### Executive Assistant | Business Support

I have worked with Michelle for three years with administrative and EA recruitment and she always takes the time to talk through the role with me so she fully understands the job spec, skill requirements and personality of the team. I can be very candid with her about who will and won't work and she never pushes an unsuitable candidate. We have become firm friends and I have total trust that she understands the culture of my team and what I look for in a candidate.

Michelle is a breath of fresh air in the recruiting world. I've had a great experience with Michelle on both sides – she found me a job at a great company where I'm very well matched, and since working here she's found my team two temporary and one permanent assistant – again, such a great match for this company. Michelle has great EQ – communicating openly and inquisitively comes very naturally to her. Because of this she's swiftly come to understand exactly what we need and what we don't need. She's a great judge of character.

Michelle is an incredible professional with great knowledge of the industry. She has provided me with an unwavering amount of loyalty, help and encouragement throughout the process and beyond. It is rare to find an agency that truly listens to your needs and your aspirations and I feel like Michelle is such a rare gem. Truly a lovely person to work with and extremely grateful for all her support.

Michelle has provided us with a very good service in the years we have been working with them; this has come from great communication skills and a fast response. It is important to us that we work with an agency that knows how we work as a company. Michelle is aware of our needs and can fulfil them with good quality candidates.

Michelle have always offered us a very warm and personable service, listening to our requirements carefully and providing consistently high quality candidates who are above all always very reliable. Michelle has offered a quietly supportive role, never being in the least pushy, which we of course appreciate and that is why we continue to use the service to date.

Thank you so much for your assistance during the recruitment process. It was great to have everyone working together and making this happen so efficiently!
