SECRETARY NOTE

“
As a secretary of this prestigious club, I express my gratitude to all our members for their continuous encouragement. With a lot of passion and unwavering dedication I have crossed the 6 months journey.
I am thoroughly enjoying the experience as a secretary of this centennial year. I am witnessing the unbelievable achievements and recording the evidences of happenings and happiness of the past months in my secretary book.
I proudly present this secretary book to all of you, a book to be treasured in coming years, just to look at it in awe. ”

M.G.Srividhya

A few words on this journey.

First of all I would like to thank Sujatha for making me a member of this club, I do not know anything of any club, I am basically from Chennai and from a conservative family, married in Coimbatore, I had no friends, my first friends in Coimbatore are sujatha, vasanthi. Just when our children were completing their school life, we cannot meet, so just to meet them with a reason, is the reason for me to join the club.
I will thank vasanthi, that she encouraged me to take up treasurer post during Ankithas period. I would also thank Ankitha for having me in her team, and also for guiding me to be a good treasurer. With that experience, now Bhuvana, when she asked me to be a secretary, I asked a weeks time, I consulted my family and then, I said ok to her.

President Bhuvana Satish
– *Captain of the ship*

April

An assuring leader, a leader who visualised and set the vision way before the year started. She gave the members a different way to look at the projects in maximum dimensions possible, making it a wholesome year for the club.

Despite facing obstacles, she conveyed determination in bringing her dreams to reality in every single project. Members are her cheer leaders, their over whelming love and support makes her do better and better each and every day.

My experience and the way I look at her.

Ohhh my god , what a journey, what an experience, absolutely a new challenging experience. Never in my dreams I would have thought, about this year, in such a way. In fashion show, when they questioned me, I answered that I like to be a HR , managing people. I am amazed by Bhuvana, for the way she managed people each and everytime, her achievements, I am just next to her, but I do not know whats there in her mind. From where to where she can think. From projects, sponsorship, execution of project, speaker, speaker meetings, hosts for every meeting, making members mingle with others, menu, entertainment during the meetings, gifts, back drops, lighting, sound, presentation, checking my work, co-ordinating with entire club, identifying hiding members, pulling the talent out, the grandness of each event, one day trips, fun evenings, lunches, posting in facebook, insta pages, following every detail, Opening of Trust, bills, auditor, rules to be followed in trust, meetings for that.

I have to take a break to breathe girls, a lot more to tell, I cannot finish the list, it goes on and on, the videos, the time and effort and ideas to make it. The dance and singing. Events of this year, Navarathri Dandiya night, sports day, treasure hunt, fashion show. Now her latest new Avatar is Assembly Chairman.

She is a Pudhumai penn. A Bharathiyar song to say, ohhh, oru thendral puyal aagi varudhe.... She is a happy puyal for all of us.

I am over whelmed to be the secretary of this year for the club, with Bhuvanans guidance, any body could have done my job. I thank almighty for giving this opportunity and I think I am doing a good job, with my fullest efforts.

I like to thank each and everyone for their encouraging words, that which motivates me to do better every day. A lovely year and a memorable experience that I would cherish in the coming years.

Vice President Falguna Badani

She plays a prominent role of observing the happenings of the club all through the year, making silent plans for our upcoming year, who is a capable to be leader of the next year.

Immediate past President Shashkala Anand

As Immediate past President, she made a mark in the past year with her mega projects. Its like a Shankar movie – BRAHMANDAM. She was an exceptional and successful leader of our club.

Joint Secretary – Mrinalini Sabarinath

A beautiful Home Maker, Challenging herself to take time out from her routine, re-defining herself by using updated technology, receiving accolades for showcasing her capabilities in different dimensions. Definetely a Joint Secretary who is appreciable for her own style.

I like to thank her, for her support in making these birthday videos, for us. Her support is immeasurable, morning 9 o clock, for both of us to post, was like amidst commotion, I have to write and post, some times I am ready, but many times, she would call me 10 minutes before and remind me to write. Whenever I went for 2 days classes, she really co-operated with me to post it at early time. A heart felt thanks to u dear for ur support.

Treasurer – Sudha Karthikeyan

As an entrepreneur, she is showcasing her talent in this appropriate platform with explicit knowledge on keeping of accounts. The newly started Trust account – a bench mark of our club this year, is just kept intact by her. Besides soo many personal disturbances, she managed to complete her work, in a detailed way

ISO – Vidya Prabha

As an educationist, she co-ordinates with our members and with the other club members, with this she extends our clubs friendship circle beyond the boundaries. Our ISO is always in the progressive process of achieving many friends around the globe. Her commendable work on both the building projects, will tell her capacity, what she is.

Editor – Vijayalakshmi Muralidharan

By being an editor of the club, one can experience and visualise the length, breadth and depth of the organisation. In the process of becoming a hard core fan of the club, one must be an editor first. This year our editor in full enthusiasm has made the club bulletin chakram in a commendable way, we are waiting for ur next release. Her efforts to speak in English, is just amazing, learning need not stop because of age. Any time we can think to do new things, and we can do it. Then comes our ISO.
