REGISTERED MARRIAGE CELEBRANT

As a registered celebrant I am authorised to solemnize marriages according to the Marriage Act, 1961 in Australia. I believe that every relationship takes it's own form and choosing to get married is exciting for every couple.

The legal bits

I complete all the legal paperwork within the required timeframes before during and after the ceremony. Upon request, I can order an additional Marriage Certificate at the time I register your marriage with Births, Deaths and Marriages.

PERSONALISED CEREMONIES

As your celebrant, I want you to celebrate this occasion the way you want. I take a lot of pride in planning every ceremony to reflect the style, tone and mood you desire. AURA CEREMONIES captures what's important to you and delivers a ceremony that is sincere, unique, enjoyable and engaging for you as well as your guests. Your ceremony should be memorable but, for all the right reasons!

Let's get started!

THE PROCESS

We meet, chat and discuss your ideas and plans for your day. We can complete your booking information and I can happily answer any questions you have. Afterwards, you will feel confident about who I am and about the quality of services I provide.

At the time of booking we can also complete the legally required, Notice of Intention to Marry. This is valid for 18 months from the date it is signed to account for any need to modify the ceremony date.

You will also receive your AURA CEREMONY KIT that you can keep which includes relevant information.

As the ceremony date approaches, you will be asked to sign the legally required Declaration of no legal impediment to Marry and on the day, you and your witnesses and I will sign the marriage certificate.

ON THE DAY

I arrive 45 minutes before the ceremony is scheduled to start. I normally meet with key contacts and say hello to your guests as they arrive.

Prior to the ceremony starting, I run through any details that you would like me to announce which helps with the flow before during and immediately after the ceremony.

I perform your ceremony including the legal monitum that makes it official. *You'll be married, woohoo!*

CEREMONY PLANNING

“I create with you a personalised ceremony that encapsulates your visions and individual requests to create a unique ceremony that is fun, engaging and sets the tone and mood, perfect for your occasion!”

First we start with your ideas for what your ceremony style, theme and format looks like. I encourage you to select what you do and don't like as we start to narrow in, your ceremony will start to take shape.

I've created a fun and interactive process that is stress free and easy. I get to work and we stay in touch throughout the process and you can review the draft or have it be a surprise on the day.
