

A Word About Our Finishes

STANDARD FINISHES:

- · Polished Brass finish is solid brass that is polished and gloss lacquer coated to prevent tarnishing over time. Common finish codes for polished brass are 605 and US3. Also available un-lacquered that can be waxed or allowed to age naturally.
- . Antique Brass finish is solid brass which has been chemically darkened and highlighted with an abrasive to simulate aged brass. Antique Brass finish is typically a medium brown with golden undertones with a matte lacquer applied, and can vary significantly from one product to another. To ensure that the finish is right for you samples should be ordered in advance. Common finish codes for antique brass are 609 and US5.
- Oil Rubbed Bronze finish is a chemically darkened surface designed to simulate aged bronze with a matte lacquer applied. This finish is very dark and varies from a deep chocolate brown to a dark gray and usually has reddish undertones. There are quite a variety of interpretations of this finish in the hardware industry and all oil rubbed bronze finishes do not match. To ensure that the finish is right for you, samples should be ordered in advance. Common finish codes for oil rubbed bronze are 613 and US10B.
- Satin Nickel finish is nickel plating on brass that has been satin finished with an abrasive and matte lacquer coated. Common finish codes for satin nickel are 619 and US15.

DESIGNER FINISHES: (returns require special authorization)

- Aged Brass much more realistically replicates the look of actual antique brass hardware. This finish is hand done in the USA by our skilled metal finishers with a gloss lacquer applied and offers the imperfections and soft patina look of actual antique hardware. Finish code 486.
- . Satin Brass finish is a brass that has been dulled and matte lacquer coated. Common finish codes for satin brass are 606 and US4.
- **Highlighted Brass** is a special finish with gloss lacguer applied. designed to show off the exquisite detail of our hardware while allowing customer to maintain a polished brass finish. Finish code 610.
- · Venetian Oil Rubbed Bronze finish is applied over copper plated brass and is a chemically darkened surface designed to simulate aged bronze with a matte lacquer applied. This finish is very dark and varies from deep chocolate brown to a dark gray and has distinct copper highlights and undertones. Common finish code for venetian oil rubbed bronze is 613VB.
- Polished Nickel finish is nickel plated brass, polished to a high shine and clear gloss lacquer coated. This is a warm bright finish without the harsh look of chrome. Finish code are 618 and US14.
- Antique Nickel (Pewter) finish is nickel plating on brass that has been dulled and darkened to simulate pewter with a matte lacquer applied. This may be referred to as pewter or antique nickel interchangeably. Common finish codes for antique nickel are 620 and US15A.
- Powder Coat Finishes. Architectural Bling provides a wide assortment of powder coat finishes including Weathered Black and Rust which are satin textured finishes designed to simulate iron hardware. Oil Rubbed Bronze which looks like our natural ORB, but offers far greater durability; plus designer colors including Gloss Red, Gloss White, Gloss Black and Verdigris. Finish codes are Weathered Black 622, Rust 770, ORB 613PC, Verdigris 990, RD, WT, and GB.

CUSTOM FINISHES: (NOT eligible for return)

- Antique Copper finish is copper plated brass chemically darkened to simulate aged copper with a matte lacquer applied. Antique Copper finish is typically a medium black with copper undertones, and can vary significantly from one product to another. To ensure that the finish is right for you, samples should be ordered in advance. Common finish code for antique copper is 657.
- **Trivalent Chrome** is a new "green" chrome finish that eliminates the health and environmental concerns associated with hexavalent chrome. Trivalent chrome has the same tough, highly reflective, slightly blue cast of traditional hexavalent chrome. Chrome lead time is approximately 4-6 weeks. Common finish codes for chrome are 625 and US26.
- · Architectural Bling does custom matching to your finish sample on a quote basis only. We also do finish work on your brass hardware, again on a quote only basis.
- · All oil rubbed bronze finishes can be ordered actually oil rubbed if requested, but they are typically matte lacguer coated. To ensure that the finish is right for you, samples should be ordered in advance.

All colors shown are approximate and as accurate as printing methods allow. We gladly do custom finishes on our products as well as our finishes on other hardware. Custom finishes include custom finish specifications on our hardware as well as any finish on hardware not purchased from Architectural Bling, Inc.

Pricing of custom finishes will be done by quote only. Call 214.613.2285 for information on custom finishes not shown.

Knobs and Levers

Any knob or lever can be substituted on all plate combinations in this catalog at no additional cost.

