Grand Lake Ducks Receive New Homes

On a chilly but dry Saturday in the wetlands, conditions were ideal for establishing 20 new duck nests. A couple of weeks earlier, Bruce Komarek had rallied a great group of club members to assist in constructing the nests. Later, another team came together to set them up. As you travel along SR 219, keep an eye out—you'll likely spot a few along the Prairie Creek Treatment Train as well as across the road from the club and at the Little Chickasaw boat ramp! A big thank you to Bruce for leading this project and to everyone who participated. Come spring, there will be some very happy momma ducks!

Come Out to the Club
