## 3D Textured Slatwall

The perfect balance of form and function! Our textured slatwall highlights your products - naturally. Our panels include texture cut right into each board and grooves spaced 6" apart on center and include painted to match aluminum inserts.

## 3D Textured Wall Panels

Plain walls don't "attract" - so, wrap your walls in beauty! These textured wall panels are the same as our slatwall styles and colors (just without the grooves and merchandising functionality) so you can dress up your accent walls, office walls and even the walls in your home.

## Superior Shiplap

Put away your paint brush! Our Superior Shiplap planks are crafted in a variety of brick and wood styles for just the perfect ambience. Each plank comes with heavy duty peel and stick adhesive for easy installation. Superior Shiplap planks are not only affordable, they also include Free Shipping!

## Lozier™ Fixture Inserts

When purchasing new Lozier™ Fixtures or updating the existing fixtures in your store, highlight your merchandise on these fixtures with any of our 3D Textured Slatwall or 3D Decorative Wall Panel inserts, from Brick to Subway Tile or Cement to Wood. All of our products are made to fit Lozier™ Fixtures.

# DECORATIVE PANEL ORIENTATION

---

## Horizontal Orientation

Our 3D Decorative Wall Panels are perfect for walls that require a horizontal orientation such as this wall (shown in brick). Choose from any of our styles: Subway Tile, Wood, Corrugated Metal, Brick and many more...

3D Decorative Wall Panels - Sandstone Brick

3D Decorative Wall Panels - Vintage Ranch

## Vertical Orientation

Using our 3D Decorative Wall Planks in a vertical orientation, such as this one shown in our Vintage Ranch, is a new and updated approach to highlighting walls. Our wood planks (Made of MDF) have our exclusive 3D Texture and work perfectly between vertical standards or as stand alone wall panels.

# VERTICAL STANDARDS

---

## White Subway Tile - Wall Panels with Vertical Standards

Our Decorative Wall Panels can be used with Vertical Standards. Simply place them between your standards, and our Panels will provide depth and ambiance for any retail environment.

Use your vertical standards with any of our 3D Textured Styles and Colors.

# PIPE & PANEL DISPLAY UNITS

## Available Sizes

- Heights: 4', 6' and 8'
- Widths: 2' or 4'

## Choose any of our:

- Slatwall colors and styles
- Pipe Finishes
  - Black
  - Bronze
  - Rust
  - Sandblasted

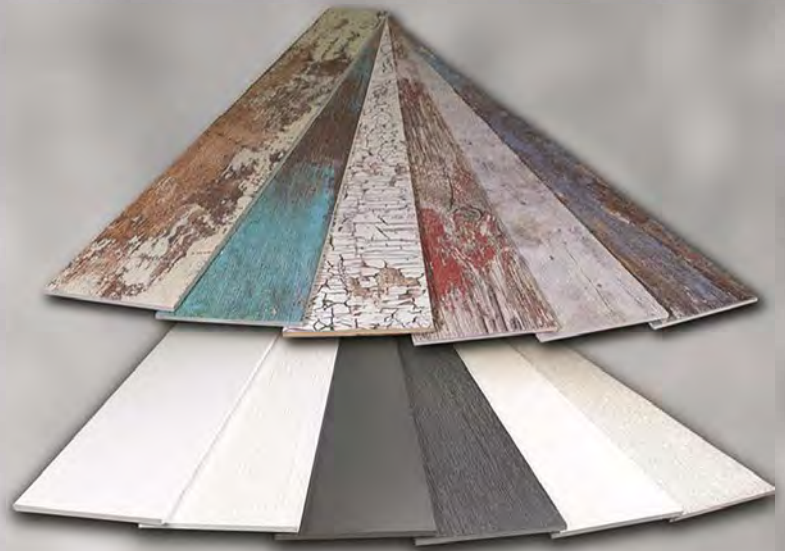

Available single or double sided

# SUPERIOR SHIPLAP

---

Brick - Brownstone Superior Shiplap

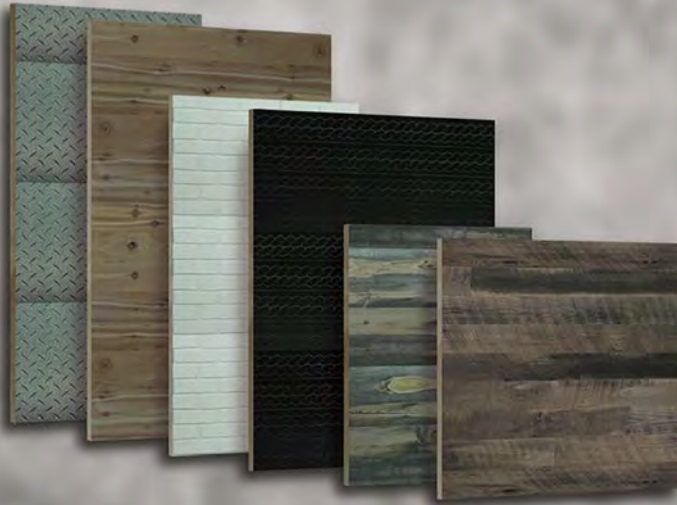

Our Superior Shiplap planks are available in all of these brick and wood styles. They are only 1/4 - 3/8" thick, extra lightweight, and they all have heavy duty peel and stick adhesive for easy installation.

So put away your paint brush and create a natural and inviting ambiance in your home, office, or retail space in no time.

# LOZIER™ FIXTURE INSERTS

---

You are no longer limited to pegboard or uninteresting printed slatwall to put into your Lozier™ Fixtures. All of our styles and colors are available as Inserts for Lozier™ Fixtures - whether you need our exclusive 3D Textured Slatwall or our equally exclusive 3D Textured Decorative Wall Panels.

Sizes of all our 3D Textured Panel Inserts