Knobs and levers shown in this catalog are identified by item codes listed here:

Andover sparkling clear crystal knob is a rarity at **Architectural Bling, Inc.**, as it is new and unique, without a traditional hardware history. Molded and polished in the traditional Emerald Diamond style, it provides multifaceted prismatic designs that are outstanding. 2-1/16" x 3-1/8" Item code: AND

Avalon knob, this intricately forged oval knob can be seen on a plate similar to our L'Enfant Collection in the P&F Corbin Catalog of 1923. 1-5/8" x 2-3/4". Item code: AVL

Champagne lever, designed in the Italian Renaissance style, this ornamental floral motif shows the delicate charm very much present during the Renaissance Period. 4-7/16". Item code: CHM

Charleston knob, this ever-popular English rope design is a reproduction based on the Endicott pattern from Russell & Erwin, circa 1890's. Available in standard size 2-1/8". Item code: CHR

Egg & Dart knob, as a design element is first found in ancient Greek architecture and also used by the Romans. This motif is common in neoclassical architecture. Imagine this magnificent item in your home! 2-1/4" Diameter. Item code: EGD

Empire round sparkling clear crystal knob, from the Colonial Revival period of the 1930's and 1940s, this high quality pressed and polished crystal featuring a full round shape for greater feel and comfort. 2-1/4" dia. Item code: EMP

Fairport lever, often referred to as being done in the Georgian style, this classic English rope lever has been popular with American lock set manufacturers since the mid 19th century. 4". Item code: FPT

Georgetown oval crystal knob. This unique design even features the assembly detail of the Hopkins & Dickerson knob c. 1879 done in sparkling clear crystal! 1-3/4" x 2-3/4". Item code: GTN

Hartford - sparkling clear crystal knob, from the Victorian Era circa 1800s-1940s, this high quality pressed and polished crystal featuring wide facets for light reflection has more clarity than ordinary glass. 2-3/8" dia. Item code: HTF

Helios knob, based on designs from the Rococo period c. 1875 this deeply modeled scrollwork provides a very strong presence. 2-1/2" dia. Item code: HLS

Kinsman lever, this sparkling clear crystal lever, first made popular in the early 20th century, provides a unique look in a simple lever design. Now reproduced in molded glass, commonly referred to as "depression era glass", and although attractive, even the original pieces have little collector's value. 4-7/8". Item code: KNS

Lafayette knob, designed in the French Regency style c. 1710-1730 following the reign of Louis XIV. Curvilinear shapes make the composition flow freely. 2-3/8" dia. Item code: LFT

Laurel knob, a unique Architectural Bling's mainstay, this jumbo knob is a reproduction based on a Niles Chicago Co. design, c.1880's. The detailing is a beautiful mix of the organic and the stylish, bringing the term 'rural charm' into its own. 2-15/16" Dia. Best with 2-3/4" backset. Item code: LRL

Lion knob, *Architcetural Bling, Inc.* commissioned world renowned, local sculptor & artist Tom Antonishak to create our very own Lion Knob! Fashioned to match the look of our Leo Lion Head door knocker. Knob measures 2-3/4" dia. Item code: LIO

MacKenzie lever, this lever done in the contemporary style in the early 20th century, but reflects the more romantic approach of the neo-French look while offering the simplicity craved by the federal American Period. 4-3/8". Item code: MKZ

Maltesia knob, a reproduction based on the Reole pattern of Reading Hardware Company c. 1910. Heavy and dramatic from a time when homes were designed to accommodate such elegance. 2-1/2" dia. Item code: MLT

New!

Manhattan knob is a faithful reproduction of the 1899 Russell & Erwin. It is a timeless design from the Colonial School. No matter what finish you choose, this will look gorgeous in many style of homes. Measures: 2-3/16" Diameter Item code: MNH **Netropol** knob, enter the modern age with this mushroom shaped knob style made popular by the Earle Hardware Co. around 1935! Simple design, yet goes with many back plate styles. Finishes well in solid finishes like Oil Rubbed Bronze, Polished Brass, Satin Nickel, and Weathered Finishes. 2-1/8" dia. Item code: NET

Oxford knob is from the Gothic School and can be traced back to the Russell & Erwin catalog of 1899. Unlike many of *Architectural Bling, Inc.* designs where we have renamed our genuine reproductions, this was originally named the "Oxford". Knob measures 2-1/8" dia. Item code: OXF

Revere brass knob represents the Colonial Revival beaded motif of the Lockwood Mfg. Co.'s Milford set of 1910. The beading on this knob goes fantastic with solid and especially highlighted or antique finishes. 1-5/8" x 2-3/4". Item code: RVR

Salem lever, this low profile lever is specifically designed in combination with our 2" backset latch for use on swing patio doors, including Atrium doors with sliding screens. Matching 2" backset deadbolts also available. Available in all finishes. 3-1/8". Item code: SLP

