The minutes of the 2nd Meeting were read and duly passed. Proposed by Anitha and seconded by Kamala Sanath.

Secretary spoke about the Proposals to be sent to amend the Constitution at the IIW Convention to held in Malaysia in May 2009.

Proposal 1 : REFERENCE:

Page: 5 Box Title: Membership

Number with heading: 1 Naming a Club

Upper Case Letter of relevant section: 1

Lower case/Small letter of paragraph: 2nd line

PROPOSAL: Delete "coma" and Insert "or more than one Inner Wheel Club is formed out of one Rotary Club"

Then the sentence would read as "When an Inner Wheel Club has been formed out of more than one Rotary Club or more than one Inner Wheel Club is formed out of one Rotary Club, the members of the new Club may decide on a geographically suitable name.

MOTIVATION: When the Inner Wheel Club grows in strength above its capacity, the possibility of another Inner Wheel Club being sponsored by the Parent Rotary should be encouraged. Hence a very large Rotary Club can sponsor more than one Inner Wheel Club. It will also help geographically locating Clubs and the convenience of commuting for the members in the light of traffic bottlenecks in urban areas.

Proposal 2: REFERENCE:

Page: 13

Box Title: CONVENTION Number with heading: 4.

Upper Case Letter of relevant section: Each Club, ... Lower case/Small letter of paragraph: Line 8

PROPOSAL: Line 8 after "A National Representative"

Insert 'A Past National Representative, A Past Board Member, A Past Board Director'

MOTIVATION: If a National Representative cannot attend an International Inner Wheel Convention there would still be someone that clubs know well and would like to have as their proxy holder. Even if the National Representative does attend, the clubs would have a choice of Members whom they know well and would entrust their proxy vote with. This ensures a larger representation of voting delegates from a Country. A Board Director cannot represent her country but a Past Board Director can.

Proposed by Geetha Padmanaban Seconded by : Sridevi Padmanaban
