shall be deemed to be included in Contract rates/prices in the Bill of Quantity (BOQ).

32. Inspection and Approval

- 32.1 All Works shall be subject to examination and approval at each stage thereof and the Contractor shall give due notice to the Engineer-in-Charge or his authorised representative when each stage is ready. In default of such notice, the Engineer-in-Charge shall be entitled to appraise the quality and extent thereof.
- 32.2 No work shall be covered up or put out of view without the approval of the Engineer-in-Charge or his authorised representative and the Contractor shall provide full opportunity for examination and measurement of any work which is about to be covered up or put out of view. The Contractor shall give due notice to the Engineer-in-Charge or his authorised representative whenever any such work is ready for examination and the Engineer-in-Charge or his representative shall without unreasonable delay, unless he considers it unnecessary and advises the Contractor accordingly' attend for the purpose of examining and measuring such work. In the event of the failure of the Contractor to give such notice he shall, if required by the Engineer-in-Charge, uncover such work at his own expense.
- 32.3 The Engineer-in-Charge or his authorised representative shall have powers at any time to inspect and examine any part of the Works and the Contractor shall give such facilities as may be reasonably required for such inspection and examination.
- 32.4 The Contractor shall uncover any part of the Works and/or make openings in or through the same as the Engineer-in-Charge may from time to time direct for his verification and shall reinstate and make good such part to the satisfaction of the Engineer-in-Charge.
- 32.5 The additional & specific inspection and approval requirements in respect of the Works are detailed further in the Technical Specifications.

33. Records and Measurement

- 33.1 The Engineer-in-Charge shall, except as otherwise stated, ascertain and determine by measurement the value of the Work done in accordance with the Contract.
- 33.2 All items having a financial value shall be entered in Measurement Book, level book, etc. prescribed by the Engineer-in-Charge so that a complete record is obtained of all Work performed under the Contract.
- 33.3 Measurements shall be taken jointly by the Engineer-in-Charge or his authorised representative and the Contractor or his authorised representative.
- 33.4 Before taking measurements of any Work the Engineer-in-Charge or his authorised representative for the purpose shall give a reasonable notice to the Contractor. If the Contractor fails to attend or send his authorised representative for taking the measurements after such a notice or fails to countersign or to record the objection, if any, within a week from the date of measurement, then in any such event measurements taken by the Engineer-in-Charge or his authorised representative shall be taken to be correct measurements of the Work.
- 33.5 The Contractor shall, without extra charge, provide assistance with every appliance, labour etc. necessary for taking measurements.
- 33.6 Measurements shall be signed and dated by both parties each day on the Site on completion of measurement. If the Contractor objects to any of the measurements recorded, a note to that effect shall be made in the Measurement Book against the item objected to and such note shall be signed and dated by both parties engaged in taking the measurement. The decision of the Engineer-in-Charge on any such dispute or difference or interpretation shall be final and binding on both the parties and shall be beyond the scope of the provisions of settlement of disputes under the Contract.
- 33.7 Based on the above measurements, NTPC shall enter the same in SAP. A print out of the SAP records shall be taken for Running bill(s) and Final Bill and jointly signed by Engineer-in-Charge or his authorised representative and the Contractor or his authorised representative for the purpose of performance, payment and records.

34. Methods of Measurement

- 34.1 Measurement of Contract items of Work shall be taken in accordance with method of Measurement stipulated in the Technical Specifications/Bill of Quantities (BOQ). In case of extra items, the Engineer-in-Charge shall also specify the method of measurement for such items at the time of his order for execution of such extra items.
- 34.2 In case no method of measurement is stipulated in Technical Specifications/ Bill of Quantity (BOQ)/ Order of the Engineer-in-Charge, then the Method of Measurement of such items shall be as per the relevant Standard Method of Measurement issued by Indian Standards Institution or general industry practice/ local custom.

35. Temporary / Enabling Works

- 35.1 Temporary / Enabling Works as specified in the Technical Specifications or as directed by the Engineer-in-charge for the proper execution of the Works shall be carried out by the Contractor. These Works shall be executed by the Contractor at his own cost.
- 35.2 All equipment, labour, materials including cement, reinforcement and the structural steel required for the Enabling Works associated with the entire Contract shall have to be arranged by the Contractor only. Nothing extra shall be paid to the Contractor on this account and the unit rates quoted by the Contractor on this account and the unit rates quoted by the Contractor for various items in the Bill of Quantities (BOQ)

shall be deemed to include the cost of Enabling Works.

35.3 The Contractor shall make his own arrangement for movement of men, machinery, other requirement etc. required for carrying out the Work included under this Contract.

36. Urgent Works

If any Urgent Work becomes necessary and the Contractor is unable or unwilling at once to carry it out, the Engineer-in-Charge may by his own or other means, carry it out as he may consider necessary. If the Urgent Work shall be such as the Contractor is liable under the Contract to carry out at his expenses all expenses, incurred on it by the Employer shall be recoverable from the Contractor and be adjusted or set off against any sum payable to him.

37. Power & Water Supply and boarding and lodging of employees/ labour / staff

37.1.1 The Contractor shall advise the Engineer-in-Charge, within seven (7) days from the date of acceptance of the Letter of Award/Service Purchase Order, about his exact requirement of space for his office, storage area, preassembly and fabrication areas etc. The above requirement shall be reviewed by the Engineer-in-Charge and space as decided by him will be allotted for his use as well as his Sub-Contractor's use. The Employer does not guarantee uninterrupted power supply.

37.1.2 The Contractor shall have to make arrangements for boarding and lodging of his employees/labour/staff at his own cost. NTPC shall NOT be providing any facility for the stay of employees/labour/staff. He shall not be entitled to any payment on account of the expenditure incurred for boarding and lodging of employees/labour/staff. However, NTPC may provide any facility if available on fully chargeable basis.

37.2 Supply of Unfiltered Water for construction/maintenance/repair work only

37.2.1 Unless otherwise stated in SCC, the Contractor shall draw water from the water supply mains provided in the project at suitable points to be indicated by the Engineer-in-Charge. All pipe lines, pumps and other accessories required for taking the water from the mains to the site of Work shall be provided by the Contractor at his own cost. He shall not be entitled to any payment on account of the expenditure incurred in providing the pipe lines, pumps, etc. No charges will be levied on the Contractor for the water drawn by him for the purpose of the construction/maintenance/repair work.

37.2.2 The Employer does not guarantee the maintenance of uninterrupted supply of water and in case of any interruptions of such supply of water; the Contractor shall be responsible for making at his own cost alternative arrangements for water. The Engineer-in-Charge also reserves the right to limit the quantity of water to be allowed to be drawn by the Contractor.

37.2.3 No claim for damages will be entertained by the Employer on account of interruption of water supply or limitation of quantity of water as aforesaid or on account of the water so supplied being not fit for construction purposes or on any other account in connection with such water supply.

37.2.4 It will be the responsibility of the Contractor to adequately treat the water at his cost before use for the intended purpose.

37.2.5 Where the Contractor makes his own arrangements for water required for the Work, nothing extra shall be paid for the same. He should make arrangements for storage of sufficient quantity of water required for at least a day's work.

38. Site testing equipments and facilities

- 38.1 As part of the Contract, the Contractor shall provide and maintain testing equipments and facilities for testing of materials and work executed under the direction and general supervision of the Engineer-in-Charge. The testing equipments should establish meeting of requirements detailed in the Technical specifications and scope of work and should have valid calibration certificate.
- 38.2 All equipments shall be provided by the Contractor so as to be compatible with the testing requirements specified. The Contractor shall maintain the equipment in good working condition for the duration of the Contract.
- 38.3 The Contractor shall provide approved qualified personnel to operate and maintain the testing equipments and facilities for testing of materials and work executed for the duration of the Contract. The number of staff and equipment available must at all times be sufficient to keep pace with the sampling and testing programme as required by the Engineer-in-Charge.
- 38.4 The Contractor shall re-calibrate all measuring devices whenever so required by the Engineer-in-Charge and shall submit the results of such measurements without delay.

39. Completion Certificate

- 39.1 As soon as the Work is completed, the Contractor shall give notice of such completion to the Engineer-in-Charge and within fourteen (14) days of receipt of such notice the Engineer-in-Charge shall inspect the Work and shall furnish the Contractor with a certificate of completion indicating (a) date of completion, (b) defects, if any, in the Work to be rectified by the Contractor and/or (c) items, if any, for which payment shall be made at reduced rates. When separate periods of completion have been specified for items or groups of items, the Engineer-in-Charge shall issue separate completion certificates for such item or groups of items. No certificate of completion shall be issued nor shall the Work be considered to be complete till the Contractor shall have removed from the premises on which the Work has been executed all scaffolding, sheds and surplus materials (except such as are required for rectification of defects), and the like to the satisfaction of Engineer-in-Charge. If the Contractor fails to comply with any of the requirement of the conditions as aforesaid, on or before the date of completion of the Works, the Engineer-in-Charge may, at the expense of the Contractor fulfil such requirements and dispose of the scaffoldings, surplus materials and rubbish etc. as he thinks fit and recover the cost after giving due credit for the realised amount. The term 'completion' used herein means the physical completion of the Work and in no way means to connote the quality or time of performance of the Work.

