RAVE REVIEWS

"What a great company to deal with. The items are well made, well packaged, and shipped quickly. The company is a breeze to work with."

-Michael S.
Huntsville, AR

"To meet the custom and specific needs of commercial properties in a timely and professional manner is something that is priceless in our line of work. Architectural Bling not only met our demands but exceeded them, and most importantly delivered in perfect time to install and meet our customer's demands. We are completely satisfied and our customers are completely satisfied. You cannot beat that combination of satisfaction!"

-Alejandro S.
Houston, TX

"Architectural Bling's delivery is 'amazon-quick' and priced reasonably. The product quality is excellent and the service is really extraordinary. I wish I was always so lucky on "out of amazon" experiences."

-James H.
Boston, MA

"Architectural Bling provided an easy solution for a \$3.5 million construction project where the architect didn't know what to use. This was easy and efficient and reasonably priced."

-Frederick R.
Baltimore, MD

HANDCRAFTED WOOD GABLE VENTS

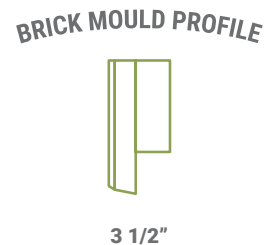

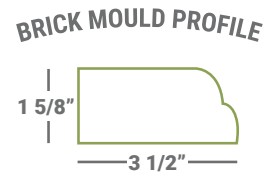

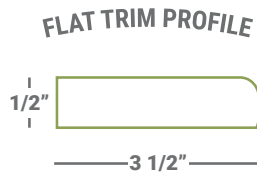

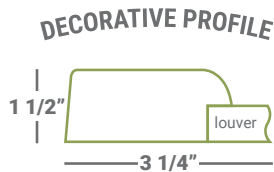

"The Molding Gallery"

BRICK MOULD OR FLAT TRIM

All of our vents are available with either a brick mould frame or a standard 1"x4" flat trim. Brickmould is perfect for new construction or when you need to run siding up against the vent. For all other application, the 1"x4" trim will work perfectly for you.

ROUGH SAWN OR SMOOTH

The smooth finish Cedar or Pine is milled to perfection in our state-of-the-art wood shop. The smooth finish vents are also the perfect option if you plan on painting them. The rough-sawn finish offers a natural rustic look. The rough sawn vents are timeless, offering the saw-textured surface obtained during the milling process that give you the look of freshly cut lumber.

UNFINISHED OR PRIMED

You have the choice of ordering an unfinished gable vent or a primed one. If you prefer the natural look of freshly cut wood, unfinished is for you. If you prefer to paint your vent, we will prime it for you with two coats of high quality exterior grade primer.

NON-FUNCTIONAL OR FUNCTIONAL

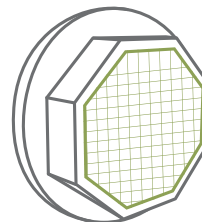

All our vents are available as either a fully functional air flow vent, or as a surface-mounted Non-Functional vent. The louver boxes on our functional vents are designed to maximize air-flow while also protecting your attic from the natural elements. Non-Functional gable vents are designed to be non-functional, surface-mounted vents.

WOOD SPECIES

We offer our vents in both traditional Pine or durable Cedar. All of our wood is carefully chosen and hand inspected before being assembled into your vent. After each vent is made, it is again inspected to ensure you receive only the highest quality product on the market.

ARCHITECTURAL
Bling[®]

"The Molding Gallery"

MADE IN THE

USA

CORBELS, BRACKETS, BRACES, & OUTLOOKERS

Our Rustic Collection is an instant classic. Our Rustic wood millwork utilizes technologies of today to build the 'log and timber' wood products that have been in architecture for centuries. Because our products are not kiln dried, each item in our Rustic Collection is 100% unique and will contain the natural variations that the wood species offers. Your wood bracket, corbel, rafter tail, or gable vent will contain unique colors, grains, textures, knots, sapwood, and heart wood content as well as possible sap bleeding, and even natural checking, splitting and cracks. These natural variations are what make the Rustic Collection stand out from the rest as truly natural wood products.

HAND-HEWN

LARGEST COLLECTION CUSTOM SIZES HAND-CRAFTED UNIQUE VARIATIONS UNLIMITED SIZES RUSTIC LOOK

WOOD SPECIES

We offer our Rustic Collection in both traditional Pine or durable Cedar. All of our wood is carefully chosen and hand inspected before being assembled into your vent. After each item is made, it is again inspected to ensure you receive only the highest quality product on the market.

ROUGH SAWN OR SMOOTH

The smooth finish Cedar or Pine is milled to perfection in our state-of-the-art wood shop. The smooth finish vents are also the perfect option if you plan on painting them. The rough-sawn finish offers a natural rustic look. The rough sawn products are timeless, offering the saw-textured surface obtained during the milling process that give you the look of freshly cut lumber.

