National Sports Day

Anju Wadhwa

Hi Friends

Happy National Sports day

Sports !!

Why do we need to pursue a sport? It was not my cup of Tea. Thanks to my mother in law who advised me to become a member in the R.S.Puram Ladies club soon after her marriage.

It suddenly took a "U TURN"

The whole concept of playing a sport changed when we friends decided to play Badminton. Soon after we started playing badminton, there came the Badminton Tournament in the Club.

Guess What! I played the Badminton Doubles and my partner was some other Free Natter. As soon as I got to know that I was on a fit to participate in ... Neha is a go getter and very talented and me on amateur. She guided me how we would play as a team and we won. We came first in the tournament and that was my first Trophy. This is to Neha. This is a great journey together.

Umarani

On this special day of National Sports Day, I liked to share my experience of a special lady of 60 years age, whose involvement and dedication for sports was exemplary and a good example for all of us.

This happened 40 years back. She donated her entire share that she received from her father's family for the development of R.S.Puram Ladies Club's Shuttle court.

Her contribution and her enthusiasm made our dream come true. She laid the foundation for ladies to play shuttle badminton. I had the opportunity to play with her in women's doubles match and though I fell down, she encouraged me to play and with her positive approach we won the match. She played with her traditional dress, "mialar" draping. I was a first player and she was the back player. I will drop she will smash. These were the good old days. It was great experience. I miss my shuttle badminton game.

Aarti Shah

Being thin always, I never cared much for any exercise or sport as I always believed it was only for weight reduction.

But as years went by, with my sedentary lifestyle I realised I was completely wrong. "BETTER LATE THAN NEVER" at the age of 35 I chose to start badminton. I found it a good exercise plus fun, and now have been playing for the last 11 years. Was of few tournaments too.

The sport has taught me discipline, dedication, teamwork and has helped in my physical and mental well being. Today on national sports day let's all decide to be a sport and play a sport, after all a fit and healthy body and mind is the new fashion statement.

Murugambal Sundaravadivelu

Our past President of India Dr.Abeel Kalam said "Dream Big". True to his words, though not a sports person myself, always dreamt of being like P.T.Usha, the Golden Girl of our times.

Not being a sports person was not my fault, for the Creator may be had other plans for me but the fire in me kept burning like the Olympic torch, until I met K.P.Shanthi, the Golden Girl of our club, who won several gold medals in INTERNATIONAL ATHLETIC CHAMPIONSHIPS. Reading my mind, she motivated me to participate in the 86th Annual District Athletic Meet 2018 on 23rd September. In two Events 100 Meter Sprint and Long Jump.

The kind of encouragement given by her was tremendous that I decided to plunge into it. Though I was hesitant initially, the confidence Shanthi instilled in me, made me overconfident. She gave me ample training and wished me good luck. The D-Day arrived and I invoked the blessings of The Almighty. Then Lal! the Magic happened and I won two Gold Medals in both the Events.

God did answer my prayers through Shanthi!

THANK YOU SHANTHI FOR THE TWO GOLD MEDALS WHICH I DEDICATE TO YOU!

Thank you from Murugambal

Prachi Kikani

Hi Friends,

From my childhood, a part of sports was always there in me. As a child I learnt swimming and I enjoyed skipping, running & playing LACQOLS. In my teen I did regular yoga and participated in many tribal dance competition which was not less than any sport. I also enjoyed trekking and adventurous rides. When I was 35 years old I started playing badminton and enjoyed the game very much. Today I'm a die hard fan of badminton and also won silver medal in women's doubles (partner Aarti) at Cujarati Sarni.

Everyone should have one sport in life. It changes your life.

Asha Rajkumar

I studied in CBC school which was an upcoming school those days.

We had a physical director called M.Uthairani who was very particular that we all took part in sports & Games. I was not very much inclined towards athletics but he insisted that I take part in some event. So I used to play tennis with a group of friends!

In athletics I took part in shotput, where I had to throw a round iron ball which was quite heavy. As I was a big made person I could throw it comfortably & won a prize during our sports day. Apart from that we used to enjoy listening to Cricket commentary on the radio as we had no TV at that time.

During my college days I got caught listening to cricket commentary, my radio was taken away by the professor! I had to profusely apologise before getting back my radio.

Basically I am not athlete or a sports person. That is about it.

Pratibha Lulla

Pre pandemic times, while Harshida Wadia was the president of our prestigious Inner wheel club, we had a friendly Cricket match in Decathlon where members got together for a beautiful day.

The fondest memories being the warm ups, training, build up to the game and the match day. What an excitement match it was.