Savannah fluted oval sparkling clear crystal knob, is a design based roughly on Art & Crafts pressed glass 12 flute knob of the early 1900's. Our new sparkling clear crystal multi-facet knob reflects light more effectively than the inexpensive pressed glass originals as well as providing a more comfortable, fuller feeling oval knob. 1-3/4" x 2-3/4". Item code: SVN

Sunburst knob, is unobtrusive but visually rewarding for people who notice fine detail. Simple elegance in a knob design made popular around the 1930's. This whimsical sunburst design really comes alive with any of the *Architectural Bling, Inc.* antique finishes as well as venetian bronze. 2-5/16" dia. Item code: SUN

Victorian fluted sparkling clear crystal knob, is patterned after the original Penn Hardware fluted knob in the Arts & Crafts period of the 1920's. This design remains in vogue because of the many facets available to reflect light. 2" dia. Item code: VIC

Windsor knob, commonly referred to as the "egg knob," this design is popular because of the easy operation the oval shape provides and ability to function well in narrow backset applications. 1-3/8" x 2-5/16". Item code: WND

All sizes in this catalog are approximate.

Finishes shown left to right are: Venetian Bronze, Venetian Bronze, Satin Nickel, Antique Brass, Polished Brass Knob shown is MLT with matching finish S-Grip handles

^{*}Satin Stainless Steel and Powder Coat pulls are Satin Stainless Steel base material and available with C02-P7990 style pull only.

Pull Plates are shipped with through-the-door mounting screws for 1-3/4" thick doors, please specify clearly on order for proper screws. On doors thicker than 1-3/4" and up to 2-1/2" thick, add \$4.00 list per pair of screws.

Commercial Push & Pull Collection

- Plates are 16 ga. (.050) wrought and standard in all metals and finishes. Plates come packed with stainless steel sheet metal screws, plated to match the plate finish. A wide variety of options are available including radius corners, round ends, clipped corners, and half round plates. Take the plate in any size and finish and add the pull in the matching finish to determine list price. Many variations in these sizes are available upon request. Available in push plate with pull mounted featuring the C02-P7990 pull handle, shown on page 26.
- Mounting hardware included.
- Plate is flat surface.

A NEPTUNE

This large (7-3/8") very heavy (nearly 4lbs. of solid brass!) Neptune knocker is from the Victorian era when gothic designs like gargoyles, lions, etc. were popular. Center to center 3-3/8", knocker width 5-7/8", plate width 3-5/16".

Product Number	Description	Price
A04-K5060	Neptune Knocker 7-3/8"	148.00

B LION 7-1/2"

This is a gorgeous cast-brass replica of the classic lion head door knocker so popular in England during the Victorian age. Its massive size makes an imposing statement on any entryway. Especially impressive in any of our antique finishes. Projection 1-3/4", knocker width 3-7/8", plate width 4-3/4", center to center 3-3/4".

Product Number	Description	Price	
A07-K5000	Lion Knocker 7-1/2"	100.00	

© LEO LION

The lion's head has been used throughout history to denote power, bravery, strength and leadership. It has been used for thousands of years in sculpture and architecture. Our incredibly bold Leo Lion's Head Door Knocker conveys that kind of impact to all who approach, its impact is unmistakable! Projection 2-1/2", center to center 7-1/8". Width 8-3/8". Available in 609, 610, 613 VB and 620 finishes.

Product Number	Description	Price	
A07-K5100	Leo Lion Knocker 8-3/8"	250.00	

D EAGLE

What better way to show your patriotism than with a classic American Eagle Door Knocker? With his wings spread and his head turned in the classic pose, the shield shape offers a large area for personalized engraving. Projection 1-1/4", center to center 3-1/8". Width 7".

Product Number	Description	Price	
A04-K2000	Fagle Knocker 5-9/16"	80.00	

This 9" knocker is unusually heavy and detailed with meticulous old world craftsmanship and beautifully finished. Projection 2-7/16", knocker width 4-1/8", center to center 5-1/4".

This elegant solid brass door knocker is a precise replica from one of the most famous door knockers in the United States, adorning the front door of the Blair House in Washington, D.C., near the White House.

For two hundred years, the Blair House has been a guest residence for the famous and the infamous; from statesmen to scholars, scientists to scoundrels, from Union heroes to Confederate Generals.

Available finishes shown top to bottom are: Polished Brass (605), Antique Brass (609), Venetian Bronze (613VB), Satin Nickel (619), and Weathered Black (622).

