Additional information regarding your Structural Pest Inspector (SPI) license: To conduct specific wood destroying organism inspections (WDO), you may hold either the PCO Structural or Structural Pest Inspector endorsements. You must work for either a Commercial Applicator or Structural Pest Inspection Company with current insurance. To conduct complete WDO inspections, you must hold the Structural Pest Inspector endorsement and work for a Structural Pest Inspection Company with current insurance. Specific inspections are those done for the purpose of identifying or verifying evidence of an infestation of WDOs prior to pest management activities. Complete inspections are done for the purpose of determining evidence of infestation, damage, or conducive conditions as part of the transfer, exchange or refinancing of any structure.