In case of Period Contracts/Maintenance Contract(s), the Contractor shall give notice of such completion to the Engineer-in-Charge seven (7) days prior to the day of completion. On receipt of such notice the Engineer-in-Charge shall inspect the Work and shall furnish the Contractor with a certificate of completion indicating (a) date of completion, (b) defects, if any, in the Work to be rectified by the Contractor and/or (c) items/ services, if any, for which payment shall be made at reduced rates before the expiry of contract period.

- 39.2 If at any time before completion of the entire Work, items or groups of items for which separate periods of completion have been specified, have been completed, the Engineer-in-Charge can take possession of any part or parts of the same (any such part(s) being hereinafter in this Condition referred to as 'the relevant part') notwithstanding anything expressed or implied elsewhere in this Contract.

- 39.3 In case of such taking over of possession by Engineer-in Charge of the said item or group of items, the following shall govern:
- 39.3.1 Within twenty-eight (28) days of request by the Contractor, the Engineer-in-Charge shall issue completion certificate for the relevant part as in GCC Sub-Clause 39.1 above provided the Contractor fulfils his obligations under that Condition for the relevant part.
- 39.3.2 The Defects Liability Period in respect of such items and the relevant part shall be deemed to have commenced from the certified date of completion of such items or the relevant part as the case may be.
- 39.3.3 The Contractor may reduce the value insured under GCC Clause entitled 'Contractor's Liability and Insurance' to the extent of the value of the completed items or relevant part as estimated by the Engineer-in-Charge and notified for this purpose. This estimate shall be applicable for this purpose only and for no other.
- 39.3.4 For the purposes of ascertaining liquidated damages for delay under GCC Sub-Clause 25.5 in respect of any period during which the Works are not complete the relevant part will be deemed to form a separate item or group, with date of completion as given in the Contract or as extended under GCC Sub-Clause 25.2 and actual date of completion as certified by the Engineer-in-Charge under this Clause.

E. Defects Liability

40. Liability for Damage, Defects or Imperfections and Rectification thereof

If the Contractor or his workmen or employees shall damage or destroy any part of the building/structure in which they may be working or any building, road, fence etc. contiguous to the premises on which the Work or any part of it is being executed, or if any damage shall happen to the Work while in progress, the Contractor shall upon receipt of a notice in writing in that behalf make the same good at his own expense. If it shall appear to the Engineer-in-Charge or his representative at any time during construction or re-construction or prior to the expiration of the Defects Liability Period, that any work has been executed with unsound, imperfect or unskilled workmanship or that any materials or articles provided by the Contractor for execution of the Work are unsound or of a quality inferior to that contracted for, or otherwise not in accordance with the Contract, or that any defect, shrinkage or other faults have appeared in the Work arising out of defective or improper materials or workmanship, the Contractor shall, upon receipt of a notice in writing in that behalf from the Engineer-in-Charge, forthwith rectify or remove and re-construct the work so specified in whole or in part, as the case may require or as the case may be, and/or remove the materials or articles so specified and provide other proper and suitable materials or articles at his own expense, notwithstanding that the same may have been inadvertently passed, certified and paid for and in the event of his failing to do so within the period to be specified by the Engineer-in-Charge in his notice aforesaid, the Engineer-in-Charge may rectify or remove and re-execute the work and/or remove and replace with others, the materials or articles complained of, as the case may be, by other means at the risk and expense of the Contractor.

41. Defects Liability Period

Unless otherwise specified in the Technical Specifications and Scope of Work/SCC, the Contractor shall be responsible to make good and remedy at his own expense within such period as may be stipulated by the Engineer-in-Charge, any defect which may develop or may be noticed before the expiry of twelve (12) months from the certified date of completion.

F. Risk Distribution

42. Employer's and Contractor's Risks and Insurance

42.1 The Employer carries the risks which this Contract states as Employer's risks, and the Contractor carries risks which this Contract states as Contractor's risks, under this clause.

42.2 Irrespective of the Employer's Risks or Contractor's Risks the Contractor shall execute the Works as per Contract and as directed by Engineer-in-Charge.

42.3 Employer's Risks

42.3.1 The 'Excepted Risks' are

(1) In so far as they occur in the Union of India and directly affect the execution of the Works:

(a) war and hostilities (whether war be declared or not), invasion, act of foreign enemies.

(b) rebellion, revolution, insurrection or military or usurped power or civil war.

(c) riot, commotion or disorder, unless solely restricted to employees of the Contractor or of his sub-contractors and arising from the conduct of the Works;

(d) ionizing radiations, or contamination by radio activity from any nuclear fuel, or from any nuclear waste from the combustion of nuclear fuel, radioactive, toxic, explosive, or other hazardous properties of any explosive, nuclear assembly or nuclear component;

(e) pressure waves caused by aircraft or other aerial devices traveling at sonic or supersonic speed;

(f) any operation of the forces of nature, which is unforeseeable or against which an experienced contractor could not reasonably have been expected to have taken adequate precautions or

(2) a cause due to the design of the Works, other than the Contractor's design.

42.3.2 In the event of any loss or damage to the Works or any part thereof and/or to any materials or articles at the Site from out of any occurrence of Excepted Risks, the following provisions shall have effect:

(a) The Contractor shall, as may be directed in writing by the Engineer-in-Charge, remove from the Site any debris and so much of the Works as shall have been damaged, take the same to the place identified by the Employer, at the Employer's cost.

(b) The Contractor shall, as may be directed in writing by the Engineer-in-Charge, proceed to rectify, repair, reconstruct or replace the damaged articles, materials and the Works under and in accordance with the Conditions of the Contract, at the Employer's cost.

42.3.3 The Contractor shall not be entitled to payment under the above provisions in respect of so much loss or damage as has been occasioned by any failure on his part to perform his obligations under the Contract or not taking precautions to prevent loss or damage or minimize the amount of such loss or damage.

42.4 **Contractor's Risks**

- 42.4.1 All risks of loss of or damage to the physical property and of personal injury and death, which arise during and in consequence of the performance of the Contract, other than those covered under the Excepted Risks at sub-clause 42.3.1, will be the liability of the Contractor, except as otherwise provided in the Contract.
- 42.4.2 From commencement to completion of the Works, the Contractor shall take full responsibility for the care thereof and for taking precautions to prevent loss or damage and to minimize loss or damage to the greatest extent possible and shall be liable for any damage or loss that may happen to the Works or any part thereof from any cause whatsoever (save and except due to Excepted Risks) and shall at his own cost repair and make good the same so that at completion, the Works shall be in good order and condition and in conformity in every respect with the requirements of the Contract and instructions of the Engineer-in-Charge.
- 42.4.3 The Contractor shall indemnify and keep indemnified the Employer against all losses and claims for injuries or damage to any person or any property whatsoever which may arise out of or in consequence of the construction and maintenance of the Works and against all claims, demands, proceedings, damages, costs, charges and expenses whatsoever in respect of or in relation thereto; Provided always that nothing herein contained shall be deemed to render the Contractor liable for or in respect of or to indemnify the Employer against any Compensation or damage caused by any occurrence of the Excepted Risks.

42.5 **Insurance**

- 42.5.1 Before commencing the execution of the Works, the Contractor shall, without in any way limiting his obligations and responsibilities under this clause, indemnify the Employer against any damage/ loss or injury which may occur to his property and personnel, to any third party property and third person by or arising out of carrying out of the Contract, except due to reasons of 'Excepted Risks'.
- 42.5.2 Towards this end, the Contractor shall arrange adequate insurance coverages, in the joint names of the Employer and the Contractor and/or Sub-contractor, from the date of commencement of the Work to the end of the Defects Liability Period, to the nature and content, amounts and deductibles as further elaborated and detailed in the SCC for the following events which inter alia will include the following:
- (i) loss of or damage to the Contractor's T&P;
 - (ii) loss of or damage to the property other than Works including those of third parties; and
 - (iii) injury or death of personnel belonging to the Contractor or any other party.
- 42.5.3 Contractor shall ensure that the insurance coverage of the above policies include any loss or damage to his Staff, Supervisors, Engineers and others who are not covered by Workmen Compensation Act. Alternatively, the Contractor will take suitable additional or separate insurance policies to cover the same.
- 42.5.4 The Contractor shall necessarily take Workmen Compensation Policy and Third Party Liability Policy. The third party liability policy shall be for value specified in the Technical Specifications & Scope of Work/SCC.
- 42.5.5 The Policies and certificate for insurance shall be delivered by the Contractor to the Engineer-in-Charge for the Engineer-in-Charge's approval before the date of commencement of the Works.
- 42.5.6 The aforesaid insurance policy/policies shall provide that they shall not be materially modified/ cancelled till the Engineer-in-Charge has agreed to such modification or

cancellation in writing.

- 42.5.7 Upon grant of the time extension by the Engineer-in-Charge, it is understood that the Contractor's liability of indemnity will be extended suitably without any further action by the Employer and the Contractor shall promptly furnish documentary evidence to Engineer-in-Charge towards extension of insurance policies for the period of time extension.
- 42.5.8 The Contractor shall ensure that wherever applicable, his Sub-Contractor(s) shall take out and maintain in effect adequate insurance policies for their personnel, vehicles, T&P and property other than Works including those of third parties for the part of the Works executed by them under the Contract, unless such Sub-Contractors are covered by the policies taken out by the Contractor.
- 42.5.9 It shall be the responsibility of the Contractor to take the insurance cover for all his liabilities. However, if the circumstances warrant, Employer may, without being bound to, effect and keep in force any such insurance coverage and pay such premium or premiums, as may be necessary for that purpose from time to time and deduct the amount so paid by the Employer from any monies due or which may become due to the Contractor or recover the same as a debt due from the Contractor.

The Contractor shall extend support to NTPC for lodging of claims for its own material with the insurers for claim against Policies taken by NTPC.

43. Force Majeure

43.1 Definition of Force Majeure

43.1.1 "Force Majeure" shall mean any event beyond the control of the Employer or of the Contractor, as the case may be, (but excluding 'Excepted Risks', which shall be dealt in accordance with GCC Clause entitled "Employer's Risks") and which they could not foresee or with a reasonable amount of diligence could not have foreseen and which substantially affect the performance of the Contract.

43.1.2 Notwithstanding the generality of the above, the following events shall be termed as Force Majeure events in respect of the Contract

- (i) terrorist acts,
- (ii) confiscation, nationalization, mobilization, commandeering or requisition by or under the order of any government or de jure or de facto authority or ruler or any other act of failure to act of any local state or national government authority,
- (iii) national/sectoral/illegal strike, sabotage, lockout, embargo, import restriction, port congestion, lack of usual means of public transportation and communication, industrial dispute, shipwreck, epidemics, quarantine and plague.

43.2 Notice of Force Majeure

43.2.1 If either party is prevented, hindered or delayed from or in performing any of its obligations under the Contract by an event of Force Majeure, then it shall notify the other in writing of the occurrence of such event and the circumstances thereof within fourteen (14) days after the occurrence of such event.

43.2.2 The party who has given such notice shall be excused from the performance or punctual performance of its obligations under the Contract for so long as the relevant event of Force Majeure continues and to the extent that such party's performance is prevented, hindered or delayed. The Time for Completion shall be extended in accordance with GCC Clause 25.4 (Extension of Time for Completion).

43.2.3 Notwithstanding any other provision of the Clause, Force Majeure shall not apply to any obligations of the Employer to make payments to the Contractor herein.

43.3 **Duty to Minimize Delay**

43.3.1 The party or parties affected by the event of Force Majeure shall use reasonable efforts to mitigate the effect thereof upon its or their performance of the Contract and to fulfill its or their obligations under the Contract, but without prejudice to right to terminate the Contract.

43.4 **Consequence of Force Majeure**

43.4.1 If the Contractor is prevented from performing its obligations under the Contract by reason of Force Majeure of which notice has been given under Sub-Clause 43.2.1, and suffers delay by reason of such Force Majeure, the Contractor shall be entitled to an extension of time for any such delay, if the Completion is or will be delayed, in accordance with GCC Sub-Clause entitled "Extension of Time for Completion".

43.4.2 No delay or nonperformance by either party hereto caused by the occurrence of any event of Force Majeure shall

- a. constitute a default or breach of the Contract,
- b. give rise to any claim for damages or additional cost or expense occasioned thereby

if and to the extent that such delay or nonperformance is caused by the occurrence of an event of Force Majeure.

43.5 **Termination for reasons due to extended Force Majeure**

43.5.1 If the performance of the Contract is substantially prevented, hindered or delayed for a single period of more than seventy (70) days or an aggregate period of more than one hundred and forty (140) days or any such extended period as may be agreed to between the parties on account of one or more events of Force Majeure during the currency of the Contract, the parties will attempt to develop a mutually satisfactory solution, failing which either party may terminate the Contract by giving a notice to the other.

43.5.2 In the event of termination pursuant to GCC Sub-Clause 43.5.1, the rights and obligations of the Employer and the Contractor shall be as specified hereunder:

- (a) the Contractor shall be paid at contract rates for the work already executed by him
- (b) The Employer shall have an option to take over the Contractor's facilities/materials or any part thereof brought to site, at such rates as are determined reasonable by the Engineer-in-Charge.

43.5.3 In the event of any disagreement of the parties relating to matters at GCC Clause 42.5.2, the dispute shall be settled in accordance with GCC Clause titled "Settlement of Disputes".

G. Changes in Contract Element

44. Changes in Constitution:

Where the Contractor is a partnership firm, prior approval in writing of the Employer shall be obtained before any change is made in the constitution of the firm. Where the Contractor is an individual or a Hindu Undivided Family business concern such approval as aforesaid shall likewise be obtained before the Contractor enters into any partnership firm which would have the right to carry out the Work hereby undertaken by the Contractor. If prior approval as aforesaid is not obtained, the Contract shall be deemed to have been assigned in contravention of GCC Sub-Clause 47.3 hereof and the same action may be taken and the same consequences shall ensue as provided for in the said GCC Sub-Clause 47.3.

45. Powers of Engineer-in-Charge for alterations/ omissions/ additions /substitutions

45.1 The Engineer-in-Charge shall have power (i) to make alterations in, omissions from, additions to, or substitutions for the original specifications, drawings, designs and instructions that may appear to him to be necessary or advisable during the progress of the work, and (ii) to omit a part of the Works in case of non-availability of a portion of the Site or for any other reasons he may consider necessary and/or reasonable. Any such alterations, omissions, additions or substitutions shall be ordered by the Engineer-in-Charge as a deviation. The Contractor shall be bound to carry out the said deviation in accordance with instructions given to him in writing by the Engineer-in-Charge and such alterations, omissions, additions or substitutions shall form part of the Contract as if originally provided therein and shall be carried out by the Contractor on the same conditions in all respects on which he agreed to do the original Works, except as otherwise provided herein.

45.2 Permissible deviation limit for variations in Contract Items

45.2.1.1 For Contracts Other than overhauling

In case of items of Work, quantities of which may change due to Site Conditions or any other reasons, the permissible limit of deviations over the original value of each item will be (+)20% for contracts other than those for overhauling. All the quantities of any item actually executed from 0-120% of the Contract quantity (0 to 1.2 times the quantity) will be payable at Contract rates for while the rates for the quantities above 120% of Contract quantity (1.2 times the Contract quantity) will be subject to review/revision.

45.2.1.2 For Contracts for overhauling

In case of items of Work, quantities of which may change due to Site Conditions or any other reasons, the permissible limit of deviations over the original value of each item will be (+)50% for contracts for overhauling. All the quantities of any item actually executed from 0-150% of the Contract quantity (0 to 1.5 times the quantity) will be payable at Contract rates for while the rates for the quantities above 150% of Contract quantity (1.5 times the Contract quantity) will be subject to review/revision.

45.2.2 In case the Bill of Quantities (BOQ) contains sub-items of Work under a Main Item, then the above permissible limits of deviation shall be applicable on the value of each such sub-item and not on the entire value of the Main Item.

45.2.3 The deviations up to the above permissible limits shall be carried out by the Contractor at the same rates and terms as per the Contract.

45.2.4 Rates of Items of Work derived on the basis as detailed in GCC Sub-Clause 45.2 shall not be eligible for price adjustment.

45.3 Methodology for Determination of Rates for variations of Contract Items beyond the permissible deviation limits

- 45.3.1 For Contract Items which exceed the limits over the original value of that item as mentioned in GCC Sub-Clause 45.2.1 above, the Contractor may, within fourteen (14) days of the date of receipt of the order to carry out the said work, inform the Engineer-in-Charge of the rate which he proposes to claim for such item(s) of Work on Market Rate(s) basis, supported by analysis of the rate claimed and the relevant documents to substantiate the same. While working out the rates on the basis of market rate, 10% (Ten percent) of the rate to cover all overheads and profits of the Contractor shall be considered. The Engineer-in-Charge shall, within seventy (70) days thereafter, after giving due consideration to the rate(s) claimed by the Contractor, determine the rate(s), in consultation with the Contractor, on Market Rate(s) basis. In the event of disagreement between the Engineer-in-Charge and Contractor, even after the said seventy (70) days from the date of submission of claims of the rate(s) by the Contractor, the Engineer-in-Charge within a further period of twenty-one (21) days thereafter, shall fix the rate(s)/price(s) as are, in his opinion appropriate. The rate(s)/price(s) so fixed shall be notified to the Contractor and shall be final and binding.
- 45.3.2 If the Engineer-in-Charge fails to determine and notify the rate(s)/price(s) even after expiry of the said twenty-one (21) days, then the Contractor will be at liberty to refer the matter for resolution to the Employer within a further period of fourteen (14) days after the above said twenty one (21) days. If the Employer does not determine and cause the Engineer-in-Charge to notify the rate(s)/price(s), then the matter would be determined in accordance with the provisions of GCC Clause entitled "Settlement of Disputes". However, in the meanwhile, the Engineer-in-Charge will pay for the items of Work executed beyond the permissible deviation limits, at 75% (seventy-five percent) of the rate(s)/price(s) claimed by the Contractor with satisfactory supporting documents or at Contract Rate, whichever is less, purely on adhoc and provisional basis subject to adjustment.
- 45.3.3 In the event of the Contractor failing to inform the Engineer-in-Charge, within the stipulated period of fourteen (14) days time, the rate(s) which he proposes to claim, supported by relevant documents to substantiate the same, the rate(s) for such item(s) shall then be determined by the Engineer-in-Charge in consultation with the Contractor (if he so desires) on the basis of Market Rate(s) within seventy (70) days thereafter. The rate(s) /price(s) so determined shall be notified to the Contractor and shall be final and binding.
- 45.3.4 Rates of Items of Work derived on the basis as detailed in GCC Sub-Clause 45.3 shall not be eligible for price adjustment.

45.4 Methodology for Determination of Rates for Extra Items (Additional, Altered or Substituted Items) of Work

- 45.4.1 Rates for Extra Items of Work (comprising of Additional, Altered or Substituted items of Work), shall be determined by the Engineer-in-Charge in the following order:
- (i) If the rate(s)/price(s) for extra items occurring in a particular Bill of Quantities (BOQ) are available in other Bill of Quantities (BOQ) forming part of the Contract, the lowest of such rate(s)/price(s) will be used, subject to the nature of work being comparable.
 - (ii) If the rate(s) cannot be derived as per (i) above, then
 - (a) In case of contracts with only one Bill of Quantities (BOQ) forming the part

of the Contract, the rate(s)/price(s) for the extra item(s) shall be derived from the lowest of any similar item(s) in that Schedule.

- (b) In case of contracts with two or more Schedules of Quantities forming a part of the contract, the rates for the Extra Item(s) will be derived from the nearest similar item appearing in the Schedule in which the extra item is to be executed failing which from any other Schedule in which nearest similar item is available, the rate so derived being the lowest of such derived from nearest similar items in those other Schedules and used.

- 45.4.2 If the rate for any additional, altered or substituted item of work cannot be determined in the manner specified in GCC Sub-Clause 45.4.1 (i) & (ii) above, the Contractor shall, within fourteen (14) days of the date of receipt of the order to carry out the said Work, inform the Engineer-in-Charge under advice to the Employer of the rate which he proposes to claim for such item(s) of Work on Market Rate(s) basis, supported by analysis of the rate claimed and relevant documents to substantiate the same. While working out the rates on the basis of market rate, 10% (Ten percent) of the rate to cover all overheads and profits of the Contractor shall be considered. The Engineer-in-Charge shall, within seventy (70) days thereafter, after giving due consideration to the rate(s) claimed by the Contractor, determine the rate(s), in consultation with the Contractor, on Market Rate(s) basis. In the event of disagreement between the Engineer-in-Charge and Contractor, even after the said seventy (70) days from the date of submission of claims of the rate(s) by the Contractor, the Engineer-in-Charge within a further period of twenty-one (21) days thereafter shall fix the rate(s)/price(s) as are, in his opinion appropriate. The rate(s) /price(s) so fixed shall be notified to the Contractor and shall be final and binding.
- 45.4.3 If the Engineer-in-Charge fails to determine and notify the rate(s)/price(s) even after expiry of the said twenty-one (21) days, then the Contractor will be at liberty to refer the matter for resolution to the Employer within a further period of fourteen (14) days after the above said twenty-one (21) days. If the Employer does not determine and cause the Engineer-in-Charge to notify the rate(s)/price(s), then the matter would be determined in accordance with the provisions of GCC Clause entitled "Settlement of Disputes". However, in the meanwhile, the Engineer-in-Charge will pay for the extra items of Work, at 75% (seventy-five percent) of the rate(s)/price(s) claimed by the Contractor with supporting documents or at Contract Rate, whichever is less, purely on adhoc and provisional basis subject to adjustment.
- 45.4.4 In the event of the Contractor failing to inform the Engineer-in-Charge within the stipulated period of fourteen (14) days time the rate(s) which he proposes to claim, supported by relevant documents to substantiate the same, the rate(s) for such item(s) shall then be determined by the Engineer-in-Charge in consultation with the Contractor (if he so desires) on the basis of Market Rate(s) within seventy (70) days thereafter. The rate(s) /price(s) so determined shall be notified to the Contractor and shall be final and binding.
- 45.4.6 Rates for Extra Items of Work, derived on the basis as detailed in GCC Sub-Clause 45.4 above shall not be eligible for Price Adjustment.

45.5 Work Schedules for variation beyond deviation limits & Extra Items

The Engineer-in-Charge shall finalise a Work Schedule in consultation with the Contractor for items of Work beyond deviation limits and the Extra Items of Work to be executed and the date(s) specified in this agreed Work Schedule shall be considered as the date for working out the Price adjustment amount. The primary consideration by the Engineer-in-Charge while determining the time required for execution of the altered or substituted item(s) of Work, would be quantities of the altered or substituted and not the value of altered or substituted item(s) of Work.

45.6 **Provisional payments**

Pending approval of the Rates for Contract Item(s) of Work beyond the permissible deviation limits as well as for Extra Items (Additional, Altered or Substituted item) of Work, provisional payment at an interim rate (75% of the rate/price determined by the Engineer-in-Charge), shall be made to the Contractor after recoveries as per terms and conditions of the Contract, in the interest of progress of Work, which shall be regularized after approval of Competent Authority.

46. **Suspension of Works**

46.1 The Contractor shall, on receipt of the order in writing of the Engineer-in-Charge, suspend the progress of the Works or any part thereof for such time and in such manner as the Engineer-in-Charge may consider necessary for any of the following reasons:

- (i) On account of any default on part of the Contractor; or
- (ii) for proper execution of the Works or part thereof for reasons other than the default on the part of the Contractor; or
- (iii) for safety of the Works or part thereof, for reasons other than those attributable to the Contractor.

46.2 The Contractor shall, during such suspension, properly protect and secure the Works to the extent necessary and carry out the instructions given in that behalf by the Engineer-in-Charge.

46.3 If the suspension is ordered for reasons (ii) & (iii) in Sub-Clause 46.1 above, in so far as it concerns suspension of part of the Works or whole of the balance, the Contractor shall be entitled to an extension of time equivalent to the period of suspension plus 25% thereof. The Contractor shall not be eligible for any other compensation whatsoever for such suspension, except as otherwise provided herein under.

46.4 If the suspension is ordered for reasons (ii) & (iii) in Sub-Clause 46.1 above, as far as it concerns the entire balance of Works on the date of suspension and if such period of suspension cumulatively exceeds twenty-eight (28) days, then in addition to extension of time as in Sub-Clause 46.3 above, the Contractor shall be eligible for compensation, as the Employer may consider reasonable, in respect of salaries and/or wages paid by the Contractor to his employees and labour at site, remaining idle during the cumulative period of suspension, adding to the total thereof, a reasonable percentage as determined appropriate by the Engineer-in-Charge, to cover indirect expenses and incidentals of the Contractor, provided the Contractor submits his claim supported by details to establish the reasonableness of his claim to the Engineer-in-Charge under advice to the Employer within fourteen (14) days of the expiry of the said twenty-eight (28) days period.

46.5 If for any reason other than for reasons of Contractor's default as per GCC Sub-Clause 46.1(i) above, if the Contract remains suspended for a continuous period exceeding ninety (90) days, then the Employer and the Contractor shall mutually discuss and agree for a suitable course of action regarding the recommencement/reinstatement of the suspended work or alternatively treat the suspension as termination / abandonment of the Works by the Employer as per GCC Sub-Clause 47.1 herein. If out of above discussion it is determined that the Contract has to be treated as terminated under the provisions of GCC Sub-Clause 47.1, then the Contractor shall be eligible for compensation as envisaged in GCC Sub-Clause 47.1.1 herein.

