

Volunteer Opportunities

Here is a short list of volunteer opportunities with links to their website. Volunteering is a way to show your willingness to give back to the community while gaining valuable skill sets as well as job experience. Whether applying for college, scholarships or employment volunteer experience is also used to showcase your leadership skills as well. Validate your volunteer hours by tracking it with the Victory Leadership Volunteer Log. Ensure that you get a representative from the organization to sign your log with the corresponding hours volunteered. Be mindful of volunteer requirements for scholarships and colleges of interest. Start early on this effort to ensure you can maximize your volunteer hour opportunities. Do not wait until the last minute.

Best Wishes Your Journey