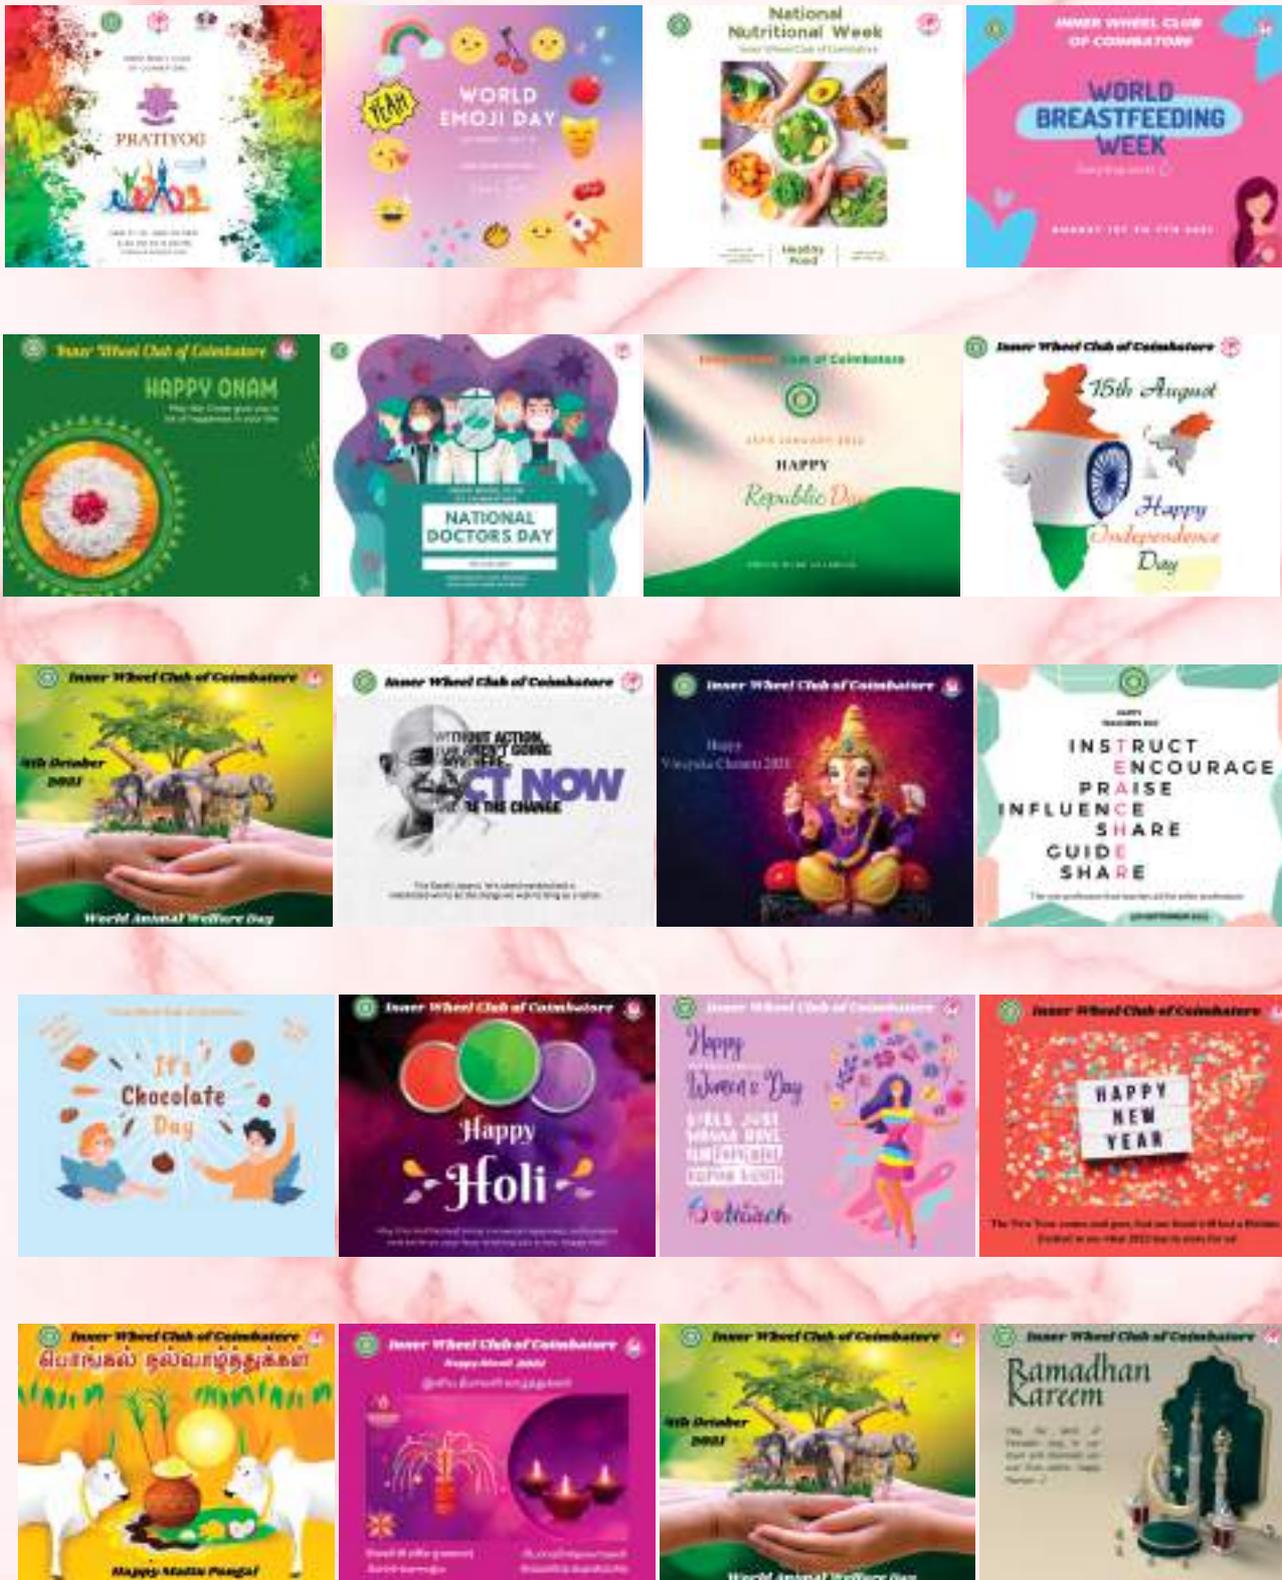

That definitely has been one of recent fitn. sport days.

Looking forward to more sporting events.
