

Teens fulfill
community service
growing & delivering
fresh, healthy
vegetables to 3 local
food pantries.

**We are the last working farm in Cohasset.
Become our *partner* and help preserve a community treasure.**

Dear Friend,

Each year, we reach over 8,000 Massachusetts schoolchildren, welcoming them to the farm or reaching them in more than 40+ public schools, giving them a real and lasting connection to nature. Our teen volunteers grew, harvested and delivered 1,200 lbs of organic produce to local food pantries. Our farm grew certified organic vegetables, herbs and flowers on land that has been farmed since the 17th century. Finally, our compost programs saved over 15,000 lbs of food waste every week, collecting scraps from local businesses and turning them into 'fuel' for our crops.

Our programs have made a world of difference to our community. We touch the lives of thousands each year, and our **Corporate Partner** program is your chance to make a positive impact right alongside with us.

This program offers opportunities for your organization to get involved in this rewarding work. It welcomes you into our family, where you will benefit from the demonstrated good will of our large network of donors, volunteers and supporters.

We encourage you to review the attached partner benefits and contact us to learn more. As a **Corporate Partner**, you will enjoy increased visibility, an enhanced charitable image, excellent tax benefits and affiliation with a high-profile and very popular community fixture.

We will be contacting you to follow up on this opportunity, and we encourage you to reach out if you have questions.

Sincerely,

Cindy Prentice
Executive Director