47. Termination

47.1 Termination by the Employer

If at any time after award of Contract, the Employer shall decide to abandon or reduce the scope of the Works for any reason whatsoever and hence not require the whole or any part of the Works to be carried out by the Contractor, the Engineer-in-Charge shall give notice in writing to that effect to the Contractor and the Contractor except as herein under provided, shall have no claim to any payment of compensation or otherwise whatsoever, on account of any profit or advantage which he might have derived from the execution of the Works in full but which he did not derive in consequence of the said termination of the whole or part of the Works.

47.1.1 The Contractor shall be paid at Contract rates full amount for works executed at Site and, in addition, a reasonable amount as certified by the Engineer-in-Charge for the items hereunder mentioned which could not be utilised on the Work to the full extent because of the said termination:

- (a) Any cost incurred on preliminary site work, e.g. access roads, labour huts, staff quarters and site offices; storage accommodation and water storage tanks, etc.
- (b) (i) The Employer shall have the option to take over Contractor's facilities/ materials or any part thereof either brought to Site or of which the Contractor is legally bound to accept delivery from suppliers (for incorporation in or incidental to the Work), provided, however, the Employer shall be bound to take over the materials or such portions thereof as the Contractor does not desire to retain. For materials taken over or to be taken over by the Employer, cost of such materials shall, however, take into account purchase price, cost of transportation and deterioration or damage which may have been caused to materials whilst in the custody of the Contractor.
 - (ii) For Contractor's materials not retained by the Employer, reasonable cost of transporting such materials from Site to Contractor's permanent stores or to his other Works, whichever is less. If materials are not transported to either of the said places, no cost of transportation shall be payable.
- (c) If any materials issued by the Employer are rendered surplus, the same except normal wastage shall be returned by the Contractor to the Employer at rates not exceeding those at which these were originally issued less allowance for any deterioration or damage which may have been caused whilst the materials were in the custody of the Contractor.
- (d) Reasonable compensation for transfer of Contractor's T&P from Site to Contractor's permanent stores or to his other Works, whichever is less. If T&P are not transported to either of the said places, no cost of transportation shall be payable.

47.1.2 The Contractor shall, if required by the Engineer-in-Charge furnish to him wage books, time sheets and other relevant documents as may be reasonably necessary to enable him to certify the reasonableness of the amount payable under this Clause.

47.2 Termination on Contractor's Death

47.2.1 If the Contractor is an individual or a proprietary concern and the individual or the proprietor dies and if the Contractor is a partnership concern and one of the partners dies, then unless the Employer is satisfied that the legal representatives of the

individual Contractor or of the proprietor of the proprietary concern and in the case of partnership, the surviving partners, are capable of carrying out and completing the Contract, the Employer shall be entitled to cancel the Contract as to its incomplete part without the Employer being liable in any way to payment of any compensation to the estate of the deceased Contractor and/or to the surviving partners of the Contractor's firm on account of the cancellation of the Contract. The decision of the Employer that the legal representatives of the deceased Contractor or the surviving partners of the Contractor's firm cannot carry out and complete the Contract shall be final and binding on the parties. In the event of such cancellation the Employer shall not hold the estate of the deceased Contractor and/or the surviving partners of the Contractor's firm liable for damages for not completing the Contract.

47.3 **Termination for Contractor's Default**

47.3.1 If the Contractor:

- (a) at any time makes default in proceeding with the Works with due diligence and continues to do so after a notice of seven (7) days in writing from the Engineer-in-Charge; or
- (b) commits default in complying with any of the terms and conditions of Contract and does not remedy it or take effective steps to remedy it within seven (7) days after a notice in writing is given to him in that behalf by the Engineer-in-Charge; or
- (c) fails to complete the Works or items of Work with individual dates of completion, on or before the date(s) of completion, and does not complete them within the period specified in a notice given in writing in that behalf by the Engineer-in-Charge; or
- (d) offers, or gives or agrees to give to any person in Employer's service or to any other person on his behalf any gift or consideration of any kind as an inducement or reward for doing or forbearing to do or having done or forborne to do any act in relation to the obtaining or execution of this or any other Contract for the Employer; or
- (e) enters into a contract with the Employer in connection with which commission has been paid or agreed to be paid by him or to his knowledge, unless the particulars of any such commission and the terms of payment thereof have been previously disclosed in writing to the Employer/ Engineer-in-Charge; or
- (f) obtains a Contract with the Employer as a result of ring bidding or other non-bonafide methods of competitive bidding; or
- (g) being an individual, or if a firm, any partner thereof, at any time be adjudged insolvent or have a receiving order or order for administration of his estate made against him or shall take any proceedings for liquidation or composition (other than a voluntary liquidation for the purpose of amalgamation or reconstruction) under any Insolvency Act for the time being in force or make any conveyance or assignment of his affective or composition or arrangement for the benefit of his creditors or purport so to do, or if any application be made under any Insolvency Act for the time being in force, for the sequestration of his estate or if a trust deed be executed by him for benefit of his creditors; or
- (h) being a company, shall pass a resolution or the Court shall make an order for the liquidation of its affairs, or a receiver or manager on behalf of the debenture holders shall be appointed or circumstances shall arise which entitle the Court or debenture holders to appoint a receiver or manager; or

- (i) assigns, transfers, sublets (engagement of labour on a piece-work basis or of labour with materials not to be incorporated in the work, shall not be deemed to be subletting) attempts to assign, transfer or sublet the entire Works or any portion thereof without the prior written approval of the Employer;

the Employer may, without prejudice to any other right to remedy which shall have accrued or shall accrue thereafter to the Employer by written notice, cancel the Contract as a whole or only such items of work in default, from the Contract.

47.3.2 The Employer shall on such cancellation have rights to:

- (a) take possession of the Works and any materials, construction plant, implements, stores, etc., thereon; and/or
- (b) carry out the incomplete Work by any means at the risk and cost of the Contractor.

47.3.3 On cancellation of the Contract in full or in part, the Employer shall determine what amount, if any, is recoverable from the Contractor for completion of Works or part of the Works or in case the Works or part of the Works is not completed, the loss or damage suffered by the Employer. In determining the amount, credit shall be given to the Contractor for the value of the work executed by him up to the time of cancellation, the value of Contractor's material taken over as well as incorporated in the work, and use of tools and plants belonging to the Contractor.

47.3.4 Any excess expenditure incurred or to be incurred by the Employer in completing the Works or part of the Works or the excess loss or damages suffered or may be suffered by the Employer as aforesaid after allowing such credit shall be recovered from any money due to the Contractor on any account, and if such money is not sufficient the Contractor shall be called upon in writing to pay the same within twenty-eight (28) days.

47.3.5 If the Contractor fails to pay the required sum within the aforesaid period of twenty-eight (28) days, the Engineer-in-Charge shall have the right to sell any or all of the Contractor's unused materials, construction plant, implements, temporary buildings etc. and apply the proceeds of sale thereof towards the satisfaction of any sums due from the Contractor under the Contract and if thereafter there be any balance outstanding from the Contractor, it shall be recovered from him.

47.3.6 Any sums in excess of the amounts due to the Employer and unsold materials, construction plant etc., shall be returned to the Contractor, provided always that if cost or anticipated cost of completion by the Employer of the Works or part of the Works is less than the amount which the Contractor would have been paid had he completed the Works or part of the Works, such benefit shall not accrue to the Contractor.

48. Possession prior to completion

The Engineer-In-Charge shall have the right to take possession of or use any completed or partially completed work or part of the work. Such possession or use shall not be deemed to be an acceptance of any completed work in accordance with the contract agreement. If such prior possession or use by the Engineer-In-Charge delays the progress of work, equitable adjustment in the time of completion will be made.

49. Adherence to Fraud Prevention Policy

The Contractor along with its Associate / Collaborator / Sub-Contractors / Sub-Vendors / Consultants / Service Providers shall strictly adhere to the Fraud

Prevention Policy of Employer displayed on its website <http://www.ntpctender.com>.

The Contractor along with their ~~his~~ associate/ collaborator/ subcontractors/ subvendor/ consultant/ service providers shall observe the highest standards of ethics and shall not indulge or allow anybody else working in their organization to indulge in fraudulent activities during execution of the contract. The Contractor shall immediately apprise the Employer about any fraud or suspected fraud as soon as it comes to his notice.

If in terms of above policy it is established that the Contractor/his representatives have committed any fraud while executing the contract then the Security Deposit shall be forfeited.

