The story continues in *Savouring Stories* Vol. 2! This edition of *The Brunch Trolley* brings you a menu inspired by food writing, memoirs and films that celebrate the joy of the table.

“In time, I came to understand that for people who really love it, food is a lens through which to view the world. For us, the way that people cook and eat, how they set their tables, and the utensils that they use all tell a story. If you choose to pay attention, cooking is an important cultural artifact, an expression of time, place, and personality.”

- *Ruth Reichl, excerpt from the introduction to The Modern Library Food Series*