IRONCREST

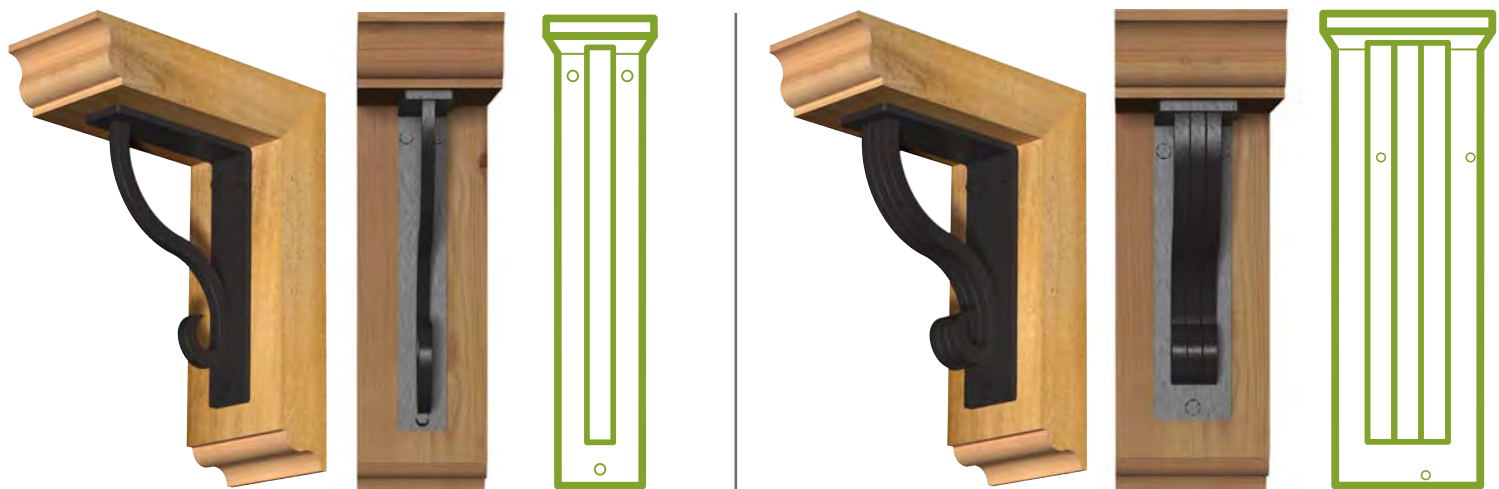

The popular movement of incorporating both rustic and industrial designs on the same project inspired us to create IronCrest. IronCrest combines the raw rustic texture of our cedar and fir braces with the refined and industrial feel of wrought iron brackets. This rustic yet refined bracket will be sure to make your project stand out from all others. With 18 different iron brackets, 2 wood species, rough or smooth options, and even custom capabilities, there is sure to be the perfect IronCrest bracket for your project.

- 18 wrought iron bracket choices
- Cedar or Fir available in both rough-sawn or smooth
- Custom wood brace options available
- Unlike anything else in the industry

BROWSE THROUGH OUR VARIETY OF IRONCREST BRACKETS TO FIND THE ONE THAT WORKS FOR YOU.

GABLE BRACKETS

Our Gable Brackets are crafted out of either Western Red Cedar or Douglas Fir. Utilizing natural woods gives each product a unique look and diverse character. We build our brackets using standard pitches with the ability to custom make virtually any size.

**TIMBER SIZES
AVAILABLE IN**
2×4, 2×6, 4×4, 4×6, & 6×6

WOOD SPECIES:
DOUGLAS FIR
WESTERN RED CEDAR

WOOD CARVINGS

THE ARCHITECTURAL BLING DIFFERENCE

True wood carved millwork is the most authentic category in millwork. Holding fast to the design of carver, these products display unique designs with impeccable detail. Using historical and modern designs our millwork will meet any design requirements.

In pursuit of providing the best possible product our wood millwork is crafted using only the highest quality of wood. The wood used to craft our millwork either meets or exceeds the requirements of the AWI, NHLA, KCMA, and The Hardwood Council. To ensure the quality of these products, the strongest Type-1 waterproof glue is used in the production process. All of this adds up to make the Architectural Bling difference.

IRONCRAFT BRACKETS & CORBELS

The innovative IronCraft line of corbels, brackets, and table legs combine the traditional warmth of hand carved wood millwork with rustic iron-looking inlay patterns, providing an up-scale and completely unique carving. The faux-iron inlays are available in 14 designs ranging from classic designs to contemporary patterns. Each design is available in a wide assortment of wood carvings, guaranteeing you will find the perfect IronCraft statement product to use in your project.

- Available in all our wood species
- 14 unique iron inlay designs
- The inlay comes separate so the carvings can be easily stained
- Step-up style of carvings that makes a statement on any project

IronCraft Part Number Builder

The IronCraft part number is made of three components, the Bracket or Corbel part number, the inlay style, and finally the wood species. Below you can see the break down of a part number.

New Economy Steel Brackets

Strong, simple, clean & affordable. Our heavy duty EnduraBrace steel brackets provides an economical solution to protect your home investments by providing excellent support & functionality that's demanded with the ever increasing trend of stone countertops. These are also more than suitable for any shelving and cabinetry applications, and installation is made easy with pre-drilled holes. Industrious and modern, choose from three different finishes in varying sizes that's perfect for your project needs.

ZINC PLATED VS. STAINLESS STEEL?

There are two primary differences between our stainless steel brackets and our zinc plated steel brackets: corrosion resistance and finish. Stainless steel brackets are naturally resistant to rusting, whereas zinc plated steel needs to be fully finished. The other main difference is that the stainless steel brackets come with a high quality brushed finish, providing the popular upscale look. If you are looking for the raw steel look or to paint these brackets, then the zinc plated steel is for you.

- 1/4 inch of steel provides ultimate support
- Pre-drilled holes make installation as easy as it gets!
- Great for supporting counter- tops and shelves
- Both brushed stainless and zinc plated steel options
- All welds are on the back for a clean and finished look
- In stock and ships within 24 hours

ENDURA COLUMNS

CALL FOR SHIPPING

ENDURA-STONE (FRP) COLUMNS

Endura-Stone columns are the first choice among builders and homeowners alike. These commercial-grade columns are perfect for both exterior and interior applications and feature historically accurate architectural designs and proportions. Manufactured from a non-porous material, Endura-Stone columns are impervious to natural elements like water, heat, cold, and even insects!