50. Limitation of Liability

Except in cases of criminal negligence or willful misconduct,

- (a) Neither Party shall be liable to the other Party, whether in contract, tort, or otherwise, for any indirect or consequential loss or damage, loss of use, loss of production, or loss of profits or interest costs, which may be suffered by the other Party in connection with the Contract, provided that this exclusion shall not apply to any obligation of the Contractor to pay liquidated damages to the Employer and
- (b) The aggregate liability of the either party to the other party, whether under the Contract, in tort or otherwise, shall not exceed the total Contract Price, provided that this limitation shall not apply to any obligation of the Contractor to indemnify the Employer with respect to patent infringement.

Notwithstanding anything contained hereinabove, the aggregate liability of the Employer to the Contractor shall not exceed the Total Contract Price, less payments already released to the Contractor, if any.

51. Policy for withholding and banning of Business dealings

The employer has in place a policy for withholding and banning of business Dealings as enclosed. Business dealings may be withheld or banned with the Bidder/Contractor on account of any default by the contractor under GCC clause 47.3.1 or any of the grounds detailed in the said Banning Policy.

Declaration on Policy for withholding and banning of Business dealings duly filled as per employer's format is enclosed in the Section VII: Bid Forms and Procedures. This declaration is to be submitted along with the Technical Bid.

52. Disposal of Scrap

The Contractor shall with the agreement of the Employer promptly remove from the site any 'Scrap' generated during performance of any activities at site in pursuance of the Contract. The term 'Scrap' shall refer to scrap/ waste/ remnants arising out of the fabrication of structural steel work and piping work at the project site in the course of execution of the contract and shall also include any wastage of cables during the termination process while installing the cables. GST applicable, if any, shall be to Contractors account.

The ownership of such Scrap shall vest with the Contractor except in cases where the materials for the items have been issued by the Employer from its stores for their installation only without any adjustment to the Contract Price. The removal of scrap shall be subject to the Contractor producing the necessary clearance from the relevant authorities (Custom, GST etc.), if required by the law, in respect of disposal

of the scrap. The liability for the payment of the applicable taxes/ duties shall be that of the Contractor.

The scrap generated out of Owner issue material without any adjustment to the Contract Price is to be returned to the Employer. Also the scrap generated out of any material, Plant and Equipment specifically stipulated in the Bill of Quantities in the Contract shall be the property of the Employer whether or not incorporated in the Work is to be returned to the Employer.

53. Disposal of surplus material, Plant & Equipment

Ownership of any material, Plant and Equipment brought by Contractor in excess of the requirements for the Work (i.e. surplus material) shall revert to the Contractor upon Completion of the Work or at such earlier time when the Employer and the Contractor agree that the materials in question are no longer required for the Work. However, any material, Plant and Equipment specifically stipulated in the Bill of Quantities in the Contract shall be the property of the Employer whether or not incorporated in the Work.

The Contractor shall remove from the site such surplus material brought by him in pursuance of the Contract, subject to the Contractor producing the necessary clearance from the relevant authorities (Customs, GST etc.), if required by law, in respect of re-export or disposal of the surplus material locally. The liability for the payment of the applicable taxes/duties, if any, on the surplus material so re-exported and/or disposed locally shall be that of the Contractor.

The Contractor shall also indemnify to keep the Employer harmless from any act of omission or negligence on the part of the Contractor in following the statutory requirements with regard to removal /disposal of surplus material. The Indemnity Bond shall be furnished by Contractor as per proforma enclosed. Further, in case the laws require the Employer to take prior permission of the relevant Authorities before handing over the surplus material to the Contractor, the same shall be obtained by the Contractor on behalf of the Employer.

The surplus generated out of Owner issue material without any adjustment to the Contract Price is to be returned to the Employer. Also any surplus generated out of any material, Plant and Equipment specifically stipulated in the Bill of Quantities in the Contract shall be the property of the Employer whether or not incorporated in the Work.

54. No Claim for interest or damage

54.1 Interest on money due to the contractor:

No omission on the part of the Employer to pay the amount due upon measurement or otherwise shall vitiate or make void the contract, nor shall the contractor be entitled to interest upon any guarantee/security/retention money or payments in arrears nor upon any balance which may on the final settlement of his account be due to him.

54.2 No claim for interest or damage:

No claim for interest or damage will be entertained or be payable by the Employer in respect of any amount or balance which may be lying with the Employer or may become due upon settlement/adjudication of any dispute, difference or misunderstanding between the parties by way of arbitration or court proceedings or otherwise or in respect of any delay or omission on the part of the Employer in making intermediate or final payment or in respect of any amount/damage which may be claimed through arbitration or court proceedings or in any other respect whatsoever.

Brief Details of Water Treatment System at Jhabua Power (Battery Limits)

Water System of the plant covers the PT Plant Inlet to the final output of water from various stages treatment system. The Operation and Maintenance of Water Treatment system covered under this contract includes the followings systems/facilities: -

- Pre-Treatment Plant (PT Plant)
- RO-DM Plant (including DM water storage tanks)
- DM transfer Pumps and Piping up to CST Tank.
- Effluent Treatment Plant (ETP), Central Monitoring Basin (CMB), CMB discharge Pumps including common header and complete discharge line.
- CW make-up line and CW Treatment Plant (CWT) including CW and RW chlorine dioxide system.
- Condensate Polishing Unit (CPU) and CPU regeneration system including piping in between.
- Clarified Water Distribution Pumps up to discharge line.
- Potable Water system (Plant & Colony) - Pumps & discharge line up to Field hostel and other area tanks.
- Chemical Laboratory. (Water, Coal, Oil, Coal, Gas etc.)
- Collection & Testing of Water, Coal, Gas, Ash & Oil samples.
- Operation and Maintenance of Coal Sample Collection and preparation Equipment's.
- Operation of SWAS Panel.

1. Nature of Job for Operation Manpower -

- The hired manpower will execute complete operation, monitoring and controlling of all the above plants / systems round the clock basis throughout the contract period.
- The manpower shall be responsible for loading, unloading, handling and storage of chemicals & resins required for the operation of the plants as per the instruction of EIC
- The manpower shall be responsible for dilution and dosing/injection of all the chemicals for the above plant/systems as per the recommendations of OEMs/JPL.
- The above plants/Systems shall be operated in accordance with the operating parameters as decided by JPL.
- The manpower shall be responsible for routine analysis to be carried out for proper operation and water chemistry of all the plants.
- The manpower shall be responsible for attending /handling all emergency breakdowns/fault at all the above plants /system.
- Contractor shall depute experienced Chemists/Analysts to carry out the analysis in the lab provided by JPL as per the schedule / requirement of JPL.
- The manpower will prepare records of all analysis in format as per requirement of JPL.
- The manpower will be responsible for maintaining all necessary documentation and records such as log sheets daily, weekly, monthly, performance reports, consumption reports etc. These documents shall be developed in consultation with JPL. Relevant important data shall be computerized for easy scrutiny of various parameters as well as graphical form as desired by JPL.
- The manpower shall carry out water conditioning of boiler and feed water system including

operation of SWAS Panel.

- Whenever Boiler is going under shutdown for longer duration, wet preservation & passivation is the responsibility of the manpower along with JPL - EIC
- Top up/ replacement of resins / filter media, Cleaning Klaritubesettler, Thickner, Water and chemical Storage Tanks, Sludge Pits etc. during overhauling & as per requirement as identified by JPL.
- The sludge of all the clarifiers is to be removed in sump and then disposed through pumps of sludge disposal system as per site requirement. If the sludge disposal lines of clarifiers get choked, then get the line cleared. Sludge cakes and solid wastes to be disposed off within ten kilometers of plant boundary as identified by JPL.
- Maintaining all the effluents (liquid/solid/gas) within prescribe limits.
- The manpower shall ensure collection and analysis of samples of above plants / systems in all three shifts. The contractor will also ensure collection of various samples (oil, water, ash, Coal & Gas, etc.) from various locations / equipment of the thermal plant as per the instructions of site in charge of JPL.
- Coal Sample collection for receipt coal (from Rake, Truck, Wagon Tippler) and Fired coal samples (Feeder and auto coal sampler), Stock yard Coal, and any other coal as per requirement of JPL.
- Coal Sample preparation and Analysis for all collected samples, or any other samples as per JPL requirement as per agreed SOP for Coal Sampling, preparation & Analysis.
- Disposal of reject Coal after Sample preparation & analysis at stockyard/ designated / identified area.
- Maintaining Plant & Lab and all boundary scope area as per 5S requirement & JPL instructions.
- **Sampling & Lab Analysis of JPL –**
 - a) Water (Raw, Clarified, DM, CW, stator cooling water, effluent water, SWAS, plant outlet drain, ECW etc.).
 - b) Lube Oil of Various Important Auxiliaries.
 - c) Transformer oils
 - d) Control Fluid and Governing Oil
 - e) Fuel Oil (HFO & LDO)
 - f) Gas (H₂, O₂, CO₂)
 - g) Ash (Fly Ash & Bottom Ash).
 - h) Bulk and Specialty Chemical Quality Analysis
 - i) All other sampling & analysis as per plant/JPL requirement and instruction of JPL Engineer In-charge.
 - j) Ash samples of fly ash & bottom ash and the samples should be collected shift wise/ESP field wise as per system requirement/instructions of Engineer In-charge/shift In-charge/ Chemist-In-Charge.

The above samples should be collected as per instructions of Engineer-in-charge / Chemist-In-Charge.

2. Nature of Job for Maintenance Manpower -

A Plant Maintenance System Comprises of:

- Preventive Maintenance
- Predictive Maintenance
- Routine Maintenance
- Breakdown Maintenance
- Plant Shut Down/ Overhauling Jobs
- Outage backlog
- Equipment History Card
- Support for Spare part management and Inventory Control
- Historical Documentation
- Collection, identification, segregation and disposal of scraps to identified scrapyard.

a) MECHANICAL MAINTENANCE

- The manpower shall be carrying out all running maintenance required for keeping the plant at optimum level as per the instruction of EIC.
- The maintenance shall include day to day maintenance, preventive maintenance, and predictive maintenance, break down maintenance, condition monitoring of all equipment & system / facilities. (Pumps, Blowers, Piping, Valve, Tanks & pressure vessel, Structure, Ducting etc.).
- Top up/ replacement of resins / filter media & repair of lining of vessels, including handling and storage of chlorine, acid / alkali & other chemicals.
- Keeping all equipment's, piping & structure etc. in clean condition. All leakages of oil / water & chemicals shall be attended on priority. Carrying out cleaning / flushing of tanks, pipe line, vessels repair of rubber lining, welding and hydro test as and when required. Transportation of material from store to site and return of scrap to store or any other specified area.
- All the spares for maintenance required for above equipment/ systems shall be provided by JPL. However, after one year of operation, JPL will set-up standards for optimum spare consumption.
- Issue, transportation and handling of all types of materials from Store are the manpower's responsibilities.
- The above mechanical maintenance is inclusive of all the above equipment. Any of equipment / work not mentioned above but is part of above plant equipment or mechanical jobs or activities arising out of day to day plant operation shall be considered.
- Crane/Hoist maintenance in the all WTP area.

b) C&I MAINTENANCE

- Maintain all the equipment/machines/electrical and C&I system within the battery limit of the system as mentioned above
- Day to day maintenance of entire PLC system and if there is any major complex issue with PLC then the same will be resolved by JPL.
- The maintenance shall include day to day maintenance, preventive maintenance, and predictive maintenance, break down maintenance, condition monitoring of all equipment & system / facilities.
- Carrying out regular cleaning of all field instruments, valves & dampers & panels including control room.
- Maintain all type of analyzers like pH, Silica, conductivity etc.
- Laying, testing and termination (with proper glands & ferrules) of instrument / control cables/power cables. Earthwork required for laying of cable. Cable required for above purposes will be supplied by JPL.
- Maintain the HMI (Human Machine Interface System) including LVS system in healthy condition.
- Maintain the following Equipment's PLC Panel, PS & Batteries & OWS, Large Video Screen, All Type of Analyzers installed in WTP, Gauges (Pressure, Temperature & Flow) Temperature Element, Transmitters (Pressure, Temperature, Flow, Level), PA System, Fire Fighting System, Silica Analyzer, Pneumatic Valves, Junction Box, Solenoid Valve, Earth Pit, etc.
- Calibration of Instruments (Periodic or as desired by JPL) is in Contractor scope including chemicals.
- All the interlocks & protections system, UPS system along with Battery, maintenance of field instruments such as solenoid valves, switches (Pressure, flow, Temperature, level etc.), transmitters, gauges, (Pressure, temperature etc.) etc. However, spares for the replacement of the damaged equipment/ spares (exclusive out of poor workmanship) including indication lamps, control wires, pressure switches, solenoid valves or any other instruments etc. will be supplied by JPL.

c) ELECTRICAL MAINTENANCE

- Cleaning & greasing of all electrical motors to upkeep and maintain their record.
- Cleaning & tightening of electrical connectors of all modules / feeders periodically / during shut down to upkeep & maintain their record.
- Maintenance and attending routine faults of control panels and all outgoing breakers/ modules. Checking of contactors / kit /fuse, checking of overload relay, control circuit indication lamp, interlocking, protection system, checking/tightening of connections etc.
- The maintenance shall include day to day maintenance, preventive maintenance and predictive maintenance, break down maintenance, condition monitoring of all equipment & system / facilities.

- Removal, reconnection & tightening of connection of cables at motor & breaker / modules end as when needed. Checking / tightening of connection, burnt cable / lugs / socket to be replaced, replacement of cable (Making joint box), laying of cable, crimping of socket/lugs, checking of IR value.
- Replacement, servicing & upkeep of various hoists, cranes (electrical part) installed at various location.
- Electrical panel maintenance including all the MCCs, VFDs and all 415V incomers, bus duct, MCCs & DM plant transformers and all electrical equipment's.
- Maintenance of plant lighting (under the boundary limit).

3) Common Points

- Daily & Monthly maintenance report submission including Preventive Maintenance checklist
- Daily & Monthly Operational Report Preparation.
- Monthly performance report submission.
- Maintaining the Healthiness of Critical Equipment, as identified by the Engineer In-charge/Chemistry In-charge.
- All the Statutory compliance & HR Compliances submission to be complied by service provider
- Safety Compliance report.
- List of Consumables stock position
- Preservation of Chemicals.
- Display of Operational Flow Diagram, Operational & Safety Instruction Painting, Nomenclature painting, Safety Board display, Chemical MSDS Display etc as Instructed by JPL Engineer In charge.
- Development Plant beautification of WTP area as per Instruction of JPL Engineer In-charge.
- Maintaining the horticulture, garden & beautification works around WTP area (under boundary Scope)
- Segregation, transportation, storage and disposal of scraps at designated scrapyards of JPL
- For carrying out any maintenance work for any equipment in the Water treatment plant, PTW (permit to work), LOTO system must be followed as per JPL procedure.
- Record, maintain and report some important relevant data in computerized and graphical format as required by JPL authorities for proper analysis & record keeping.
- Any modification and changes required for existing system improvement will be done.

- Maintain a separate register for daily consumption of spares and furnish the data for planning of future requirement of spares well in advance.

4) **AGENCY'S SCOPE OF SUPPLY**

A. Scope of supply of Agency :

- Mechanical Maintenance- (Tools & Tackles and Consumables): List Attached as **Annexure: IIA & IIB.**
- Electrical Maintenance- (Tools & Tackles and Consumables): List Attached in **Annexure: III.**
- C&I Maintenance - (Tools & Tackles and Consumables): List Attached in **Annexure: IV.**

B. Manpower Supply: List Attached as Annexure: I

5) **JPL SCOPE**

A. SUPPLY: -

- JPL will supply all spares required for Plant maintenance.
- Lab Instruments and their spares.
- All type of Chemicals etc.
- All types Reagents, Chemicals and consumables for chemical laboratory.

B. MAINTENANCE

- Civil works.

6) **Guidelines for Deployed Manpower and / Service Provider**

- i. All the staff/manpower recruited by contracting agency has to be verified by JPL for their competency, skills and suitability.
- ii. Service Providing Agency is responsible to develop multiskilling of manpower, and has to have the job rotation between the inter area of plant under the scope.
- iii. Service Provider shall be responsible for lodging and boarding, transportation, medical and any other facilities for his employees.
- iv. Service Provider has to provide necessary office related furniture, hardware, desktops, internet connections to their employees for accomplishing the regular MIS works and set up the office as per space provided by JPL.

- v. Shift wise manpower attendance sheet must be signed by responsible JPL employee (shift in charge/ Engineer In charge) & general shift manpower attendance by JPL chemistry- in charge/ shift in charge/ Engineer in Charge.
- vi. JPL will have the right to divert the Service Provider's manpower to other areas within the scope of the contract so as to avoid idle hours.
- vii. Common dress code for Service Provider personnel.
- viii. Monthly attendance record of Service Provider's employees has to be submitted to JPL.
- ix. Final Approving authority for the Leaves for the employees of Contracting Agency will be JPL Engineer in Charge.