Solid Cast Brass Floor Registers

Complete with adjustable lovers, our registers are crafted of solid brass, lending an eye-catching accent to your décor. From lively scrollwork to traditional and contemporary designs, and in all popular finishes; Architectural Bling solid brass floor air register covers (complete with stamped steel dampers) will meet your every need and desire.

- Measure floor opening to choose size. I.E.: If your air duct opening is 4" x 10", you need a 4" x 10" floor register.
- Solid brass construction for the lavish appeal your home deserves. Removable adjustable louvers installed.
- Available in 4 sizes and 5 finishes.

General Information

- TERMS: Net Prepaid. Cash discounts do not apply. No COD orders accepted.
- A \$7.00 Service Charge will be added to orders below \$25.00 Net Cost. No exceptions, unless shipped by our USPS \$12 flat rate small package shipping program.
- PRICES: Orders are accepted with the understanding they will be billed at prices in effect at the time of acceptance. All prices are in U.S. currency and supersede any price list published prior to January 2021.
- SHIPMENTS: Shipments will be F.O.B. Dallas, TX. Upon delivery to the freight company, shipments become the property of the purchaser, who assumes full risk for loss or damage in transit. Third party billing available only with special authorization by Architectural Bling, Inc. credit department.
- FREIGHT ALLOWANCE: Any shipment over \$1500 net will be shipped F.O.B. Dallas, TX freight prepaid within continental 48 states, (excludes Alaska and Hawaii). Architectural Bling, Inc. will select carrier on prepaid deliveries. Any difference in carrier costs due to customer requests will be billed to the customer.
- CLAIMS: All must be filed within 7 days of receipt. It is the purchaser's responsibility to file claims with common carriers. For U.P.S. USPS and FedEx claims of shortages or damages, the customer must notify Architectural Bling, Inc. within 48 hours and hold goods for inspection by an inspector. Third Party billing customers should file claims directly with UPS. We will supply authorization letter, as needed.
- Shortage claims for small items (screws, privacy pins, washers, spindles and similar smalls) will be replaced no charge, but with shipping cost billed to the customer.
- RETURNS: Merchandise cannot be returned without written authorization and must be made within 30 days of merchandise receipt. All returns must be prepaid. Merchandise accepted by Architectural Bling, Inc. for credit is subject to a minimum 25% restocking. The credit will be a merchandise credit only. Sender is responsible for seeing that the merchandise being returned is packaged to avoid damage in transit. Authorized returns become void after 30 days from issue date of the Returned Goods Authorization. Special and custom order items and all Designer finishes (see descriptions below) are returnable with special authorization only. Custom finishes (see descriptions below) and custom kick plates are not returnable. Damage by customer, or in transit, will receive no credit. We reserve the right to limit returns on multiple quantities.
- **DISCREPANCIES:** Please notify us within 48 hours of any discrepancy in invoicing.

- LIMITED WARRANTY: Architectural Bling, Inc. warrants for a period of one (1) year that our products will be free from defects in workmanship and materials. At our option, we will repair or replace free of charge any product found to be defective and subject to this warranty, provided it is delivered prepaid to us. This warranty does not apply to any defects or malfunctions resulting from improper installation or use. Architectural Bling, Inc. shall not be liable for any consequential damages. Please note: The limited warranty on all locks or latches is void if consumer uses them on knobs, levers, or trim other than original supplied by Architectural Bling, Inc. or the manufacturer. Finishes are warranted only until delivery from Architectural Bling, Inc. to the customer.
- SPECIFICATIONS: We reserve the right to discontinue items or change specifications at any time without notice and without incurring any obligations. All sizes in this catalog are approximate.
- STANDARD FINISHES: Lacquered & unlacquered polished brass, antique brass, satin nickel, oil rubbed bronze, are subject to standard return policy. Please allow up to approx. 5 business days for shipment of stock items.
- **DESIGNER FINISHES:** Aged brass, highlighted brass, venetian bronze, antique nickel (pewter), polished nickel, satin brass, and a variety of powder coat finishes including weathered black, weathered rust, oil rubbed bronze, verdigris, gloss red, gloss white and gloss black. Designer finishes are returnable with special authorization. Please allow approximately five business days for shipment of stock items.
- **CUSTOM FINISHES:** We gladly do custom finishes on our products as well as our finishes on other hardware. Custom finishes include custom finish specifications on our hardware as well as any finish on hardware not purchased from Architectural Bling, Inc. Pricing of custom finishes will be done by quote only, after receipt of product and will be subject to a \$50 minimum charge. Custom finishes are not returnable for any reason. Lead times are approximate and by quote only. Chrome and antique copper are considered a custom finish and not eligible for return.
