A PERFECT DAY FOR FISHING

The Kids' Fishing Derby brought 342 eager kids, ages 3-15, to Windy Point for a morning of fishing and fun! A record number 664 fish were caught. This event would not be possible without the support of the 53 club member volunteers and the numerous donations received from members, local businesses and individuals. This year each child received a commemorative t-shirt plus a cane pole just for coming out! The smiles on these winners' faces say it all. Thank you Jeanine Forwerck and all the volunteers for giving these kids a memory they won't soon forget!