7) Safety

- i. All the safety rules & regulations must be followed as per guidelines JPL safety policy & rules.
- ii. Service Provider must carry out the operation and maintenance of the Plant & equipment with highest safety standard & practices.
- iii. The workmen should use safety equipment such as electrical insulation, anticorrosive and fire resistant gloves, chemical suits, hand gloves required for chemical handling, cotton hand gloves, nose masks, reflective jacket, safety belts, aprons, headgear, boots, rain Wears, helmets, goggles and face shield etc., The Service Provider should provide and insist them to wear such equipments while they are at work.
- iv. Service Provider has to provide standard Quality nose mask to all his workmen & staff monthly. For workmen/staff working at Coal sampling, preparation & analysis nose mask & cotton hand gloves to be provided twice in a month.
- v. People working for chemical handling, must be provided with PVC hand gloves once in a month.
- vi. Safety Goggles & PVC hand gloves stock to be maintained min 5 nos. all the time.
- vii. Min Stock for basic safety PPEs to be maintained by Contractor and monthly report to be submitted for the same. (Min Mandatory PPE to be maintained in stock is 10% of Employees strength)
- viii. The Service Provider's personnel shall be conversant with operation of basic fire-fighting equipments.
- ix. For the Chlorination Plant, the manpower should be conversant with the operation & maintenance of the plant and hazard associated with the system.

- x. For any Accident/ eventuality/ fatality occurs to the workmen/ staff of Service Provider, responsibility lies with the Service Provider for its settlement.

8) House keeping

- i. House Keeping activity related to all plants / equipment covered in this scope (inner & outer side of Plant and Equipment area) is to be undertaken by the Service Provider.
- ii. Service Provider will be responsible for general cleaning of all equipment & panels covered under the Plant (as per scope).
- iii. Service Provider shall undertake cleaning of plants including-Sweeping of floor, washing, removal of cob-webs, drains, roof, window, panes, walls,etc .
- iv. Used chemical containers / empty chemical bags and other unused items are to be placed /stacked at proper designated places.
- v. Cleaning of panel boards/equipment's/pumps & any other accessories attached with plant.
- vi. Service Provider shall provide all consumables to be used for Housekeeping activities.
- vii. Service Provider shall adhere to safety aspect as well, during discharge of their duties since the work involves various types of chemicals (corrosive as well as hazardous in nature).
- viii. Service Provider will ensure to provide stated manpower daily to do the work timely.
- ix. Service Provider has to submit the compliance of monthly cleaning schedule (schedule specified by & monthly approved by JPL Engineer in charge) with monthly bills.

9) Safety Penalty

- i. Penalty of Rs 5000/- will be imposed if there will be non-availability of Min Stock of PPEs found in any month.
- ii. Penalty of Rs. 1000/- will be imposed for each instance, if any worker / staff is not using the required PPE at site.
- iii. If any of the contractor's Staff / Worker found absent, the penalty of each absent of each contractor staff will be as tabulated under.

Penalty for Non deployment of Minimum Guaranteed Category wise Manpower

- A) LD shall be applicable in case of the cumulative quantity of manpower deployed in a given month is less than 95% of the agreed minimum manpower as per the Annexure – I. (Considering the 5% Absenteeism)- The value of LD/Penalty shall be 3 times of

daily minimum wages of manpower category per man-days for Absenteeism more than 5%.

- B) Service Provider shall ensure that any of its employees shall not involve in Bribery / adulteration activity, any abnormal activity regarding WTP & coal sampling, Preparation & Analysis. Service Provider is liable to remove the personnel found for any unsatisfactory work as per assigned job/ bribery cases. (Within 24 hrs.) and provide its replacement in a week/ Time specified by JPL.

..... (hereinafter referred to as “The Employer”)

and

..... (hereinafter referred to as “The Bidder/Contractor “)

Preamble

The Employer invites the bids from all eligible bidders and intends to enter into contract for..... with the successful bidder(s), as per organizational systems and procedures. The Employer values full compliance with all relevant laws and regulations, and the principles of economical use of resources, and of fairness and transparency in its relations with its Bidder(s) and/or Contractor(s).

Inordertoachievethegoals,theEmployerwillappointanIndependentExternalMonitor(IEM), who will monitor the bidding process and the execution of the contract for compliance with the principles mentioned above.

Section 1 Commitments of the Employer

- 1. The Employer Commits itself to take all measures necessary to prevent corruption and to observe the following principles in this regard:
a) No employee of the Employer, either in person or through family members including relatives, will in connection with the bidding for or the execution of a contract, demand or accept a promise for or accept for him/herself or for a third person,anymaterialorimmaterialbenefittowhichhe/sheisnotlegallyentitledto.

- b) The Employer shall, during the bidding process treat all Bidders with equity and reason. The Employer will, in particular, before and during the bidding process, provide to all Bidders the same information and will not provide to any Bidder confidential/additional information through which the Bidder(s) could obtain an advantage in relation to the bidding process or the contract execution.
 - c) The Employer will exclude from the process all known prejudiced persons.
2. If the Employer obtains information on the conduct of any of its employees which is a criminal offence under the IPC/PC Act or if there be a substantivesuspicion in this regard, the Employer will inform the Chief Vigilance Officer and in addition can initiate disciplinary actions.

Section 2 Commitments and Undertakings by the Bidder/Contractor

- 1 The Bidder/Contractor commits and undertake to take all measures necessary to prevent malpractices & corruption. He commits himself to observe the following principles during his participation in the bidding process and during the execution of the contract:
- a) The Bidder/ Contractor undertakes not to, directly or through any other person or firm offer, promise or give or influence to any employee of the Employer associated with the bidding process or the execution of the contract or to any third person on their behalf any material or immaterial benefit which he/she is not legally entitled, in order to obtain in exchange any advantage of any kind whatsoever during the bidding process or during the execution of the contract.
 - b) The Bidder/ Contractor undertake not to enter into any undisclosed agreement or understanding, whether formal or informal with other Bidders. This applies in particular to prices, specifications, certifications, subsidiary contracts, submission or non-submission of bids or any other action to restrict competitiveness or to introduce cartelization in the bidding process.
 - c) The Bidder/Contractor undertakes not to commit any offence under the relevant Anti-corruption Laws of India; further the Bidder/Contractor will not use improperly, any information or document provided by the Employer as part of the business relationship, regarding plans, technical proposals and business details, including information contained or transmitted electronically for purposes of competition or personal gain and will not pass the information so acquired on to others.

- d) The Bidder/ Contractor will, when presenting his bid undertakes, to disclose any and all payments made, is committed to or intends to make to agents, brokers or any other intermediaries in connection with the award of the contract.
- 2 The Bidder/ Contractor will not instigate and allure third persons/parties to commit offences outlined above or be an accessory to such offences.

Section 3 Disqualification from Bidding Process and Exclusion from Future Contracts

1. If the Bidder(s)/ Contractor(s), before award or during execution has committed a transgression through a violation of any provisions of Section-2 or in any other forms so as to put his reliability or credibility as Bidder into question, the Employer shall be entitled to disqualify the Bidder(s)/ Contractor(s) from the bidding process or to terminate the contract, if signed on that ground.
2. If the Bidder/ Contractor has committed a transgression through a violation of Section 2 such as to put his reliability or credibility into question, the Employer shall be entitled to exclude including blacklist and put on holiday the Bidder/ Contractor for any future tenders/contract award process. The imposition and duration of the exclusion will be determined by the severity of the transgression. The severity will be determined by the Employer taking into consideration the full facts and circumstances of each case particularly taking into account the number of transgressions, the position of the transgressors within the company hierarchy of the Bidder and the amount of the damage. The exclusion will be imposed for a minimum of 3 years.
3. A transgression is considered to have occurred if the Employer after due consideration of the available evidence concludes that no reasonable doubt is possible.
4. The Bidder with its free consent and without any influence agrees and undertakes to respect and uphold the Employer's absolute right to resort to and impose such exclusion and further accepts and undertakes not to challenge or question such exclusion on any ground, including the lack of any hearing before the decision to resort to such exclusion is taken. This undertaking is given freely and after obtaining independent legal advice.
5. Subject to full satisfaction of the Employer, the exclusion of Bidder/ Contractor could be revoked by the Employer if the Bidder/ Contractor can prove that he has restored/ recouped the damage caused by him and has installed a suitable corruption prevention system in his organization.

Section 4 Compensation for Damages including Forfeiture of Earnest Money Deposit/ Security Deposit/ Performance & Advance Bank Guarantees

1. If the Employer has disqualified the Bidder/ Contractor from the bidding process or has terminated the contract pursuant to Section 3, the Employer shall forfeit the Earnest Money Deposit/Bid Security, encash Contract Performance Bank Guarantees in addition to excluding the bidder from the future award process and terminating the contract.
2. In addition to 1 above, the Employer shall be entitled to take recourse to the relevant provisions of the contract related to Termination of Contract due to Contractor's Default.
