Kissinger Meets Trump

U.S. President Donald Trump (R) meets with former U.S. Secretary of State Henry Kissinger in the Oval Office in October 2017 in Washington. Kissinger might have a role to play in helping Trump create a new world order.

I'm curious: Why do you think Henry Kissinger, meeting Donald Trump, would be left nostalgic for "Tricky Dick", Richard Nixon? Because HK enjoyed meeting another "devious ethics" actor? Because Nixon was smarter and duplicitous for "better" reasons? Because Richard Nixon, for all of his neurosis, was capable of more humanity than The Donald in his personality disorder psychopathy? Because Nixon could at least understand what Kissinger was saying?
