

Unique volunteer opportunity for groups:
Want to get your hands dirty?

Are you a...

Business
Social club
Fraternity
School group
Religious congregation
...or an organization looking for
community service options?

Does your group number from
5 to 75 people?

Come to the farm!
Our farmers & educators love
working with adult volunteers who help us
to achieve our mission to grow healthy food
in a sustainable fashion that protects the earth.

Customized volunteer opportunities are
offered monthly during the growing season,
scheduled in 1/2 day blocks (9-12 or 2-5) due to
the strenuous nature of the work.

Typical tasks include:

Planting
Harvesting
Weeding
Clearing nature trails

A tax-deductible contribution based on number
of participants is requested to defray associated
costs with organizing & overseeing volunteers.

**Groups are amazed at what they can
accomplish as a team -- and how
gratifying the experience is.**

*We are a non-profit, certified organic farm set on 140
pristine acres. We offer year-round educational
programs for kids, including curriculum-connected field
trips & summer camp. Our Farm-To-Food Pantry grows
& delivers fresh produce to local food pantries. More info:
