### Starting Off The New School Year!

With our first couple of weeks behind us, we have already learned so much. Our students have been busy making new friends and catching up with those they missed over summer. Many of our children are still adjusting to our school setting and being away from mom and dad. You may notice your child is extra tired or sensitive

for the next little while, this is totally normal and the school routine is a big adjustment for little bodies. We are also noticing some sniffles and back to school germs popping up, please keep your child home if they are feeling under the weather, together we can help keep everyone healthy.

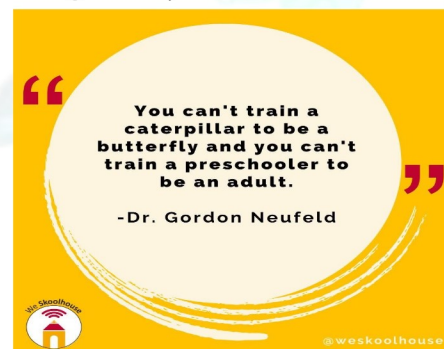

**Please remember that school starts at 9am, if you are not the working family for the day, please do not drop your child off before 9. Early arrivals will be billed accordingly.**

### PICTURE DAY

At the start of the school day, the teachers will arrange for the children to be escorted one at a time by a teacher to the back yard area that we will be taking pictures in for a natural backdrop. Accessories are welcome and encouraged for individual pictures, think sunglasses, hats, or a special lovey. After all of the children have taken their individual pictures, we will gather everyone together for a class picture. You can pack a change of play clothes if needed for afterwards. Families will receive 2-3 digital images and the class photo.

Thank you Gina Davis & Gina G Photography for your time and talents!
